Colleagues and Friends:

As a licensed physician and native Arizonan, it has been my pleasure serving the citizens of this state for nearly two decades. Like many of you, I have been part of the incredible metamorphosis of health care. At times, the changes in health care delivery can't come fast enough, and then, when we least expect it, change passes us by before we can catch our breaths. Regardless of the changes, when I look back on the practice of medicine as it was 20 years ago, I am encouraged by our overall progress and improving ability to diagnose and treat.

The Arizona Medical Board is also not immune to change. Although recently elected as the Board Chairman, I have served as a Board member since 1998. During my tenure, the Board went through some of its most tumultuous moments in history. It withstood criticism from the media and the public, underwent extensive evaluation from the State Auditor General Office, and testified to its actions in front of the State Legislature. Today, the Arizona Medical Board stands as one of the leading medical boards in the country, not just in discipline, but also in health care policy initiatives, public information dissemination, and rapid licensing timeframes.

Last year, the Board adopted a new set of Disciplinary Rules and supported legislation to remove dismissed cases from a physician's Internet profile. Within the next two years, the Board intends to address the issues of office-based surgery, a physician health program, and a clause that would limit the Board to only licensing those physicians with good moral character. Each policy initiative will build on Arizona's tradition of safe medical doctors operating in a clear and easily understood regulatory framework.

In the next 20 years, I cannot predict what the nature of health care will be. However, I do intend to be more than an observer of change. Join me as we build the foundation for the future of medicine and lay the path for those physicians who will follow in our footsteps.

Sincerely,

Edward J. Schwager, M.D.

Dear Colleagues:

As we progress into the new millennium, some magnificent issues face you, the physician assistant practitioner, as well as those of us in the regulation community.

Workforce issues will be significant to physician assistants over the next decade. The numbers of physician assistants in Arizona has increased greatly in the last ten years, due in part to the increased number of public and proprietary schools offering physician assistant degrees. When compared to the decreasing numbers of allopathic physicians and nurses in the State, the physician assistant population is certainly thriving.

The nature of physician assistant practice has been influenced by managed health care, by increased acceptance of physician assistants by physician practitioners, and most importantly, from the patients we serve. As a testament to this increased acceptance, last year, the Arizona State Legislature approved new laws giving physician assistants greater medication prescribing and dispensing authorities. These new laws provide physician assistants who meet requirements for expanded prescribing and dispensing and who receive delegation from supervising physicians to prescribe schedule II and III controlled substances for up to 14 days – a significant increase from the previous 72-hour prescription law.

As we face the prospect of the future roles physician assistants will play in Arizona, there are questions that will require contemplation. Have we come near to saturation of the marketplace? What new areas of practice will evolve for physician assistants? How do we need to revise our statutory framework to reflect areas of practice not anticipated when these statutes were written? Answering these questions may seem like a daunting task, but I believe that if we work together, as a community, we can find resolution.

Now is the time to have an active voice in the regulation of your profession. Your Arizona Regulatory Board of Physician Assistants intends to anticipate the structure and scope of our physician assistant workforce in the next decade and respond with appropriate legislation and rule making. Join me as we embark on an exciting and rewarding venture.

Sincerely,

Randy D. Danielsen, Ph.D., P.A.-C

The Arizona Medical Board's defining statutes from Title 32, Chapter 13 are reprinted below in their entirety. When provisions from statutes outside of this chapter interact with those in Chapter 13, they are excerpted below and marked with a text box.

TITLE 32
PROFESSIONS AND OCCUPATIONS

CHAPTER 13
MEDICINE & SURGERY

ARTICLE 1
ARIZONA MEDICAL BOARD

32-1401. Definitions

In this chapter, unless the context otherwise requires:

1. "Active license" means a valid and existing license to practice medicine.

2. "Adequate records" means legible medical records containing, at a minimum, sufficient information to identify the patient, support the diagnosis, justify the treatment, accurately document the results, indicate advice and cautionary warnings provided to the patient and provide sufficient information for another practitioner to assume continuity of the patient's care at any point in the course of treatment.

3. "Advisory Letter" means a nondisciplinary letter to notify a licensee that either:

(a) While there is insufficient evidence to support disciplinary action, the Board believes that continuation of the activities that led to the investigation may result in further Board action against the licensee.

(b) The violation is a minor or technical violation that is not of sufficient merit to warrant disciplinary action.

(c) While the licensee has demonstrated substantial compliance through rehabilitation or remediation that has mitigated the need for disciplinary action, the board believes that repetition of the activities that led to the investigation may result in further board action against the licensee.

4. "Approved hospital internship, residency or clinical fellowship program" means a program at a hospital that at the time the training occurred was legally incorporated and that had a program that was approved for internship, fellowship or residency training by the accreditation council for graduate medical education, the association of American medical colleges, the royal college of physicians and surgeons of Canada or any similar body in the United States or Canada approved by the board whose function is that of approving hospitals for internship, fellowship or residency training.

5. "Approved school of medicine" means any school or college offering a course of study that on successful completion, results in the degree of doctor of medicine and whose course of study has been approved or accredited by an educational or professional association, recognized by the board, including the association of American medical colleges, the association of Canadian medical colleges or the American medical association.

6. "Board" means the Arizona medical board.

7. "Completed application" means that the applicant has supplied all required fees, information and correspondence requested by the board on forms and in a manner acceptable to the board.

8. "Direct supervision" means that a physician, physician assistant licensed pursuant to chapter 25 of this title or nurse practitioner licensed pursuant to chapter 15 of this title is within the same room or office suite as the medical assistant in order to be available for consultation regarding those tasks the medical assistant performs pursuant to section 32-1456.

9. "Dispense" means the delivery by a doctor of medicine of a prescription drug or device to a patient, except for samples packaged for individual use by licensed manufacturers or repackagers of drugs, and includes the prescribing, administering, packaging, labeling and security necessary to prepare and safeguard the drug or device for delivery.

10. "Doctor of medicine" means a natural person holding a license, registration or permit to practice medicine pursuant to this chapter.

11. "Full-time faculty member" means a physician employed full time as a faculty member while holding the academic position of assistant professor or a higher position at an approved school of medicine.

12. "Health care institution" means any facility as defined in section 36-401, any person authorized to transact disability insurance, as defined in title 20, chapter 6, article 4 or 5, any person who is issued a certificate of authority pursuant to title 20, chapter 4, article 9 or any other partnership, association or corporation that provides health care to consumers.

13. "Immediate family" means the spouse, natural or adopted children, father, mother, brothers and sisters of the doctor and the natural or adopted children, father, mother, brothers and sisters of the doctor's spouse.

14. "Letter of reprimand" means a disciplinary letter that is issued by the board and that informs the physician that the physician's conduct violates state or federal law and may require the Board to monitor the physician.

15. "Limit" means a nondisciplinary action that alters the physician’s practice or professional activities if the board determines that there is evidence that the physician is or may be mentally or physically unable to safely engage in the practice of medicine.

16. "Medical assistant" means an unlicensed person who meets the requirements of section 32-1456, has completed an education program approved by the board, assists in a medical practice under the supervision of a doctor of medicine, physician assistant or nurse practitioner and performs delegated procedures commensurate with the assistant's education and training but does not diagnose, interpret, design or modify established treatment programs or perform any functions that would violate any statute applicable to the practice of medicine.

17. "Medical peer review" means:

(a) The participation by a doctor of medicine in the review and evaluation of the medical management of a patient and the use of resources for patient care.

(b) Activities relating to a health care institution's decision to grant or continue privileges to practice at that institution.

18. "Medically incompetent" means a person who the board determines is incompetent based on a variety of factors including:

(a) A lack of sufficient medical knowledge or skills, or both, to a degree likely to endanger the health of patients.

(b) When considered with other indications of medical incompetence, failing to obtain a scaled score of at least seventy-five per cent on the written special purpose licensing examination administered by the board.

19. "Medicine" means allopathic medicine as practiced by the recipient of a degree of doctor of medicine.

20. "Physician" means a doctor of medicine licensed pursuant to this chapter.

21. "Practice of medicine" means the diagnosis, the treatment or the correction of or the attempt or the holding of oneself out as being able to diagnose, treat or correct any and all human diseases, injuries, ailments, infirmities, deformities, physical or mental, real or imaginary, by any means, methods, devices or instrumentalities, except as the same may be among the acts or persons not affected by this chapter. The practice of medicine includes the practice of medicine alone or the practice of surgery alone, or both.

22. "Restrict" means a disciplinary action that alters the physician’s practice or professional activities if the board determines that there is evidence that the physician is or may be medically incompetent or guilty of unprofessional conduct.

23. "Special purpose licensing examination" means an examination developed by the national board of medical examiners on behalf of the federation of state medical boards for use by state licensing boards to test the basic medical competence of physicians who are applying for licensure and who have been in practice for a considerable period of time in another jurisdiction and to determine the competence of a physician under investigation by a state licensing board.

24. "Teaching hospital's accredited graduate medical education program" means that the hospital is incorporated and has an internship, fellowship or residency training program that is accredited by the accreditation council for graduate medical education, the American medical association, the association of American medical colleges, the royal college of physicians and surgeons of Canada or a similar body in the United States or Canada approved by the board whose function is that of approving hospitals for internship, fellowship or residency training.

25. "Teaching license" means a valid license to practice medicine as a full-time faculty member of an approved school of medicine or a teaching hospital's accredited graduate medical education program.

26. "Unprofessional conduct" includes the following, whether occurring in this state or elsewhere:

(a) Violating any federal or state laws or rules and regulations applicable to the practice of medicine.

(b) Intentionally disclosing a professional secret or intentionally disclosing a privileged communication except as either act may otherwise be required by law.

(c) False, fraudulent, deceptive or misleading advertising by a doctor of medicine or the doctor's staff, employer or representative.

(d) Committing a felony, whether or not involving moral turpitude, or a misdemeanor involving moral turpitude. In either case, conviction by any court of competent jurisdiction or a plea of no contest is conclusive evidence of the commission.

(e) Failing or refusing to maintain adequate records on a patient.

(f) Habitual intemperance in the use of alcohol or habitual substance abuse.

(g) Using controlled substances except if prescribed by another physician for use during a prescribed course of treatment.

(h) Prescribing or dispensing controlled substances to members of the physician's immediate family.

(i) Prescribing, dispensing or administering schedule II controlled substances as defined in section 36-2513 including amphetamines and similar schedule II sympathomimetic drugs in the treatment of exogenous obesity for a period in excess of thirty days in any one year, or the non-therapeutic use of injectable amphetamines.

(j) Prescribing, dispensing or administering any controlled substance or prescription-only drug for other than accepted therapeutic purposes.

(k) Signing a blank, undated or predated prescription form.

(l) Conduct that the board determines is gross malpractice, repeated malpractice or any malpractice resulting in the death of a patient.

(m) Representing that a manifestly incurable disease or infirmity can be permanently cured, or that any disease, ailment or infirmity can be cured by a secret method, procedure, treatment, medicine or device, if such is not the fact.

(n) Refusing to divulge to the board on demand the means, method, procedure, modality of treatment or medicine used in the treatment of a disease, injury, ailment or infirmity.

(o) Action that is taken against a doctor of medicine by another licensing or regulatory jurisdiction due to that doctor's mental or physical inability to engage safely in the practice of medicine, the doctor’s medical incompetence or for unprofessional conduct as defined by that jurisdiction and that corresponds directly or indirectly to an act of unprofessional conduct prescribed by this paragraph. The action taken may include refusing, denying, revoking or suspending a license by that jurisdiction or a surrendering of a license to that jurisdiction, otherwise limiting, restricting or monitoring a licensee by that jurisdiction or placing a licensee on probation by that jurisdiction.

(p) Sanctions imposed by an agency of the federal government, including restricting, suspending, limiting or removing a person from the practice of medicine or restricting that person's ability to obtain financial remuneration.

(q) Any conduct or practice that is or might be harmful or dangerous to the health of the patient or the public.

(r) Violating a formal order, probation, consent agreement or stipulation issued or entered into by the board or its executive director under the provisions of this chapter.

(s) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of or conspiring to violate any provision of this chapter.

(t) Knowingly making any false or fraudulent statement, written or oral, in connection with the practice of medicine or if applying for privileges or renewing an application for privileges at a health care institution.

(u) Charging a fee for services not rendered or dividing a professional fee for patient referrals among health care providers or health care institutions or between these providers and institutions or a contractual arrangement that has the same effect.

(v) Obtaining a fee by fraud, deceit or misrepresentation.

(w) Charging or collecting a clearly excessive fee. In determining if a fee is clearly excessive, the Board shall consider the fee or range of fees customarily charged in the state for similar services, in light of modifying factors such as the time required, the complexity of the service and the skill requisite to perform the service properly. This subdivision does not apply if there is a clear written contract for a fixed fee between the physician and the patient that has been entered into before the provision of service.

(x) Fetal experiments conducted in violation of section 36-2302.

(y) The use of experimental forms of diagnosis and treatment without adequate informed patient consent, and without conforming to generally accepted experimental criteria, including protocols, detailed records, periodic analysis of results and periodic review by a medical peer review committee as approved by the federal food and drug administration or its successor agency.

(z) Engaging in sexual conduct with a current patient or with a former patient within six months after the last medical consultation unless the patient was the licensee’s spouse at the time of the contact or, immediately preceding the physician-patient relationship, was in a dating or engagement relationship with the licensee, for purposes of this subdivision, "Sexual Conduct" includes:

(i) Engaging in or soliciting sexual relationships, whether consensual or nonconsensual.

(ii) Making sexual advances, requesting sexual favors or engaging in other verbal conduct or physical contact of a sexual nature.

(iii) Intentionally viewing a completely or partially disrobed patient in the course of treatment if the viewing is not related to patient diagnosis or treatment under current practice standards.

(aa) Procuring or attempting to procure a license to practice medicine or a license renewal by fraud, by misrepresentation or by knowingly taking advantage of the mistake of another person or an agency.

(bb) Representing or holding oneself out as being a medical specialist when such is not the fact.

(cc) Maintaining a professional connection with or lending one's name to enhance or continue the activities of an illegal practitioner of medicine.

(dd) Failing to furnish information in a timely manner to the board or the board’s investigators or representatives if legally requested by the board.

(ee) Failing to allow properly authorized board personnel on demand to examine and have access to documents, reports and records maintained by the physician that relate to the physician’s medical practice or medically related activities.

(ff) Knowingly failing to disclose to a patient on a form that is prescribed by the board and that is dated and signed by the patient or guardian acknowledging that the patient or guardian has read and understands that the doctor has a direct financial interest in a separate diagnostic or treatment agency or in nonroutine goods or services that the patient is being prescribed and if the prescribed treatment, goods or services are available on a competitive basis. This subdivision does not apply to a referral by one doctor of medicine to another doctor of medicine within a group of doctors of medicine practicing together.

(gg) Using chelation therapy in the treatment of arteriosclerosis or as any other form of therapy, with the exception of treatment of heavy metal poisoning, without:

(i) Adequate informed patient consent.

(ii) Conforming to generally accepted experimental criteria, including protocols, detailed records, periodic analysis of results and periodic review by a medical peer review committee.

(iii) Approval by the federal food and drug administration or its successor agency.

(hh) Prescribing, dispensing or administering anabolic-androgenic steroids to a person for other than therapeutic purposes.

(ii) Lack of or inappropriate direction, collaboration or direct supervision of a medical assistant or a licensed, certified or registered health care provider employed by, supervised by or assigned to the physician.

(jj) Knowingly making a false or misleading statement to the board or on a form required by the board or in a written correspondence, including attachments, with the board.

(kk) Failing to dispense drugs and devices in compliance with article 6 of this chapter.

(ll) Conduct that the board determines is gross negligence, repeated negligence or negligence resulting in harm to or the death of a patient.

(mm) The representation by a doctor of medicine or the doctor’s staff, employer or representative that the doctor is boarded or board certified if this is not true or the standing is not current or without supplying the full name of the specific agency, organization or entity granting this standing.

(nn) Refusing to submit to a body fluid examination as required by the board pursuant to section 32-1452 or pursuant to a board investigation into a doctor of medicine's alleged substance abuse.

(oo) Failing to report in writing to the Arizona medical board or the Arizona regulatory board of physician assistants any evidence that a doctor of medicine or a physician assistant is or may be medically incompetent, guilty of unprofessional conduct or mentally or physically unable to safely practice medicine or to perform as a physician assistant.

(pp) The failure of a physician who is the chief executive officer, the medical director or the medical chief of staff of a health care institution to report in writing to the board that the hospital privileges of a doctor of medicine have been denied, revoked, suspended, supervised or limited because of actions by the doctor that appear to show that the doctor is or may be medically incompetent, is or may be guilty of unprofessional conduct or is or may be unable to engage safely in the practice of medicine.

(qq) Representing oneself to be a current member of the board, its staff or a board medical consultant if this is not true.

(rr) Failing to make patient medical records in the physician's possession promptly available to a physician assistant, a nurse practitioner, a person licensed pursuant to this chapter or a podiatrist, chiropractor, naturopathic physician, osteopathic physician or homeopathic physician licensed under chapter 7, 8, 14, 17 or 29 of this title on receipt of proper authorization to do so from the patient, a minor patient's parent, the patient's legal guardian or the patient's authorized representative or failing to comply with title 12, chapter 13, article 7.1.

(ss) Prescribing, dispensing or furnishing a prescription medication or a prescription-only device as defined in section 32-1901 to a person unless the licensee first conducts a physical examination of that person or has previously established a doctor-patient relationship. This subdivision does not apply to:

(i) A physician who provides temporary patient supervision on behalf of the patient’s regular treating licensed healthcare professional.

(ii) Emergency medical situations as defined in section 41-1831.

(iii) Prescriptions written to prepare a patient for a medical examination.

(iv) Prescriptions written or prescription medications issued for use by a county or tribal public health department for immunization programs, emergency treatment, in response to an infectious disease investigation, public health emergency, infectious disease outbreak or act of bioterrorism. For the purposes of this item, "bioterrorism" has the same meaning as prescribed in section 36-781.

32-1402. Board; appointment; qualifications; term; removal; compensation; immunity

A. The Arizona medical board is established. The board consists of twelve members, four of whom shall represent the public, and eight of whom shall be actively practicing medicine. One of the four public members shall be a licensed practical nurse or a professional nurse, as defined in chapter 15 of this title, with at least five years of experience. The eight physicians must be from at least three different counties of the state. Not more than five of the board members may be from any one county. Members of the board are appointed by the governor. All appointments shall be made promptly, and, in the case of the vacancy of a doctor of medicine, the governor shall not make this appointment later than ninety days after the governor receives a list of nominees as provided in this section. The governor shall make all appointments pursuant to section 38-211.

B. Each doctor of medicine who is appointed to the board shall have been a resident of this state and actively engaged in the practice of medicine as a licensed physician for at least the five years before appointment.

C. The term of office of a member of the board is five years, commencing on July 1 and terminating on July 1 of the fifth year. Each member is eligible for reappointment for not more than one additional term. However, the term of office for a member of the board appointed to fill a vacancy occasioned other than by expiration of a full term is for the unexpired portion of that term and the governor may reappoint that member to not more than two additional full terms. Each member of the board shall continue to hold office until the appointment and qualification of that member's successor, subject to the following exceptions:

1. A member of the board, after notice and a hearing before the governor, may be removed on a finding by the governor of continued neglect of duty, incompetence, or unprofessional or dishonorable conduct, in which event that member's term shall end when the governor makes this finding.

2. The term of any member automatically ends:

(a) On death.

(b) On written resignation submitted to the board chairman or to the governor.

(c) On absence from the state for a period of more than six months.

(d) For failure to attend three consecutive meetings of the board.

(e) Five years after retirement from the active practice of medicine.

D. The board shall annually elect, from among its membership, a chairman, a vice-chairman and a secretary, who shall hold their respective offices at the pleasure of the board.

E. Board members are eligible to receive compensation in the amount of two hundred fifty dollars per day for each day of actual service in the business of the board and all expenses necessarily and properly incurred in attending meetings of the board.

F. Members of the board are personally immune from suit with respect to all acts done and actions taken in good faith and in furtherance of the purposes of this chapter.

G. The board shall submit a written report to the governor no later than August 31 of each year on the board's licensing and disciplinary activities for the previous fiscal year. Public members appointed to the board may submit a separate written report to the governor by August 31 of each year setting forth their comments relative to the board's licensing and disciplinary activities for the previous fiscal year.

41-3012.09. ALLOPATHIC BOARD OF MEDICAL EXAMINERS; TERMINATION JULY 1, 2012.

A. The Allopathic Board of Medical Examiners terminates on July 1, 2012.

B. Tile 32, Chapter 13 is repealed on January 1, 2013.

32-1403. Powers and duties of the board; compensation; immunity

A. The primary duty of the board is to protect the public from unlawful, incompetent, unqualified, impaired or unprofessional practitioners of allopathic medicine through licensure, regulation and rehabilitation of the profession in this state. The powers and duties of the board include:

1. Ordering and evaluating physical, psychological, psychiatric and competency testing of licensed physicians and candidates for licensure as may be determined necessary by the board.

2. Initiating investigations and determining on its own motion if a doctor of medicine has engaged in unprofessional conduct or provided incompetent medical care or is mentally or physically unable to engage in the practice of medicine.

3. Developing and recommending standards governing the profession.

4. Reviewing the credentials and the abilities of applicants whose professional records or physical or mental capabilities may not meet the requirements for licensure or registration as required in article 2 of this chapter in order for the board to make a final determination as to whether the applicant meets the requirements for licensure pursuant to this chapter.

5. Disciplining and rehabilitating physicians.

6. Engaging in a full exchange of information with the licensing and disciplinary boards and medical associations of other states and jurisdictions of the United States and foreign countries and the Arizona medical association and its components.

7. Directing the preparation and circulation of educational material the board determines is helpful and proper for licensees.

8. Adopting rules regarding the regulation and the qualifications of doctors of medicine.

9. Establishing fees and penalties as provided pursuant to section 32-1436.

10. Delegating to the executive director the board’s authority pursuant to section 32-1405 or 32-1451. The board shall adopt substantive policy statements pursuant to section 41-1091 for each specific licensing and regulatory authority the board delegates to the executive director.

B. The board may appoint one of its members to the jurisdiction arbitration panel pursuant to section 32-2907, subsection B.

C. There shall be no monetary liability on the part of and no cause of action shall arise against the executive director or such other permanent or temporary personnel or professional medical investigators for any act done or proceeding undertaken or performed in good faith and in furtherance of the purposes of this chapter.

D. In conducting its investigations pursuant to subsection A, paragraph 2 of this section, the board may receive and review staff reports relating to complaints and malpractice claims.

E. The board shall establish a program that is reasonable and necessary to educate doctors of medicine regarding the uses and advantages of autologous blood transfusions.

F. The board may make statistical information on doctors of medicine and applicants for licensure under this article available to academic and research organizations.

32.1403.01. Licensees; profiles; required information; review; malpractice information; civil penalty.

A. The board shall make available to the public a profile of each licensee. The board shall make this information available through an Internet web site and, if requested, in writing. The profile shall contain the following information:

1. A description of any conviction of a felony or misdemeanor involving moral turpitude within the last five years. For the purposes of this paragraph, a licensee is deemed to be convicted if the licensee pled guilty or was found guilty by a court of competent jurisdiction.

2. A description of any felony charges or misdemeanor charges involving moral turpitude within the last five years to which the licensee pled no contest.

3. The number of pending complaints and final board disciplinary and nondisciplinary actions within the last five years. Information concerning pending complaints shall contain the following statement:

Pending complaints represent unproven allegations. On investigation, many complaints are found to be without merit and are dismissed.

4. All medical malpractice court judgments and all medical malpractice awards or settlements in which a payment is made to a complaining party within the last five years. Information concerning malpractice actions shall also contain the following statement:

The settlement of a medical malpractice action may occur for a variety of reasons that do not necessarily reflect negatively on the professional competence or conduct of the doctor. A payment in settlement of a medical malpractice action does not create a presumption that medical malpractice occurred.

5. The name and location of the licensee's medical school and the date of graduation.

6. The name and location of the institution from which the licensee received graduate medical education and the date that education was completed.

7. The licensee's primary practice location.

B. Each licensee shall submit the information required pursuant to subsection A each year as directed by the board. An applicant for licensure shall submit this information at the time of application. The applicant and

licensee shall submit the information on a form prescribed by the board. A licensee shall submit immediately any changes in information required pursuant to subsection A, paragraphs 1, 2 and 4. The board shall update immediately its Internet web site to reflect changes in information relating to subsection A, paragraphs 1 through 4. The board shall update the Internet web site information at least annually.

C. The Board shall provide each licensee with a copy of the licensee's profile and give the licensee reasonable time to correct the profile before it is available to the public.

D. It is an act of unprofessional conduct for a licensee to provide erroneous information pursuant to this section. In addition to other disciplinary action, the board may impose a civil penalty of not more than one thousand dollars for each erroneous statement.

32-1404. Meetings; quorum; committees; rules

A. The board shall hold regular quarterly meetings on a date and at the time and place designated by the chairman. The board shall hold special meetings, including meetings using communications equipment that allows all members participating in the meeting to hear each other, as the chairman determines are necessary to carry out the functions of the board. The board shall hold special meetings on any day that the chairman determines is necessary to carry out the functions of the board. The vice-chairman may call meetings and special meetings if the chairman is not available.

B. The presence of seven board members at a meeting constitutes a quorum. A majority vote of the quorum is necessary for the board to take any action.

C. The chairman may establish committees from the membership of the board and define committee duties necessary to carry out the functions of the board.

D. The board may adopt rules pursuant to title 41, chapter 6 that are necessary and proper to carry out the purposes of this chapter.

32-1405. Executive director; compensation; duties; appeal to the board

A. The board shall appoint an executive director who shall serve at the pleasure of the board. The executive director shall not be a board member, except that the board may authorize the executive director to represent the board and to vote on behalf of the board at meetings of the federation of state medical boards of the United States.

B. The executive director is eligible to receive compensation set by the board within the range determined under section 38-611.

C. The executive director or the executive director's designee shall:

1. Employ, evaluate, dismiss, discipline and direct professional, clerical, technical, investigative and administrative personnel necessary to carry on the work of the board.

2. Set compensation for board employees within the range determined under section 38-611.

3. As directed by the board, prepare and submit recommendations for amendments to the medical practice act for consideration by the legislature.

4. Appoint and employ medical consultants and agents necessary to conduct investigations, gather information and perform those duties the executive director determines are necessary and appropriate to enforce this chapter.

5. Issue licenses, registrations and permits to applicants who meet the requirements of this chapter.

6. Manage the board's offices.

7. Prepare minutes, records, reports, registries, directories, books and newsletters and record all board transactions and orders.

8. Collect all monies due and payable to the board.

9. Pay all bills for authorized expenditures of the board and its staff.

10. Prepare an annual budget.

11. Submit a copy of the budget each year to the governor, the speaker of the house of representatives and the president of the senate.

12. Initiate an investigation if evidence appears to demonstrate that a physician may be engaged in unprofessional conduct or may be medically incompetent or mentally or physically unable to safely practice medicine.

13. Issue subpoenas if necessary to compel the attendance and testimony of witnesses and the production of books, records, documents and other evidence.

14. Provide assistance to the attorney general in preparing and sign and execute disciplinary orders, rehabilitative orders and notices of hearings as directed by the board.

15. Enter into contracts for goods and services pursuant to title 41, chapter 23 that are necessary to carry out board policies and directives.

16. Execute board directives.

17. Manage and supervise the operation of the regulatory board of physician assistants.

18. Issue licenses to physician assistant applicants who meet the requirements of chapter 25 of this title.

19. Represent the board with the federal government, other states or jurisdictions of the United States, this state, political subdivisions of this state, the news media and the public.

20. On behalf of the board, enter into stipulated agreements with persons under the jurisdiction of either the board or the regulatory board of physician assistants for the treatment, rehabilitation and monitoring of chemical substance abuse or misuse.

21. Review all complaints filed pursuant to section 32-1451. If delegated by the Board, the executive director may also dismiss a complaint if the complaint is without merit.

22. If delegated by the board, directly refer cases to a formal hearing.

23. If delegated by the board, close cases resolved through mediation.

24. If delegated by the board, issue advisory letters.

25. If delegated by the board, enter into a consent agreement if there is evidence of danger to the public health and safety.

26. If delegated by the board, grant uncontested requests for inactive status and cancellation of a license pursuant to sections 32-1431 and 32-1433.

27. If delegated by the board, refer cases to the board for a formal interview.

28. Perform all other administrative, licensing or regulatory duties required by the board.

D. Medical consultants and agents appointed pursuant to subsection C, paragraph 4 of this section are eligible to receive compensation determined by the executive director in an amount not to exceed two hundred dollars for each day of service.

E. A person who is aggrieved by an action taken by the executive director may request the board to review that action by filing with the board a written request within thirty days after that person is notified of the executive director's action by personal delivery or certified mail to that person's last known residence or place of business. At the next regular board meeting, the board shall review the executive director's action. On review, the board shall approve, modify or reject the executive director's action.

32-1406. Arizona medical board fund

A. The Arizona medical board fund is established. Pursuant to sections 35-146 and 32-147, the board shall deposit ten percent of all monies collected under the provisions of this chapter in the state general fund and deposit the remaining ninety per cent in the Arizona medical board fund.

B. Monies deposited in the fund are subject to section 35-143.01.

32-1407. Jurisdiction arbitration panel

A. When the board receives a complaint concerning a physician who is also licensed pursuant to chapter 29 of this title, the board shall immediately notify the board of homeopathic medical examiners. If the boards disagree and if both boards continue to claim jurisdiction over the dual licensee, an arbitration panel shall decide jurisdiction pursuant to section 32-2907, subsections B, C, D and E.

B. If the licensing boards decide without resorting to arbitration which board or boards shall conduct the investigation, the board or boards conducting the investigation shall transmit all investigation materials, findings and conclusions to the other board with which the physician is licensed. The board or boards shall review this information to determine if disciplinary action shall be taken against the physician.

35-143.01. Special funds; appropriation; reversion; use

A. All monies deposited in special agency funds of self-supporting regulatory agencies, as provided in section 35-142, to be used by such agency for administration and enforcement, shall be subject to annual legislative appropriation.

B. Unless otherwise provided by the legislature, a special fund self-supporting regulatory agency shall not expend more monies than are appropriated by the legislature for a fiscal year, and any monies remaining at the end of the fiscal year revert to the special agency fund.

C. Any unexpended or unencumbered balance of monies remaining in the special funds of self-supporting regulatory agencies as provided in section 35-142 at the end of the fiscal year shall not revert to the state general fund and may be made available by the legislature for use by the agency for the following fiscal year.

ARTICLE 2
LICENSING

32-1421. Exemption from licensing requirements

A. This article does not apply to any person while engaged in:

1. The provision of medical assistance in case of an emergency.

2. The administration of family remedies including the sale of vitamins, health foods or health food supplements or any other natural remedies, except drugs or medicines for which an authorized prescription is required by law.

3. The practice of religion, treatment by prayer or the laying on of hands as a religious rite or ordinance.

4. The practice of any of the healing arts of and by Indian tribes in this state.

5. The lawful practice of any of the healing arts to the extent authorized by a license issued by this state.

6. Activities or functions which do not require the exercise of a doctor of medicine's judgment for their performance, are not in violation of the laws of this state, and are usually or customarily delegated to such persons by a doctor of medicine under the doctor's direction or supervision or are performed in accordance with the approval of a committee of physicians in a licensed health care institution.

7. The official duties of a medical officer in the armed forces of the United States, the United States veterans administration or the United States public health service or their successor agencies, if such duties are restricted to federal lands.

8. Any act, task or function competently performed by a physician assistant in the proper performance of the physician assistant's duties.

9. The emergency harvesting of donor organs by a doctor of medicine or team of doctors of medicine licensed to practice medicine in another state or country for use in another state or country.

B. This article does not apply to any doctor of medicine residing in another state, federal jurisdiction or country who is authorized to practice medicine in that jurisdiction, if he engages in actual single or infrequent consultation with a doctor of medicine licensed in this state and if the consultation regards a specific patient or patients.

32-1422. Basic requirements for granting a license to practice medicine

A. An applicant for a license to practice medicine in this state pursuant to this article shall meet each of the following basic requirements:

1. Graduate from an approved school of medicine or receive a medical education which the board deems to be of equivalent quality.

2. Successfully complete an approved twelve month hospital internship, residency or clinical fellowship program.

3. Have the physical and mental capability to safely engage in the practice of medicine.

4. Have a professional record which indicates that the applicant has not committed any act or engaged in any conduct which would constitute grounds for disciplinary action against a licensee under this chapter.

5. Has not had a license to practice medicine revoked by a medical regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction that constitutes unprofessional conduct pursuant to this chapter.

6. Is not currently under investigation, suspension or restriction by a medical regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction that constitutes unprofessional conduct pursuant to this chapter. If the applicant is under investigation by a medical regulatory board in another jurisdiction, the board shall suspend the application process and may not issue or deny a license to the applicant until the investigation is resolved.

7. Has not surrendered, relinquished or given up a license to practice medicine in lieu of disciplinary action by a medical regulatory board in another jurisdiction in the United States for an act that occurred in that jurisdiction that constitutes unprofessional conduct pursuant to this chapter.

8. Pay all fees required by the board.

9. Complete the application as required by the board.

B. The board may require the submission of such credentials or other evidence, written and oral, and make any investigation it deems necessary to adequately inform itself with respect to an applicant's ability to meet the requirements prescribed by this section, including a requirement that the applicant for licensure undergo a physical examination, a mental evaluation and an oral competence examination and interview, or any combination thereof, as the board deems proper.

C. In determining if the requirements of subsection A, paragraph 4 have been met, if the board finds that the applicant committed an act or engaged in conduct that would constitute grounds for disciplinary action, the board shall determine to its satisfaction that the conduct has been corrected, monitored and resolved. If the matter has not been resolved, the board shall determine to its satisfaction that mitigating circumstances exist which prevent its resolution.

D. In determining if the requirements of subsection A, paragraph 6, have been met, if another jurisdiction has taken disciplinary action against an applicant, the board shall determine to its satisfaction that the cause for the action was corrected and the matter resolved. If the matter has not been resolved by that jurisdiction, the board shall determine to its satisfaction that mitigating circumstances exist which prevent its resolution.

E. The board may delegate authority to the executive director to deny licenses if applicants do not meet the requirements of this section.

32-1423. Additional requirements for students graduating from an unapproved allopathic school of medicine

In addition to the basic requirements for licensure prescribed in section 32-1422, any applicant who has graduated from an unapproved school of medicine shall meet each of the following requirements:

1. Be able to read, write, speak, understand and be understood in the English language.

2. Hold a standard certificate issued by the educational council for foreign medical graduates, complete a fifth pathway program as provided in section 32-1424, subsection A, or complete thirty-six months as a full-time assistant professor or in a higher position in an approved school of medicine.

3. Successfully complete an approved twenty-four month hospital internship, residency or clinical fellowship program, in addition to the twelve months required in section 32-1422, subsection A, paragraph 2, for a total of thirty-six months of training unless the applicant successfully completed a fifth pathway program as provided by section 32-1424 or has served as a full-time assistant professor or in a higher position in an approved school of medicine for a total of thirty-six months.

32-1424. Fifth pathway program; licensure

A. In addition to the requirements for licensure prescribed in sections 32-1422 and 32-1423, an applicant for licensure under this article who attended a foreign school of medicine and successfully completed all the formal requirements to receive the degree of doctor of medicine except internship or social service, and is accordingly not eligible for certification by the educational council for foreign medical graduates, may be considered for licensure under this chapter if the applicant meets the following conditions:

1. Satisfactorily completes an approved fifth pathway program of one academic year of supervised clinical training under the direction of an approved school of medicine in the United States.

2. Successfully completes an approved twenty-four month internship, residency or clinical fellowship program upon completion of the fifth pathway program.

B. A document granted by a foreign school of medicine signifying completion of all the formal requirements for graduation from such foreign medical school except internship or social service training, or both, along with certification by the approved school of medicine in the United States of successful completion of the fifth pathway program is deemed the equivalent of a degree of doctor of medicine for purposes of licensure and practice as a physician in this state.

32-1425. Licensure by examination

A. An applicant who meets the applicable requirements provided in section 32-1422, 32-1423 or 32-1424, has passed steps one and two of the United States medical licensing examination or one of the examination combinations prescribed in section 32-1426, subsection B, paragraph 4, subdivision (c), items (i) and (ii), has paid the fees required by this chapter and has filed a completed application found by the board to be true and correct is eligible for licensure as a doctor of medicine upon successful passage of step three of the United States medical licensing examination administered by the board with a scaled score of at least seventy-five if the applicant has passed all three steps within a seven year period after first sitting for step one.

B. An applicant for licensure applying pursuant to section 32-1422, 32-1423 or 32-1424 may take the examination only after successfully completing six months of a board approved hospital internship, residency or clinical fellowship or fifth pathway program or has served as a full-time assistant professor or in a higher position in a board approved school of medicine in this state.

C. Step three of the examination shall be administered semiannually and is a two day examination.

D. An applicant who fails step three of the examination administered pursuant to this section may retake the examination at any subsequent scheduled examination on payment of all applicable fees prescribed in this chapter. An applicant who fails to pass step three within a seven year period after first sitting for step one shall not retake step three until the applicant has successfully retaken and passed steps one and two. A second seven year cycle goes into effect from the date that the applicant retakes step one of the examination.

E. An applicant who has complied with all the requirements of this article and is eligible to take the examination shall be given at least twenty days' written notice by the board of the time and place at which the examination shall be given.

F. The board shall not grant a license until the applicant meets the requirements for licensure pursuant to this chapter.

32-1425.01. Examination without licensure application; requirements

A. A person who wishes to take step three of the United States medical licensing examination in this state but who does not wish to apply for licensure shall:

1. Submit a written application to take the examination at least one hundred days before the published examination date.

2. Pay the examination fee with a cashier's check or money order in United States funds at least sixty days before the examination date.

3. Submit proof that the person has graduated from an allopathic medical school listed in the current or updated editions of the world health organizations directory of medical schools and has successfully completed at least nine months of a twelve month approved hospital internship, residency or clinical fellowship in this state and is scheduled to successfully complete this training at the end of twelve months. The applicant shall submit proof of these facts either from the American medical association national credential verification service or on a form prescribed by the board.

4. Submit proof that the person has passed steps one and two of the United States medical licensing examination from the national board of medical examiners and that the date of this examination is not more than seven years from the initial date that the person first took step one of this examination.

B. Board approval for a person to take the examination does not mean that the person is eligible for licensure unless that person meets all other licensure requirements prescribed by this chapter.

32-1426. Licensure by endorsement

A. An applicant who meets the applicable requirements prescribed in section 32-1422, 32-1423 or 32-1424, has paid the fees required by this chapter and has filed a completed application found by the board to be true and correct is eligible to be licensed to engage in the practice of medicine in this state through endorsement under either one of the following conditions:

1. The applicant is certified by the national board of medical examiners as having successfully passed all three parts of the examination of the national board of medical examiners.

2. The applicant has successfully passed a written examination administered by any state, territory or district of the United States, a province of Canada or the medical council of Canada.

B. An applicant seeking licensure based on any jurisdiction's examination shall establish to the satisfaction of the board that the examination is substantially equivalent to the examination required by the board and that any of the following has been met:

1. The applicant successfully completed the three part written federation of state medical boards licensing examination administered by any jurisdiction before January 1, 1985 and obtained a weighted grade average of at least seventy-five on the complete examination. Successful completion of the examination shall be achieved in one sitting.

2. The applicant successfully completed the two component federation licensing examination administered after December 1, 1984 and obtained a scaled score of at least seventy-five on each component within a five year period.

3. The applicant's score on the United States medical licensing examination was equal to the score required by this state for licensure by examination pursuant to section 32-1425 and the applicant passed the three steps of the examination within a seven year period.

4. The applicant successfully completed one of the following combinations of examinations within a seven year period, or a longer period established by the board in rules adopted pursuant to title 41, chapter 6:

(a) Parts one and two of the national board of medical examiners examination, administered either by the national board of medical examiners or the educational commission for foreign medical graduates, with a successful score determined by the national board of medical examiners and passed either step three of the United States medical licensing examination or component two of the federation licensing examination with a scaled score of at least seventy-five.

(b) The federation licensing examination component one examination and the United States medical licensing step three examination with scaled scores of at least seventy-five.

(c) Each of the following:

(i) Part one of the national board of medical examiners licensing examination with a passing grade as determined by the national board of medical examiners or step one of the United States medical licensing examination with a scaled score of at least seventy-five.

(ii) Part two of the national board of medical examiners licensing examination with a passing grade as determined by the national board of medical examiners or step two of the United States medical licensing examination with a scaled score of at least seventy-five.

(iii) Part three of the national board of medical examiners licensing examination with a passing grade as determined by the national board of medical examiners or step three of the United States medical licensing examination with a scaled score of at least seventy-five or component two of the federation licensing examination with a scaled score of at least seventy-five.

C. The board may require an applicant seeking licensure by endorsement based on successful passage of a written examination or combination of examinations, the most recent of which precedes by more than ten years the application for licensure by endorsement in this state to take and pass a special purpose licensing examination to assist the board in determining the applicant's ability to safely engage in the practice of medicine. The board may also conduct a records review and physical and psychological assessments. If appropriate, and may review practice history to determine the applicant’s ability to safely engage in the practice of medicine.

32-1427. Application; hearing on deficiencies in application; interview; probationary license

A. Each applicant for licensure shall submit a completed application as prescribed by the board together with the fee prescribed in this article. The application shall indicate whether the application is by written examination or by endorsement. The board may require the submission of any evidence, credentials and other proof necessary for it to verify and determine if the applicant meets the requirements for licensure.

B. Each application submitted pursuant to this section shall contain the oath of the applicant that:

1. All of the information contained in the application and accompanying evidence or other credentials submitted are true.

2. The credentials submitted with the application were procured without fraud or misrepresentation or any mistake of which the applicant is aware and that the applicant is the lawful holder of the credentials.

3. The applicant authorizes the release of any information from any source requested by the board necessary for initial and continued licensure in this state.

C. All applications, completed or otherwise, together with all attendant evidence, credentials and other proof submitted with the applications are the property of the board.

D. The board, promptly and in writing, shall inform an applicant of any deficiency in the application that prevents the application from being processed.

E. On request the board shall grant an applicant who disagrees with the statement of deficiency a hearing before the board at its next regular meeting if there is time at that meeting to hear the matter. The board shall not delay this hearing beyond one regularly scheduled meeting. At any hearing granted pursuant to this subsection, the burden of proof is on the applicant to demonstrate that the alleged deficiencies do not exist.

F. Applications are considered withdrawn:

1. On the applicant's written request.

2. Except for good cause shown, if the applicant does not appear for an interview with the board.

3. If the applicant does not submit within one year of notification the necessary evidence, credentials or other proof identified by the board as being deficient pursuant to subsection D of this section.

G. The board may deny a license to an applicant who does not meet the requirements of this article.

H. If an applicant does not meet the requirements of section 32-1422, subsection A, paragraph 3 the board may issue a license subject to any of the following probationary conditions:

1. Require the licensee's practice to be supervised by another physician.

2. Restrict the licensee's practice.

3. Require the licensee to continue medical or psychiatric treatment.

4. Require the licensee to participate in a specified rehabilitation program.

5. Require the licensee to abstain from alcohol and other drugs.

I. If the Board offers a probationary license to an applicant pursuant to subsection H of this section, it shall notify the applicant in writing of the following:

1. The applicant's specific deficiencies.

2. The probationary period.

3. The applicant's right to reject the terms of probation.

4. If the applicant rejects the terms of probation, the applicant's right to a hearing on the board's denial of the application.

32-1428. Temporary license to practice medicine; duration of license

A. The executive director may issue a temporary license to any applicant seeking licensure through endorsement whose application is complete except for taking and passing the special purpose licensing examination required in section 32-1426, subsection C and who has applied in writing for such temporary license. The executive director may issue a temporary license to an applicant only once.

B. A temporary license issued pursuant to this section is effective from the date that the application is approved until the last day of the month in which the scores of the special purpose licensing examination for which the applicant is eligible are received by the board.

C. A temporary license shall not be extended, renewed, reissued or allowed to continue in effect beyond the period authorized by this section.

32-1429. Locum tenens and pro bono registration; application; term

A. The board may issue a registration to allow a doctor of medicine who is not a licensee to provide locum tenens medical services to substitute for or temporarily assist a doctor of medicine who holds an active license pursuant to this chapter or a doctor of osteopathy who holds an active license pursuant to chapter 17 of this title under the following conditions:

1. The applicant holds an active license to practice medicine issued by a state, district, territory or possession of the United States.

2. The applicant provides on forms and in a manner prescribed by the board proof that the applicant meets the applicable requirements of section 32-1422, 32-1423 or 32-1424.

3. The license of the applicant from the jurisdiction in which the applicant regularly practices medicine is current and unrestricted and has not been revoked or suspended for any reason and there are no unresolved complaints or formal charges filed against the applicant with any licensing board.

4. The doctor of medicine or doctor of osteopathy for whom the applicant for registration under this section is substituting or assisting provides to the board a written request for locum tenens registration of the applicant.

5. The applicant pays the fee prescribed under section 32-1436.

B. Locum tenens registration granted pursuant to this section is valid for a period of one hundred eighty consecutive days. A doctor of medicine is eligible to apply for and be granted locum tenens registration once every three years.

C. The board may issue a pro bono registration to allow a doctor who is not a licensee to practice in this state for sixty days each calendar year if the doctor:

1. Holds an active and unrestricted license to practice medicine in a state, territory or possession of the United States or an inactive license pursuant to section 32-1431.

2. Has never had the license revoked or suspended.

3. Is not the subject of an unresolved complaint.

4. Applies for registration on a yearly basis as prescribed by the board.

5. Provides proof satisfactory to the board that the doctor meets the applicable requirements of section 32-1422, 32-1423 or 32-1424.

6. Agrees to render all medical services without accepting a fee or salary or performs only initial or follow-up examinations at no cost to the patient and the patient's family through a charitable organization.

32-1430. Active license; issuance; renewal; expiration

A. The executive director shall issue an active license to practice medicine in this state when the applicant has satisfied all of the requirements for licensure under this article and pays the licensee fee.

B. Beginning on January 1, 2001, each person holding an active license to practice medicine in this state shall renew the license every other year on or before the licensee's birthday and shall pay the fee required by this article, accompanied by a completed renewal form. A licensee who does not renew an active license as required by this subsection on or before thirty days after the licensee's birthday must also pay a penalty fee as required by this article for late renewal. A licensee's license automatically expires if the licensee does not renew an active license within four months after the licensee's birthday. A person who practices medicine in this state after that person's active license has expired is in violation of this chapter.

C. A person renewing an active license to practice medicine in this state shall attach to the completed renewal form a report of disciplinary actions, restrictions or any other action placed on or against that person's license or practice by another state licensing or disciplinary board or agency of the federal government. This action may include denying a license or failing the special purpose licensing examination. The report shall include the name and address of the sanctioning agency or health care institution, the nature of the action taken and a general statement of the charges leading to the action taken.

D. A person whose license has expired may reapply for a license to practice medicine as provided in this chapter.

32-3202. License or certificate suspension

The certificate or license of a health professional who does not renew the certificate or license as prescribed by statute and who has been advised in writing that an investigation is pending at the time the certificate or license is due to expire or terminate does not expire or terminate until the investigation is resolved. The certificate or license is suspended on the date it would otherwise expire or terminate and the health professional shall not practice in this state until the investigation is resolved.

32-1431. Inactive license; application; practice prohibitions

A. A person holding a current active license to practice medicine in this state may request an inactive license from the board if both of the following are true:

1. The licensee is not presently under investigation by the board.

2. The board has not commenced any disciplinary proceeding against the licensee.

B. The board may grant an inactive license and waive the renewal fees and requirements for continuing medical education specified by section 32-1434 if the licensee provides evidence to the board's satisfaction that the licensee has totally retired from the practice of medicine in this state and any state, territory and district of the United States or any foreign country and has paid all of the fees required by this chapter before the request. The board may grant pro bono registration pursuant to section 32-1429, subsection C, to a physician who holds an inactive license under this section.

C. During any period in which a medical doctor holds an inactive license, that person shall not engage in the practice of medicine or continue to hold or maintain a drug enforcement administration controlled substances registration certificate, except as permitted by a pro bono registration pursuant to section 32-1429, subsection C. Any person who engages in the practice of medicine while on inactive license status is considered to be a person who practices medicine without a license or without being exempt from licensure as provided in this chapter.

D. The board may convert an inactive license to an active license if the applicant pays the renewal fee and presents evidence satisfactory to the board that the applicant possesses the medical knowledge and is physically and mentally able to safely engage in the practice of medicine. The board may require any combination of physical examination, psychiatric or psychological evaluation or successful passage of the special purpose licensing examination or interview it finds necessary to assist it in determining the ability of a physician holding an inactive license to return to the active practice of medicine.

32-1432. Teaching license

A. A board approved school of medicine in this state or a teaching hospital's accredited graduate medical education program in this state may invite a doctor of medicine to provide and promote professional education through lectures, clinics or demonstrations. The doctor of medicine is prohibited from opening an office or designating a place to meet patients or receive calls relating to the practice of medicine in this state outside of the facilities and programs of the approved school or teaching hospital.

B. To receive a teaching license, the doctor of medicine shall:

1. Complete an application as prescribed by the board.

2. Pay all required fees.

3. Meet the basic requirements of section 32-1422 except for those relating to completing an approved hospital internship, residency or clinical fellowship program.

C. A teaching license is limited to a one year period. The doctor of medicine may reapply annually for no more than a total of four years. With each reapplication the doctor of medicine must submit all required fees and a petition from the school or teaching hospital asking the board for continuation of the teaching license.

D. The holder of a teaching license is not exempt from the requirements of this chapter with the exception of the training and examination requirements of this article.

E. A doctor of medicine holding a current teaching license at an approved school of medicine may convert that license into an active license by filing an application and meeting all applicable requirements of this article.

32-1432.01. Education teaching permit

A. The dean of a board approved school of medicine or the chairman of a teaching hospital's accredited graduate medical education program may invite a doctor of medicine who is not licensed in this state to demonstrate and perform medical procedures and surgical techniques for the sole purpose of promoting professional education for students, interns, residents, fellows and doctors of medicine in this state.

B. The chairman or dean of the inviting institution shall provide to the board evidence that an applicant for an educational permit has malpractice insurance in an amount that meets the requirements of the institution and that the applicant accepts all responsibility and liability for the procedures he performs within the scope of his permit. In a letter to the board, the chairman or the dean of the inviting institution shall outline the procedures and techniques that the doctor of medicine shall perform or demonstrate and the dates that this activity will occur. The letter shall also include a summary of the doctor's of medicine educational and professional background and be accompanied by the fee required pursuant to section 32-1436.

C. The inviting institution shall submit the fees and documents required pursuant to subsection B of this section no later than two weeks before the scheduled activity.

D. The board or its staff shall issue an educational teaching permit for no more than five days for each approved activity.

32-1432.02. Training permit, short-term permits; discipline

A. The board shall grant a one year renewable training permit to a person participating in a teaching hospital's accredited internship, residency or clinical fellowship training program to allow that person to function only in the supervised setting of that program. Before the board issues the permit, the person shall comply with the applicable registration requirements of this article and pay the fee prescribed in section 32-1436.

B. If a person who is participating in a teaching hospital's accredited internship, residency or clinical fellowship program must repeat or make up time in the program due to resident progression or other issues, the board may grant that person a training permit if requested to do so by the program's director of medical education or a person who holds an equivalent position. The permit limits the permittee to practicing only in the supervised setting of that program.

C. The board shall grant a training permit to a person who is not licensed in this state and who is participating in a short-term training program of four months or less conducted in an approved school of medicine or a hospital that has an accredited hospital internship, residency or clinical fellowship program in this state for the purpose of continuing medical education. Before the board issues the permit, the person shall comply with the applicable registration requirements of this article and pay the fee prescribed in section 32-1436.

D. A permittee is subject to the disciplinary regulation of article 3 of this chapter.

32-1432.03. Training permits; approved schools

The executive director may grant a one year training permit to a person who:

1. Participates in a program at an approved school of medicine or a hospital that has an approved hospital internship, residency or clinical fellowship program if the purpose of the program is to exchange technical and educational information.

2. Pays the prescribed fee.

3. Submits a written statement from the dean of the approved school of medicine or from the chairman of a teaching hospital's accredited graduate medical education program that:

(a) Includes a request for the permit and describes the purpose of the exchange program.

(b) Specifies that the host institution will provide liability coverage.

(c) Provides the name of a doctor of medicine who will serve as the preceptor of the host institution and provide appropriate supervision of the participant.

(d) States that the host institution has advised the participant that the participant may serve as a member of an organized medical team but shall not practice medicine independently and that this training does not accrue toward postgraduate training requirements for licensure.

32-1433. Cancellation of active license

On request of an active licensee, the board may cancel that person's license if both of the following are true:

1. The licensee is not presently under investigation by the board.

2. The board has not commenced any disciplinary proceeding against the licensee.

32-1434. Continuing medical education

A. A person who holds an active license to practice medicine in this state shall satisfy a continuing medical education requirement which is designed to provide the necessary understanding of current developments, skills, procedures or treatment related to the practice of medicine in such amount and during such period as the board establishes by rule and regulation.

B. Compliance with subsection A shall be documented at such times and in such manner as the board shall establish.

C. Failure of a person holding an active license to practice medicine to comply with this section without adequate cause being shown is grounds for probation, suspension or revocation of such person's license.

32-2842. Mammographic images; physicians; requirements

A. A physician licensed under chapter 13 or 17 of this title who reads or interprets mammographic images after January 1, 1994 shall meet the following requirements:

1. Have completed forty hours of medical education credits in mammography.

2. Is either certified by the American board of radiology in diagnostic radiology or the American osteopathic board of radiology in diagnostic radiology, as applicable, or is approved by the Arizona medical board or the Arizona board of osteopathic examiners in medicine and surgery, as applicable, as qualified to read and interpret mammographic images.

3. Has done either of the following:

(a) If the requirements are met by January 1, 1994, in the two year period before January 1, 1994, have interpreted or reviewed an average of three hundred mammograms a year or if the requirements are met after January 1, 1994, have interpreted or reviewed an average of three hundred mammograms in the two years immediately preceding qualification under the supervision of a physician qualified to read or interpret mammograms.

(b) Completed a radiology residency within the three years immediately preceding qualification.

B. A physician who meets the requirements of subsection A shall satisfy the continuing medical education requirements as follows:

1. The physician shall complete fifteen hours of continuing medical education credits in mammography every three years.
2. The physician shall interpret or review an average of three hundred mammograms a year over each two-year period.

C. The Arizona medical board and the Arizona board of osteopathic examiners in medicine and surgery shall establish minimum criteria to authorize doctors licensed under the respective boards to read or interpret mammographic images. The requirements shall be in lieu of certification by either the American board of radiology in diagnostic radiology or the American osteopathic board of radiology in diagnostic radiology. Nothing in the criteria established by the respective boards relieves a physician from the requirements of subsection A, paragraphs 1 and 3 or subsection B. The respective boards shall require and maintain documentation showing that the physician has completed the educational and experience requirements.

D. A physician who reads or interprets mammograms shall maintain records to establish compliance with subsection B, paragraph 2 and shall maintain records of outcome data that correlate positive mammograms to biopsies.

32-1435. Change of address; costs; penalties

A. Each active licensee shall promptly and in writing inform the board of the licensee's current residence address, office address and telephone number and of each change in residence address, office address or telephone number that may later occur.

B. The board may assess the costs incurred by the board in locating a licensee and in addition a penalty of not to exceed one hundred dollars against a licensee who fails to comply with subsection B within thirty days from the date of change. Notwithstanding any law to the contrary, monies collected pursuant to this subsection shall be deposited in the Arizona medical board fund.

32-3801. Personal information maintained by professional boards; confidentiality

Notwithstanding any law to the contrary, a professional's residential address and residential telephone number or numbers maintained by the professional board established pursuant to this title are not available to the public unless they are the only address and numbers of record.

32-1436. Fees and penalty

A. The board shall by a formal vote, at its annual fall meeting, establish nonrefundable fees and penalties that do not exceed the following:

1. For processing an application for an active license, seven hundred dollars.

2. For issuance of an active license, seven hundred dollars.

3. For an application to reactivate an inactive status license, five hundred dollars.

4. For an application for a temporary license to practice medicine, two hundred dollars.

5. For issuance of a duplicate license, fifty dollars.

6. For renewal of an active license, seven hundred dollars.

7. For late renewal of an active license, an eight hundred dollar penalty.

8. For annual registration of an approved internship, residency, clinical fellowship program or short-term residency program, fifty dollars.

9. For an annual teaching license at an approved school of medicine or at an approved teaching hospital's accredited graduate medical education program, four hundred dollars.

10. For a five day educational teaching permit at an approved school of medicine or at an approved teaching hospital's accredited graduate medical education program, one hundred dollars.

11. For locum tenens registration, five hundred dollars.

12. For the sale of those copies of the annual medical directory which are not distributed free of charge, thirty dollars.

13. For the sale of the annual medical directory on CD-ROM, one hundred dollars.

14. For the sale of computerized tapes or diskettes not requiring programming, one hundred dollars.

15. For verification of a license, ten dollars.

16. For a copy of the minutes to board meetings during the current calendar year, twenty-five dollars for each set of minutes.

17. For copying records, documents, letters, minutes, applications and files, one dollar for the first three pages and twenty-five cents for each additional page.

18. For initial and annual registration to dispense drugs and devices, two hundred dollars.

19. For renewal applications that the board returns to the licensee for proper completion, a fee that does not exceed the cost of processing the incomplete application.

B. The board shall charge additional fees for services not required to be provided by this chapter but which the board deems necessary and appropriate to carry out its intent and purpose, except that such fees shall not exceed the actual cost of providing such service.

C. Notwithstanding subsection A of this section, the board may return the license renewal fee on special request.

D. The board shall provide computerized tapes or diskettes free to the management information systems office of the Arizona health care cost containment system.

E. The fee for minutes provided pursuant to this section includes postage. Annual subscription requests and fees for minutes shall be paid before February 1 of each year. Subscriptions for minutes of board meetings are not available for past years.

F. The fee for copying provided in this section includes postage. Copying fees for subpoenaed records shall be as prescribed in section 12-351.

G. The board may collect from the drawer of a dishonored check, draft order or note an amount allowed pursuant to section 44-6852.

ARTICLE 3
REGULATION

32-1451. Grounds for disciplinary action; duty to report; immunity; proceedings; board action; notice requirements

A. The board on its own motion may investigate any evidence that appears to show that a doctor of medicine is or may be medically incompetent, is or may be guilty of unprofessional conduct or is or may be mentally or physically unable safely to engage in the practice of medicine. On written request of a complainant the board shall review a complaint that has been administratively closed by the executive director and take any action it deems appropriate. Any person may, and a doctor of medicine, the Arizona medical association, a component county society of that association and any health care institution shall, report to the board any information that appears to show that a doctor of medicine is or may be medically incompetent, is or may be guilty of unprofessional conduct or is or may be mentally or physically unable safely to engage in the practice of medicine. The board or the executive director shall notify the doctor as to the content of the complaint as soon as reasonable. Any person or entity that reports or provides information to the board in good faith is not subject to an action for civil damages. If requested, the board shall not disclose the name of a person who supplies information regarding a licensee's drug or alcohol impairment. It is an act of unprofessional conduct for any doctor of medicine to fail to report as required by this section. The board shall report any health care institution that fails to report as required by this section to that institution's licensing agency.

B. The chief executive officer, the medical director or the medical chief of staff of a health care institution shall inform the board if the privileges of a doctor to practice in that health care institution are denied, revoked, suspended or limited because of actions by the doctor that appear to show that the doctor is or may be medically incompetent, is or may be guilty of unprofessional conduct or is or may be mentally or physically unable to safely engage in the practice of medicine, along with a general statement of the reasons, including patient chart numbers, that led the health care institution to take the action. The chief executive officer, the medical director or the medical chief of staff of a health care institution shall inform the board if a doctor under investigation resigns or if a doctor resigns in lieu of disciplinary action by the health care institution. Notification shall include a general statement of the reasons for the resignation, including patient chart numbers. The board shall inform all appropriate health care institutions in this state as defined in section 36-401 and the Arizona health care cost containment system administration of a resignation, denial, revocation, suspension or limitation, and the general reason for that action, without divulging the name of the reporting health care institution. A person who reports information in good faith pursuant to this subsection is not subject to civil liability.

C. The board or, if delegated by the board, the executive director shall require any combination of mental, physical or oral or written medical competency examinations and conduct necessary investigations including investigational interviews between representatives of the board and the doctor to fully inform itself with respect to any information filed with the board under subsection A of this section. These examinations may include biological fluid testing. The board or, if delegated by the board, the executive director may require the doctor, at the doctor’s expense, to undergo assessment by a board approved rehabilitative, retraining or assessment program.

D. If the board finds, based on the information it receives under subsections A and B of this section, that the public health, safety or welfare imperatively requires emergency action, and incorporates a finding to that effect in its order, the board may restrict a license or order a summary suspension of a license pending proceedings for revocation or other action. If the board takes action pursuant to this subsection it shall also serve the licensee with a written notice that states the charges and that the licensee is entitled to a formal hearing before the board or an administrative law judge within sixty days.

E. If, after completing its investigation, the board finds that the information provided pursuant to subsection A of this section is not of sufficient seriousness to merit disciplinary action against the license of the doctor, the board or a board committee may take any of the following actions:

1. Dismiss if, in the opinion of the board, the complaint is without merit.

2. File an advisory letter. The licensee may file a written response with the board within thirty days after receiving the advisory letter.

F. If the board finds that it can take rehabilitative or disciplinary action without the presence of the doctor at a formal interview it may enter into a consent agreement with the doctor to limit or restrict the doctor's practice or to rehabilitate the doctor in order to protect the public and ensure the doctor's ability to safely engage in the practice of medicine. The board may also require the doctor to successfully complete a board approved rehabilitative, retraining or assessment program at the doctor’s own expense.

G. The board shall not disclose the name of the person who provided information regarding a licensee’s drug or alcohol impairment or the name of the person who files a complaint if that person requests anonymity.

H. If after completing its investigation the board believes that the information is or may be true, it may request a formal interview with the doctor. If the doctor refuses the invitation for formal interview or accepts and the results indicate that grounds may exist for revocation or suspension of the doctor's license for more than twelve months, the board shall issue a formal complaint and order that a hearing be held pursuant to title 41, chapter 6, article 10. If after completing a formal interview the board finds that the protection of the public requires emergency action, it may order a summary suspension of the license pending formal revocation proceedings or other action authorized by this section.

I. If after completing the formal interview the board finds the information provided under subsection A of this section is not of sufficient seriousness to merit suspension for more than twelve months or revocation of the license, it may take the following actions:

1. Dismiss if, in the opinion of the board, the information is without merit.

2. File an advisory letter. The licensee may file a written response with the board within thirty days after the licensee receives the advisory letter.

3. Enter into an agreement with the doctor to restrict or limit the doctor’s practice or professional activities or to rehabilitate, retrain or assess the doctor in order to protect the public and ensure the doctor’s ability to safely engage in the practice of medicine. The board may also require the doctor to successfully complete a board approved rehabilitative, retraining or assessment program at the doctor’s own expense pursuant to subsection F of this section.

4. File a letter of reprimand.

5. Issue a decree of censure. A decree of censure is an official action against the doctor's license and may include a requirement for restitution of fees to a patient resulting from violations of this chapter or rules adopted under this chapter.

6. Fix a period and terms of probation best adapted to protect the public health and safety and rehabilitate or educate the doctor concerned. Probation may include temporary suspension for not to exceed twelve months, restriction of the doctor's license to practice medicine, a requirement for restitution of fees to a patient, or education or rehabilitation at the licensee’s own expense. If a licensee fails to comply with the terms of probation the board shall serve the licensee with a written notice that states that the licensee is subject to a formal hearing based on the information considered by the board at the formal interview and any other acts or conduct alleged to be in violation of this chapter or rules adopted by the board pursuant to this chapter including noncompliance with the term of probation, a consent agreement or a stipulated agreement. A licensee shall pay the costs associated with probation monitoring each year during which the licensee is on probation. The board may adjust this amount on an annual basis. The board may allow a licensee to make payments on an installment plan if a

financial hardship occurs. A licensee who does not pay these costs within thirty days after the due date prescribed by the board violates the terms of probation.

J. If the board finds that the information provided in subsection A of this section warrants suspension or revocation of a license issued under this chapter, it shall initiate formal proceedings pursuant to title 41, chapter 6, article 10.

K. In a formal interview pursuant to subsection H of this section or in a hearing pursuant to subsection J of this section, the board in addition to any other action may impose a civil penalty in the amount of not less than one thousand dollars nor more than ten thousand dollars for each violation of this chapter or a rule adopted under this chapter.

L. An advisory letter is a public document.

M. Any doctor of medicine who after a formal hearing is found by the board to be guilty of unprofessional conduct, to be mentally or physically unable safely to engage in the practice of medicine or to be medically incompetent is subject to censure, probation as provided in this section, suspension of license or revocation of license or any combination of these, including a stay of action, and for a period of time or permanently and under conditions as the board deems appropriate for the protection of the public health and safety and just in the circumstance. The board may charge the costs of formal hearings to the licensee who it finds to be in violation of this chapter.

N. If the board acts to modify any doctor of medicine's prescription writing privileges the board shall immediately notify the state board of pharmacy of the modification.

O. If the board, during the course of any investigation, determines that a criminal violation may have occurred involving the delivery of health care, it shall make the evidence of violations available to the appropriate criminal justice agency for its consideration.

P. The board may divide into review committees of not less than three members including a public member. The committees shall review complaints not dismissed by the executive director and may take the following actions:

1. Dismiss the complaint if a committee determines that the complaint is without merit.

2. Issue an advisory letter. The licensee may file a written response with the board within thirty days after the licensee receives the advisory letter.

3. Conduct a formal interview pursuant to subsection (H) of this section. This includes initiating formal proceedings pursuant to subsection (J) of this section and imposing civil penalties pursuant to subsection K of this section.

4. Refer the matter for further review by the full board.

Q. Pursuant to sections 35-146 and 35-147 the board shall deposit all monies collected from civil penalties paid pursuant to this chapter in the state general fund.

R. Notice of a complaint and hearing is effective by a true copy of it being sent by certified mail to the doctor's last known address of record in the board's files. Notice of the complaint and hearing is complete on the date of its deposit in the mail. The board shall begin a formal hearing within one hundred twenty days of that date.

S. A physician who submits an independent medical examination pursuant to an order by a court is not subject to a complaint for unprofessional conduct unless a complaint is made or referred by a court to the board. For purposes of this subsection, "independent medical examination" means a professional analysis of medical

status based on a person's past and present physical and psychiatric history and conducted by a licensee or group of licensees on a contract basis for a court.

T. The board may accept the surrender of an active license from a person who admits in writing to any of the following:

1. Being unable to safely engage in the practice of medicine.

2. Having committed an act of unprofessional conduct.

3. Having violated this chapter or a board rule.

U. In determining the appropriate disciplinary action under this section, the board shall consider all previous nondisciplinary and disciplinary actions against a licensee.

32-1451.01. Right to examine and copy evidence; witnesses; documents; testimony; representation

A. In connection with the investigation by the board on its own motion, or as the result of information received pursuant to section 32-1451, subsection A, the board or its duly authorized agents or employees at all reasonable times may examine and copy any documents, reports, records or other physical evidence of the person it is investigating or that is in possession of any hospital, clinic, physician's office, laboratory, pharmacy, public or private agency, health care institution as defined in section 36-401 and health care provider and that relates to medical competence, unprofessional conduct, or the mental or physical ability of a licensee to safely practice medicine.

B. For the purpose of all investigations and proceedings conducted by the board:

1. The board on its own initiative, or on application of any person involved in the investigation, may issue subpoenas to require the attendance and testimony of witnesses, or to demand the production for examination or copying of documents or any other physical evidence that relates to medical competence, unprofessional conduct, or the mental or physical ability of a licensee to safely practice medicine. Within five days after a person is served with a subpoena that person may petition the board to revoke, limit or modify the subpoena. The board shall do so if in its opinion the evidence required does not relate to unlawful practices covered by this chapter, is not relevant to the charge that is the subject matter of the hearing or investigation, or does not describe with sufficient particularity the physical evidence whose production is required. Any member of the board or any agent designated by the board may administer oaths or affirmations, examine witnesses and receive evidence.

2. Any person appearing before the board may be represented by counsel.

3. On application by the board or by the person subpoenaed, the superior court may issue an order either:

(a) Require the subpoenaed person to appear before the board or the duly authorized agent to produce evidence relating to the matter under investigation.

(b) Revoke, limit or modify the subpoena if in the court's opinion the evidence demanded does not relate to unlawful practices covered by this chapter, is not relevant to the charge which is the subject matter of the hearing or investigation, or does not describe with sufficient particularity the evidence whose production is required.

C. Patient records, including clinical records, medical reports, laboratory statements and reports, any file, film, other report or oral statement relating to diagnostic findings or treatment of patients, any information from which a patient or the patient’s family might be identified or any information received and records or reports kept by the board as a result of the investigation procedure outlined in this chapter are not available to the public.

D. This section and any other law making communications between a physician and a physician's patient privileged does not apply to investigations or proceedings conducted pursuant to this chapter. The board and its employees, agents and representatives shall keep in confidence the names of any patients whose records are reviewed during the course of investigations and proceedings pursuant to this chapter.

E. Hospital records, medical staff records, medical staff review committee records, and testimony concerning these records and proceedings related to the creation of these records are not available to the public, shall be kept confidential by the board and are subject to the same provisions concerning discovery and use in legal actions as are the original records in the possession and control of hospitals, their medical staffs, and their medical staff review committees. The board shall use such records and testimony during the course of investigations and proceedings pursuant to this chapter.

F. The court may find a person who does not comply with a subpoena issued pursuant to this section in contempt of court.

32-1451.02 Disciplinary action; reciprocity

A. The board shall initiate an investigation pursuant to section 32-1451 if a medical board in another jurisdiction in the United States has taken disciplinary action against a licensee for an act that occurred in this jurisdiction that constitutes unprofessional conduct pursuant to this chapter.

B. The board shall order the summary suspension of a license pending proceedings for revocation or other action if a medical regulatory board in another jurisdiction in the United States has taken the same action because of its belief that the public health, safety or welfare imperatively required emergency action.

32-1452. Substance abuse treatment and rehabilitation program; private contract; funding

A. The board may establish a confidential program for the treatment and rehabilitation of doctors of medicine and physician assistants who are impaired by alcohol or drug abuse. This program shall include education, intervention, therapeutic treatment and posttreatment monitoring and support.

B. The board may contract with other organizations to operate the program established pursuant to subsection A of this section. A contract with a private organization shall include the following requirements:

1. Periodic reports to the board regarding treatment program activity.

2. Release to the board on demand of all treatment records.

3. Quarterly reports to the board regarding each doctor's diagnosis and prognosis and the recommendations for continuing care, treatment and supervision.

4. Immediate reporting to the board of the name of an impaired doctor who the treating organization believes to be misusing chemical substances.

5. Reports to the board, as soon as possible, of the name of a doctor who refuses to submit to treatment or whose impairment is not substantially alleviated through treatment.

C. The board may allocate an amount of not to exceed forty dollars from each fee it collects from the biennial renewal of active licenses pursuant to section 32-1436 for the operation of the program established by this section.

D. A doctor of medicine who is impaired by alcohol or drug abuse shall agree to enter into a stipulation order with the board or the doctor shall be placed on probation or shall be subject to other action as provided by law.

E. In order to determine that a doctor of medicine who has been placed on probationary order or who has entered into a stipulation order pursuant to this section is not impaired by drugs or alcohol after that order is no longer in effect, the board or its designee may require the doctor of medicine to submit to body fluid examinations at any time within five consecutive years following termination of the probationary or stipulated order.

F. A doctor of medicine who is impaired by alcohol or drug abuse and who was under a board stipulation or probationary order that is no longer in effect shall request the board to place the doctor's license on inactive status with cause. If the doctor fails to do this the board shall summarily suspend the license pursuant to section 32-1451, subsection D. In order to reactivate the license the doctor shall successfully complete a long-term care residential or inpatient hospital treatment program, or both, and shall meet the applicable requirements of section 32-1431, subsection D. After the doctor completes treatment the board shall determine if it should refer the matter for a formal hearing for the purpose of suspending or revoking the license or to place the doctor on probation for a minimum of five years with restrictions necessary to assure the public's safety.

G. The board shall revoke the license of a doctor of medicine if that doctor is impaired by alcohol or drug abuse and was previously placed on probation pursuant to subsection F of this section and the probation is no longer in effect. The board may accept the surrender of the license if the doctor admits in writing to being impaired by alcohol or drug abuse.

H. An evaluator, teacher, supervisor or volunteer in the board's substance abuse treatment and rehabilitation program who acts in good faith within the scope of that program is not subject to civil liability, including malpractice liability, for the actions of a doctor who is attending the program pursuant to board action.

32-1453. Judicial review

Except as provided in section 41-1092.08, subsection H, an appeal to the superior court in Maricopa county may be taken from final decisions of the board pursuant to title 12, chapter 7, article 6.

32-1454. Injunction

A. An injunction shall issue forthwith to enjoin the practice of medicine by either of the following:

1. One not licensed to practice medicine or exempt from the requirement therefore pursuant to this chapter.

2. A doctor of medicine whose continued practice will or well might cause irreparable damage to the public health and safety prior to the time proceedings under section 32-1451 could be instituted and completed.

B. In a petition for injunction pursuant to the paragraph numbered 1 of subsection A of this section it shall be sufficient to charge that the respondent on a day certain in a named county engaged in the practice of medicine without a license and without being exempt from the requirements therefore pursuant to this chapter. No showing of damage or injury as the result thereof shall be required.

C. In a petition for injunction pursuant to the paragraph numbered 2 of subsection A of this section there shall be set forth with particularity the facts which make it appear that irreparable damage to the public health and safety will or well might occur prior to the time proceedings under section 32-1451 could be instituted and completed.

D. An injunction shall issue forthwith to enjoin any act specified in section 32-1455, subsection B.

E. Such petition shall be filed by the board in the superior court of Maricopa county or in the county where the defendant resides or is found.

F. Issuance of injunction shall not relieve the respondent from being subject to any other proceedings under law provided for in this chapter or otherwise, and violation of an injunction shall be punished as for contempt of court.

G. In all other respects injunction proceedings under this section shall be governed as near as may be by the law otherwise applicable to injunctions.

32-1455. Violation; classification

A. The following acts are class 5 felonies:

1. The practice of medicine by a person not licensed or exempt from licensure pursuant to this chapter.

2. Securing a license to practice medicine pursuant to this chapter by fraud or deceit.

3. Impersonating a member of the board in issuing a license to practice medicine to another.

B. The following acts if committed by a person not licensed under this chapter or exempt from licensure pursuant to section 32-1421 are class 2 misdemeanors:

1. The use of the designation "M.D." in a way that would lead the public to believe that a person was licensed to practice medicine in this state.

2. The use of the designation "doctor of medicine", "physician", "surgeon", "physician and surgeon" or any combination thereof unless such designation additionally contains the description of another branch of the healing arts.

3. The use of the designation "doctor" by a member of another branch of healing arts unless there is set forth with each such designation the other branch of the healing arts concerned.

4. The use of any other words, initials, symbols or combination thereof which would lead the public to believe such person is licensed to practice medicine in this state.

32-3203. Malpractice claim investigation

On receipt of a malpractice report and a copy of a malpractice complaint as provided in §12-570, the health profession regulatory board shall initiate an investigation into the matter to determine if the licensee is in violation of the statutes or rules governing licensure.

32-1456. Medical assistants; use of title; violation; classification

A. A medical assistant may perform the following medical procedures under the direct supervision of a doctor of medicine, physician assistant or nurse practitioner:

1. Take body fluid specimens.

2. Administer injections.

B. The board by rule may prescribe other medical procedures which a medical assistant may perform under the direct supervision of a doctor of medicine, physician assistant or nurse practitioner on a determination by the board that the procedures may be competently performed by a medical assistant.

C. Without the direct supervision of a doctor of medicine, physician assistant, or nurse practitioner, a medical assistant may perform the following tasks:

1. Billing and coding.

2. Verifying insurance.

3. Making patient appointments.

4. Scheduling.

5. Recording a doctor's findings in patient charts and transcribing materials in patient charts and records.

6. Performing visual acuity screening as part of a routine physical.

7. Taking and recording patient vital signs and medical history on medical records.

D. The board by rule shall prescribe medical assistant training requirements.

E. A person who uses the title "medical assistant" or a related abbreviation is guilty of a class 3 misdemeanor unless that person is working as a medical assistant under the direct supervision of a doctor of medicine, physician assistant or nurse practitioner.

32-1457. Acquired immune deficiency syndrome; disclosure of patient information; immunity; definition

A. Notwithstanding section 32-1401, it is not an act of unprofessional conduct for a doctor of medicine to report to the department of health services the name of a patient's spouse or sex partner or a person with whom the patient has shared hypodermic needles or syringes if the doctor of medicine knows that the patient has contracted or tests positive for the human immunodeficiency virus and that the patient has not or will not notify these people and refer them to testing. Before making the report to the department of health services, the doctor of medicine shall first consult with the patient and ask the patient to release this information voluntarily.

B. It is not an act of unprofessional conduct for a doctor of medicine who knows or has reason to believe that a significant exposure has occurred between a patient who has contracted or tests positive for the human immunodeficiency virus and a health care or public safety employee to inform the employee of the exposure. Before informing the employee, the doctor of medicine shall consult with the patient and ask the patient to release this information voluntarily. If the patient does not release this information the doctor of medicine may do so in a manner that does not identify the patient.

C. This section does not impose a duty to disclose information. A doctor of medicine is not civilly or criminally liable for either disclosing or not disclosing information.

D. If a doctor of medicine decides to make a disclosure pursuant to this section, he may request that the department of health services make the disclosure on his behalf.

E. For the purposes of this section, "significant exposure" means contact of a person's ruptured or broken skin or mucous membranes with another person's blood or body fluids, other than tears, saliva or perspiration, of a magnitude that the centers for disease control of the United States public health service have epidemiologically demonstrated can result in transmission of the human immunodeficiency virus.

32-1458.01. Reinstatement of revoked or surrendered license

A. On written application the board may issue a new license to a physician whose license was previously revoked by the board or surrendered by the applicant if the applicant demonstrates to the board's satisfaction that the applicant is completely rehabilitated with respect to the conduct that was the basis for the revocation or the surrender. In making its decision the board shall determine:

1. That the applicant has not engaged in any conduct during the revocation or surrender period that would have constituted a basis for revocation pursuant to section 32-1451.

2. If a criminal conviction was a basis of the revocation or surrender, that the applicant's civil rights have been fully restored pursuant to statute or any other applicable recognized judicial or gubernatorial order.

3. That the applicant has made restitution to any aggrieved person as ordered by a court of competent jurisdiction.

4. That the applicant demonstrates any other standard of rehabilitation the board determines is appropriate.

B. Except as provided in subsection C of this section, a person shall not submit an application for reinstatement less than five years after the date of revocation or surrender.

C. The board shall vacate its previous order to revoke a license if that revocation was based on a conviction of a felony or an offense involving moral turpitude and that conviction has been reversed on appeal. The physician may submit an application for reinstatement as soon as the court enters the reversal.

D. An applicant for reinstatement shall comply with all initial licensing requirements prescribed by this chapter.

ARTICLE 4
EMERGENCY AID

32-1471. Health care provider and any other person; emergency aid; nonliability

Any health care provider licensed or certified to practice as such in this state or elsewhere, or a licensed ambulance attendant, driver or pilot as defined in section 41-1831, or any other person who renders emergency care at a public gathering or at the scene of an emergency occurrence gratuitously and in good faith shall not be liable for any civil or other damages as the result of any act or omission by such person rendering the emergency care, or as the result of any act or failure to act to provide or arrange for further medical treatment or care for the injured persons, unless such person, while rendering such emergency care, is guilty of gross negligence.

32-1472. Limited liability for emergency health care at amateur athletic events

A health care provider licensed or certified pursuant to title 32 who agrees with any person or school to voluntarily attend an amateur athletic practice, contest or other event to be available to render emergency health care within the provider's authorized scope of practice and without compensation to an athlete injured during such event is not liable for any civil or other damages as the result of any act or omission by the provider rendering the emergency care, or as the result of any act or failure to act to provide or arrange for further medical treatment or care for the injured athlete, if the provider acts in good faith without gross negligence.

32-1473. Limited liability for treatment related to delivery of infants; physicians; hospitals; exception; definition

A. Unless the elements of proof contained in section 12-563 are established by clear and convincing evidence, a physician licensed to practice pursuant to this chapter or chapter 17 of this title is not liable to the pregnant female patient, the child or children delivered, or their families for medical malpractice related to labor or delivery rendered on an emergency basis if the patient was not previously treated for the pregnancy by the physician, by a physician in a group practice with the physician or by a physician, physician assistant or nurse midwife with whom the physician has an agreement to attend the labor and delivery of the patient.

B. Unless the elements of proof contained in section 12-563 are established regarding the acts or omissions of a licensed health care facility or its employees in cases covered by the provisions of subsection A of this section by clear and convincing evidence, the health care facility is not liable to the female patient, the child or children delivered or their families for medical malpractice related to labor or delivery.

C. This section does not apply to treatment rendered in connection with labor and delivery if the patient has been seen regularly by or under the direction of a licensed health care provider or a licensed physician from whom the patient's medical information is reasonably available to the physicians attending the patient during labor and delivery.

D. For the purpose of this section, "emergency" means when labor has begun or a condition exists requiring the delivery of the child or children.

ARTICLE 5
TRANSFUSIONS

32-1481. Limitation of liability

A. No physician, surgeon, hospital or person who assists a physician, surgeon or hospital in obtaining, preparing, injecting or transfusing blood or its components from one or more human beings to another human being shall be liable on the basis of implied warranty or strict tort liability for any such activity but such person or entity shall be liable for his or its negligent or willful misconduct.

B. No nonprofit blood bank, tissue bank, donor or entity who donates, obtains, processes or preserves blood or its components from one or more human beings for the purpose of transfusing or transferring blood or its components to another human being shall be liable on the basis of implied warranty or strict tort liability for any such activity but such person or entity shall be liable for his or its negligent or willful misconduct.

32-1482. Reporting of hepatitis cases

The director of the department of health services for the purposes of reducing the transmission of hepatitis by injection or transfusion of blood and its components shall adopt rules and regulations for reporting of cases of hepatitis and provide for the dissemination of information about such hepatitis cases to all federally licensed blood banks in the state and health care institutions which request such information.

32-1483. Notification to donors

Pursuant to rules promulgated by the director of the department of health services, all federally registered blood banks, blood centers and plasma centers in this state shall notify blood donors of any test results with significant evidence suggestive of syphilis, HIV or hepatitis B.

ARTICLE 6
DISPENSING OF DRUGS AND DEVICES

32-1491. Dispensing of drugs and devices; civil penalty; conditions; definition

A. A doctor of medicine may dispense drugs and devices kept by the doctor if:

1. All drugs are dispensed in packages labeled with the following information:

(a) The dispensing doctor's name, address and telephone number.

(b) The date the drug is dispensed.

(c) The patient's name.

(d) The name and strength of the drug, directions for its use and any cautionary statements.

2. The dispensing doctor enters into the patient's medical record the name and strength of the drug dispensed, the date the drug is dispensed and the therapeutic reason.

3. The dispensing doctor keeps all drugs in a locked cabinet or room, controls access to the cabinet or room by a written procedure and maintains an ongoing inventory of its contents.

4. The doctor registers with the board to dispense drugs and devices and pays the registration fee prescribed by section 32-1436.

B. Except in an emergency situation, a doctor who dispenses drugs without being registered by the board to do so is subject to a civil penalty by the board of not less than three hundred dollars and not more than one thousand dollars for each transaction and is prohibited from further dispensing for a period of time as prescribed by the board.

C. Before a physician dispenses a drug pursuant to this section the physician shall give the patient a prescription and inform the patient that the prescription may be filled by the prescribing physician or by a pharmacy of the patient’s choice.

D. A doctor shall dispense only to the doctor’s own patient and only for conditions being treated by that doctor. The doctor shall provide direct supervision of a medical assistant, nurse or attendant involved in the dispensing process. In this subsection, "direct supervision" means that a doctor is present and makes the determination as to the legitimacy or the advisability of the drugs or devices to be dispensed.

E. This section shall be enforced by the board which shall establish rules regarding labeling, record keeping, storage and packaging of drugs that are consistent with the requirements of chapter 18 of this title. The board may conduct periodic reviews of dispensing practices to assure compliance with this section and applicable rules.

F. For the purposes of this section, "dispense" means the delivery by a doctor of medicine of a prescription drug or device to a patient, except for samples packaged for individual use by licensed manufacturers or repackagers of drugs, and includes the prescribing, administering, packaging, labeling and security necessary to prepare and safeguard the drug or device for delivery.

32-1921. Exempted acts; exemption from registration fees; definition

A. This chapter does not prevent:

1. The prescription and dispensing of drugs or prescription medications by a registered nurse practitioner pursuant to rules adopted by the board of nursing in consultation with the Arizona medical board, the board of osteopathic examiners in medicine and surgery and the board of pharmacy.

2. The sale of nonprescription drugs that are sold at retail in original packages by a person holding a permit under this chapter.

3. The sale of drugs at wholesale by a wholesaler or manufacturer that holds the required permit issued by the board to a person who holds the required permit issued under this chapter.

4. The following health professionals from dispensing or personally administering drugs or devices to a patient for a condition being treated by the health professional:

(a) A doctor of medicine licensed pursuant to chapter 13 of this title.

(b) An osteopathic physician licensed pursuant to chapter 17 of this title.

(c) A homeopathic physician licensed pursuant to chapter 29 of this title.

(d) A podiatrist licensed pursuant to chapter 7 of this title.

(e) A dentist licensed pursuant to chapter 11 of this title.

(f) A doctor of naturopathic medicine licensed pursuant to chapter 14 of this title for natural substances and devices.

(g) An optometrist who is licensed pursuant to chapter 16 of this title and who is certified for topical or oral pharmaceutical agents.

5. A veterinarian licensed pursuant to chapter 21 of this title from dispensing or administering drugs to an animal or from dispensing or administering devices to an animal being treated by the veterinarian.

6. The use of any pesticide chemical, soil or plant nutrient or other agricultural chemical that is a color additive solely because of its effect in aiding, retarding or otherwise affecting directly or indirectly the growth or other natural physiological process of produce of the soil and thereby affecting its color whether before or after harvest.

7. A licensed practical or registered nurse employed by a person licensed pursuant to chapter 7, 11, 13, 14, 17 or 29 of this title from assisting in the delivery of drugs and devices to patients, in accordance with the provisions of chapter 7, 11, 13, 14, 17 or 29 of this title.

8. The use of any mechanical device or vending machine in connection with the sale of any nonprescription drug, including proprietary and patent medicine. The board may adopt rules to prescribe conditions under which nonprescription drugs may be dispensed pursuant to this paragraph.

B. A person who is licensed pursuant to chapter 7, 11, 13, 14, 17 or 29 of this title and who employs a licensed practical or registered nurse who in the course of employment assists in the delivery of drugs and devices is responsible for the dispensing process.

C. Pursuant to a prescription order written by a physician for the physician’s patients and dispensed by a licensed pharmacist, a physical therapist licensed pursuant to chapter 19 of this title may procure, store and administer nonscheduled legend and topical anti-inflammatories and topical anesthetics for use in phonophoresis and iontophoresis procedures and within the scope of practice of physical therapy.

D. A public health facility operated by this state or a county and a qualifying community health center may dispense medication or devices to its patients at no cost without providing a written prescription if the public health facility or the qualifying community health center meets all storage, labeling, safety and record keeping rules adopted by the board of pharmacy.

E. A person who is licensed pursuant to chapter 7, 11, 13, 14, 17 or 29 of this title, who is practicing at a public health facility or a qualifying community health center and who is involved in the dispensing of medication or devices only at a facility or center, whether for a charge or at no cost, shall register to dispense with the appropriate licensing board but is exempt from paying registration fees.

F. For the purposes of this section, "qualifying community health center" means a primary care clinic that is recognized as nonprofit under section 501(c)(3) of the United States internal revenue code and whose board of directors includes patients of the center and residents of the center's service area.

ARTICLE 1
GENERAL PROVISIONS

R4-16-101. Continuing Medical Education

A. A physician holding an active license to practice medicine in this state shall complete 40 credit hours of the continuing medical education required by A.R.S. §32-1434 during the two calendar years preceding biennial registration. A physician may not carry excess hours over to another two-year cycle. One hour of credit is allowed for each clock hour of participation in continuing medical education activities, unless otherwise designated in subsection (B).

B. A physician may claim continuing medical education for the following:

1. Participating in an internship, residency, or fellowship at a teaching institution approved by the American Medical Association, the Association of American Medical Colleges, or the American Osteopathic Association. A physician may claim one credit hour of continuing medical education for each day of training in a full-time approved program, or for less than full-time training on a prorata basis. In this subsection teaching institutions define "full-time."

2. Participating in an education program for an advanced degree in a medical or medically related field in a teaching institution approved by the American Medical Association, the Association of American Medical Colleges, or the American Osteopathic Association. A physician may claim one credit hour of continuing medical education for each day of full-time study or less than a full-time study on a pro-rata basis. In this subsection teaching institutions define "full-time."

3. Participating in full-time research in a teaching institution approved by the American Medical Association, the Association of American Medical Colleges, or the American Osteopathic Association. A physician may claim one credit hour of continuing medical education for each day of full-time research, or less than full-time research on a pro-rata basis. In this subsection teaching institutions define "full-time."

4. Participating in an education program certified as Category 1 by an organization accredited by the Accreditation Council for Continuing Medical Education, 515 North State Street, Suite 2150, Chicago, Illinois 60610.

5. Participating in a medical education program designed to provide understanding of current developments, skills, procedures, or treatments related to the practice of medicine, that is provided by an organization or institution accredited by the Accreditation Council for Continuing Medical Education.

6. Serving as an instructor of medical students, house staff, other physicians or allied health professionals from a hospital or other health care institution with a formal training program, if the instructional activities provide the instructor with understanding of current developments, skills, procedures, or treatments related to the practice of allopathic medicine.

7. Publishing or presenting a paper, report, or book that deals with current developments, skills, procedures or treatments related to the practice of allopathic medicine. The physician may claim one credit hour for each hour of preparing, writing, and presenting materials:

a. Actually published and presented; and

b. After the date of publication or presentation.

8. A credit hour may be earned for any of the following activities that provide an understanding of current developments, skills, procedures, or treatments related to the practice of allopathic medicine:

a. Completing a medical education program based on self-instruction that uses videotapes, audiotapes, films, filmstrips, slides, radio broadcasts, or computers;

b. Reading scientific journals and books;

c. Preparing for specialty board certification or recertification examinations;

d. Participating on a staff or quality of care committee, or utilization review committee in a hospital, health care institution, or government agency.

C. If a physician holding an active license to practice medicine in this state fails to meet the continuing medical education requirements under subsection (A) because of illness, military service, medical or religious missionary activity, or residence in a foreign country, upon written application, shall grant an extension of time to complete the continuing medical education.

D. The Board shall mail to each physician a license renewal form that includes a section regarding continuing medical education compliance. The physician shall sign and return the form certified under penalty of perjury that the continuing medical education requirements under subsection (A) are satisfied for the two-calendar year period preceding biennial renewal. Failure to receive the license renewal form under subsection (A) shall not relieve the physician of the requirements of subsection (A). The Board may randomly audit a physician to verify compliance with the continuing medical education requirements under subsection (A).

R4-16-102. Rehearing Or Review Of Board Decision

A. A motion for rehearing or review shall be filed as follows:

1. Except as provided in subsection (B), any party in a contested case may file a written motion for rehearing or review of the Board's decision, specifying generally the grounds upon which the motion is based.

2. A motion for rehearing or review shall be filed with the Board and served no later that 30 days after the decision of the Board.

3. For purposes of this Section, "service" has the same meaning as in A.R.S. §41-1092.09.

4. For purposes of this Section, a document is deemed filed when the Board receives the document.

5. For purposes of the Section, the terms "contested case" and "party" shall have the same meaning as in A.R.S. §41-1001.

B. If the Board makes a specific finding that it is necessary for a particular decision to take immediate effect to protect the public health and safety, or that a rehearing or review of the Board's decision is impracticable or contrary to the public interest, the decision shall be issued as a final decision without opportunity for rehearing or review and shall be a final administrative decision for purposes of judicial review.

C. A written response to a motion for rehearing or review may be filed and served within 15 days after service of the motion for rehearing or review. The Board may require the filing of written briefs upon any issues raised in the motion and may provide for oral argument.

D. A rehearing or review of a decision may be granted for any of the following reasons materially affecting a party's rights:

1. Irregularity in the administrative proceedings by the Board, its hearing officer, or the prevailing party, or any ruling or abuse of discretion, that deprives the moving party of a fair hearing;

2. Misconduct of the Board, its hearing officer, or the prevailing party;

3. Accident or surprise that could have not been prevented by ordinary prudence;

4. Material evidence, newly discovered, which with reasonable diligence could not have been discovered and produced at the original hearing;

5. Excessive or insufficient penalties;

6. Error in the admission or rejection of evidence, or other errors of law that occurred at the hearing;

7. The decision is the result of a passion or prejudice; or

8. The decision of findings of fact or decision is not justified by the evidence or is contrary to law.

E. A rehearing or review may be granted to all or any of the parties and on all or part of the issues for any of the reasons in subsection (D). The Board may take additional testimony, amend findings of fact and conclusions of law, or make new findings and conclusions, and affirm, modify, or reverse the original decision.

F. A rehearing or review, if granted, shall be a rehearing or review only of the question upon which the decision is found erroneous. An order granting a rehearing or review shall specify with particularity the grounds for the order.

G. Not later than 15 days after a decision is issued, the Board of its own initiative may order a rehearing or review for any reason that it might have granted a rehearing or review on motion of a party. After giving the parties notice and an opportunity to be heard on the matter, the Board may grant a timely- served motion for a rehearing or review, for a reason not stated in the motion. In either case, the Board shall specify in the order the grounds for the rehearing or review.

H. If a motion for rehearing or review is based upon affidavits, they shall be served with the motion. The opposing party may, within 15 days after service, serve opposing affidavits. The Board may extend this period for a maximum of 20 days either by the Board for good cause, or by the parties by written stipulation. The Board may permit reply affidavits.

R4-16-103. Licensure By Endorsement

A. An applicant for licensure by endorsement may make a written request of the Board, for an extension of the seven-year period provided by A.R.S. §32-1426(B)(4) to pass one of the combinations of specified examinations. The applicant shall submit the written request to the Board with evidence that:

1. The applicant meets all requirements for licensure and for taking the United States Medical Licensing Examination,

2. The combination of examinations cannot be passed in the time required by law, and

3. The applicant is:
a. A full-time student in an approved school of medicine, as defined in A.R.S. §32-1401(5);

b. A participant in an approved hospital internship, residency, or clinical fellowship program, as defined in A.R.S. §32-1401(4); or

c. A full-time student in a recognized medical degree program, as defined in subsection (E), concurrently or consecutively with medical school or postgraduate training.

B. If the Board determines that the applicant satisfies the requirements of subsection (A), the Board shall grant the extension.

C. An extension shall not exceed 10 years from the date on which the applicant successfully completes the first part of the combination of examinations.

D. If the Board denies the request for extension, the applicant may request a hearing by filing a written notice with the Board no later than 30 days after receipt of notice of the Board's action. A hearing shall be conducted according to A.R.S. Title 41, Chapter 6, Article 10.

E. In this Section, a "recognized degree program" means an education program offered by a college or university approved by the New England Association of Schools and Colleges, Middle States Association of Colleges and Secondary Schools, North Central Association of Colleges and Schools, Northwest Association of Schools and Colleges, Southern Association of Colleges and Schools, or Western Association of Schools and Colleges or accredited by the United States Department of Education, Council on Postsecondary Accreditation, Association of American Medical Colleges, the Association of Canadian Medical Colleges, or the American Medical Association.

F. An applicant for licensure by endorsement under A.R.S. §32-1426(C) who provides proof of passing an examination specified in A.R.S. §32-1426(A) more than ten years before the date of filing shall:

1. Hold a current certification in an American Board of Medical Specialty ("ABMS"), or

2. Take and pass the Special Purpose Examination (SPEX).

R4-16-104. Time Frames For Licenses, Permits And Registrations

A. For each type of license, permit, or registration issued by the Board, the overall time frame described in A.R.S. §41-1072(2) is listed in Table 1.

B. For each type of license, permit, or registration issued by the Board, the administrative completeness review time frame described in A.R.S. §41-1072(1) is listed in Table 1 and begins on the date the Board receives an application and all required documents and information.

1. If the required application is not administratively complete, the Board shall send to the applicant, a deficiency notice.

a. The notice shall state each deficiency and the information needed to complete the application and documents.

b. Within the time provided in Table 1 for response to a deficiency notice, beginning on the date of mailing of a deficiency notice, an applicant shall submit to the Board the missing documents and information specified in the notice. The time frame for the Board to finish the administrative completeness review is suspended from the date the Board mails the deficiency notice to the applicant until the date the Board receives the missing documentation and information.

c. Under A.R.S. §32-1427(E), an applicant for an initial license by examination or endorsement who disagrees with the deficiency notice may request a hearing before the Board at its next regular meeting if there is time at that meeting to hear the matter. The board shall not delay a requested hearing beyond one regularly scheduled meeting. At any hearing granted under this subsection, the applicant shall have the burden of proof to demonstrate that the alleged deficiencies do not exist.

d. Under A.R.S. §32-1427(F), if an applicant for initial license by examination or endorsement does not submit the missing documents and information indicated in the deficiency notice within the time frame specified in subsection (B)(1)(b), the Board shall deem the application withdrawn.

2. If the application is administratively complete, the Board shall send a written notice of administrative completeness to the applicant.

3. If the application and submitted documents and information do not contain all of the components required by statute and rule, the Board shall send a written notice to the applicant informing the applicant that the application is deemed withdrawn.

C. For each type of license, permit, or registration issued by the Board, the substantive review time frame described in A.R.S. §41-1072(3) is listed at Table 1 and begins on the date the Board sends written notice of administrative completeness to the applicant.

1. During the substantive review time frame, the Board may make one comprehensive written request for additional information. The applicant shall submit to the Board the additional information identified by the comprehensive written request within the time provided in Table 1, beginning on the date of mailing of the comprehensive written request for additional information. The time frame for the Board to finish the substantive review is suspended from the date the Board mails the comprehensive written request for additional information to the applicant until the Board receives the additional information.

2. The Board shall issue a written notice of denial of license, permit, or registration if the Board determines that the applicant does not meet all of the substantive criteria required by statute and rule for a license, permit, or registration.

3. The Board shall issue a written notice informing the applicant that the application is deemed withdrawn if the applicant does not submit the requested additional information within the time frame in Table 1.

4. If the applicant meets all of the substantive criteria required by statute and rule for license, permit, or registration, the Board shall issue a license, permit, or registration to the applicant.

R4-16-105. Time Frames For License Renewal

A. For renewal of licensure, the overall time frame described in A.R.S. §41-1072(2) is 90 calendar days.

B. For renewal of licensure, the administrative completeness review time frame described in A.R.S. §41-1072(1) is 90 calendar days and begins on the date the Board receives the renewal application.

1. If the required application is not administratively complete, the Board shall send to the applicant a deficiency notice. The notice shall state each deficiency and the documents and information needed to complete the renewal application.

2. The 90-day time frame for the Board to finish the administrative completeness review is suspended from the date the Board mails the deficiency notice to the applicant until the date the Board receives the needed documents and information.

3. If an applicant does not submit a complete renewal application before May 1, the applicant's license expires, except that the license of a physician who does not renew the license and who has been advised in writing that an investigation is pending at the time the license is due to expire does not expire until the investigation is resolved. The license of a physician for whom an investigation is pending is suspended on the date it would otherwise expire and the physician shall not practice in this state until the investigation is resolved.

4. If the submitted application is administratively complete, the Board shall send a written notice of renewal to the applicant.

R4-16-106. Application For Licensure

A. For purposes of this Article, unless otherwise specified:

1. "ECFMG" means Educational Commission for Foreign Medical Graduates.

2. "FLEX" means Federation Licensing Examination.

3. "LMCC" means Licentiate of the Medical Council of Canada.

4. "Medical Condition" means the following physiological, mental, or psychological conditions or disorders:

a. chronic and uncorrected orthopedic, visual, speech, or hearing impairments;

b. cerebral palsy, epilepsy, muscular dystrophy, multiple sclerosis, cancer, heart disease, diabetes, mental retardation, HIV disease, or tuberculosis; or

c. specific learning disabilities, dementia, Alzheimer's, bipolar disorder, schizophrenia, paranoia, or any psychotic disorder.

5. "SPEX" means Special Purposes Examination.

6. "USMLE" means United States Medical Licensing Examination.

B. An applicant for licensure to practice medicine by endorsement, Step 3 of the USMLE, or by endorsement with the SPEX shall submit the following information on an application form provided by the Board:

1. Applicant's full name, social security number, business and home addresses, business and home telephone numbers, and date and place of birth;

2. Names of the states or provinces in which the applicant has applied for or has been granted a license or registration to practice medicine, including license number, date issued, and current status of the license;

3. Whether the applicant has had an application for medical licensure denied or rejected by another state or province licensing board, and if so, an explanation;

4. Whether any disciplinary or rehabilitative action has ever been taken against the applicant by another licensing board, including other health professions, and if so, an explanation;

5. Whether any disciplinary actions, restrictions, or limitations have been taken against the applicant while participating in any type of training program or by any health care provider, and if so, an explanation;

6. Whether the applicant has been found in violation of a statute, rule, or regulation of any domestic or foreign governmental agency, and if so, an explanation;

7. Whether the applicant is currently under investigation by any medical board or peer review body, and if so, an explanation;

8. Whether the applicant has ever had a medical license disciplined resulting in a revocation, suspension, limitation, restriction, probation, voluntarily surrender, cancellation during an investigation or entered into a consent agreement or stipulation, and if so, an explanation;

9. Whether the applicant has had hospital privileges revoked, denied, suspended, or restricted, and if so, an explanation;

10. Whether the applicant has been named as a defendant in a malpractice matter currently pending or that resulted in a settlement or judgment against the applicant, and if so, an explanation;

11. Whether the applicant has been subjected to any regulatory disciplinary action, including censure, practice restriction, suspension, sanction, or removal from practice, imposed by any agency of the federal or state government, and if so, an explanation;

12. Whether the applicant has had the authority to prescribe, dispense, or administer medications limited, restricted, modified, denied, surrendered, or revoked by a federal or state agency, and if so, an explanation;

13. Whether the applicant, within the last five years, has or had a medical condition that impairs or limits the applicant's ability to safely practice medicine, and if so, an explanation;

14. Whether the applicant engages in the illegal use of any controlled substance, habit- forming drug, or prescription medication, and if so, an explanation;

15.Whether the applicant has consumed intoxicating beverages resulting in the applicant's present ability to exercise the judgment and skills of a medical professional, being impaired or limited, and if so, an explanation;

16. Whether the applicant has been found guilty or entered into a plea of no contest to a felony, or misdemeanor involving moral turpitude in any state, and if so, an explanation;

17. A complete list of the applicant's internship, residency, and fellowship training;

18. Whether the applicant is currently certified by any of the American Board of Medical Specialties;

19. The applicant's intended specialty;

20. Consistent with the Board's statutory authority, other information the Board may deem necessary to fully evaluate the applicant;

21. A photograph of passport quality no larger than 2 _ X 3 inches taken not more than 60 days before the date of application; and

22. A notarized statement, signed by the applicant, verifying the truthfulness of the information provided, and that the applicant has not engaged in any acts prohibited by Arizona law or Board rules, and authorizing release of any required records or documents to complete application review.

C. In addition to the application form, an applicant for licensure to practice medicine by endorsement, Step 3 of the USMLE, or endorsement with the SPEX shall submit the following:

1. Certified copy of the applicant's birth certificate or passport;

2. Certified evidence of legal name change if the applicant's legal name is different from that shown on the document submitted under subsection (B)(1);

3. Complete list of all hospital affiliations and employment for the past five years;

4. Verification of any medical malpractice matter currently pending or resulting in a settlement or judgment against the applicant, including a copy of the complaint and either the agreed terms of settlement or the judgment. The verification must contain the name and address of each defendant, the name and address of each plaintiff, the date and location of the occurrence which created the claim and a statement specifying the nature of the occurrence resulting in the medical malpractice action; and

5. The fee required in A.R.S. §32-1436.

D. In addition to the requirements of subsections (A) and (B), an applicant for licensure to practice medicine by endorsement, by Step 3 of the USMLE, or by endorsement with the SPEX shall have the following directly submitted to the Board:

1. The following forms must be included with the application and be completed by persons other than the applicant:

a. Medical College Certification,

b. Postgraduate Training Certification,

c. Clinical Instructor Certification,

d. ECFMG certification if applicant is an international graduate,

e. Federation of State Medical Boards Disciplinary Search,

f. American Medical Association Physician Profile, and

g. Verification of American Board of Medical Specialty Certification, if applicable;

2. Examination and Board History Report scores for USMLE, FLEX, and SPEX;

3. Verification of LMCC exam score, state written exam score, or national board exam score;

4. Verification of licensure from every state in which the applicant has ever held a medical license; and

5. Verification of all hospital affiliations and employment for the past five years. This must be submitted by the verifying entity on its official letterhead.

R4-16-107. Application For Pro Bono Registration

A. An applicant for a pro bono registration to practice medicine shall submit an application on a form provided by the Board that provides the information required by R4-16-106(B).

B. In addition to the application, an applicant for a pro bono registration to practice medicine shall submit the following:

1. Certified copy of the applicant's medical degree diploma;

2. Certified copies of internship, residency, or fellowship certificates;

3. Photocopy of any current license to practice medicine in another state, territory, or possession of the United States or the District of Columbia, along with a letter from the medical board issuing the license, certifying that the license is current and in good standing;

4. Certified copy of ECFMG certificate, if applicable;

5. The fee required in §A.R.S. 32-1436.

C. In addition to the requirements of subsections (A) and (B), an applicant for pro bono registration shall have the following directly submitted to the Board:

1. American Medical Association physician profile;

2. Federation of State Medical Boards disciplinary search; and

3. Verification of licensure from every state in which the applicant has ever held a license.

R4-16-108. Application For Locum Tenens Registration

A. An applicant for a locum tenens registration to practice medicine shall submit an application on a form provided by the Board that provides the information required by R4-16-107A.

B. In addition to the application, an applicant for a locum tenens registration to practice medicine shall submit the following:

1. Certified copy of the applicant's medical degree diploma;

2. Certified copies of internship, residency, or fellowship certificates;

3. A statement completed by the sponsoring Arizona-licensed physician giving the reason for the request for issuance of the registration; and

ARTICLE 2
DISPENSING OF DRUGS

R4-16-201. Registration And Renewal

A. A physician who wishes to dispense a controlled substance as defined in A.R.S. §32-1901(12), a prescription-only drug as defined in A.R.S. §32-1901(65), or a prescription-only device as defined in A.R.S. §32-1901(64) shall be currently licensed to practice medicine in the state of Arizona and shall provide to the Board the following:

1. A completed registration form that includes the following information:

a. The physician's name, license number and field of practice;

b. A listing of the types of drugs and devices the physician will dispense; and

c. The location or locations where the physician will dispense a controlled substance, a prescription-only drug, or a prescription-only device.

2. A copy of the physician's current Drug Enforcement Administration Certificate of Registration for each dispensing location from which the physician will dispense a controlled substance.

3. The fees required in A.R.S. §32-1436.

B. A physician shall renew a registration to dispense a controlled substance, a prescription-only drug, or a prescription-only device by complying with the requirements set forth in subsection (A) on or before June 30 of each year. If a physician has made timely and complete application for the renewal of a registration, the physician may continue to dispense until the Board approves or denies the renewal application.

C. If the completed annual renewal form, all required documentation and the fee are not received in the Board's office on or before June 30, the physician shall not dispense any controlled substance, prescription-only drug, or prescription-only device until re-registered. The physician shall re-register by filing for initial registration under subsection (A) and shall not dispense a controlled substance, a prescription-only drug, or a prescription-only device until receipt of the re-registration.

R4-16-202. Packaging And Inventory; Exception

A. A physician shall dispense all controlled substances and prescription-only drugs in prepackaged containers or in light-resistant containers with consumer safety caps, that comply with standards specified in the official compendium as defined in A.R.S. §32-1901(49) and state and federal law, unless a patient or patient’s representative requests a non-safety cap.

B. All controlled substances and prescription-only drugs dispensed shall be labeled with the following information:

1. The physician's name, address and telephone number;

2. The date the controlled substance and prescription-only drug is dispensed;

3. The patient's name;

4. The controlled substance and prescription-only drug name, strength, and dosage, form, name of manufacturer, the quantity dispensed, directions for use, and any cautionary statement necessary for the safe and effective use of the controlled substance and prescription-only drug; and

5. A beyond-use-date not to exceed one year from the date of dispensing or the manufacturer’s expiration date if less than one year.

C. A physician shall secure all controlled substances in a locked cabinet or room and shall control access to the

cabinet or room by a written procedure that includes, at a minimum, designation of the persons who have access to the cabinet or room and procedures for recording requests for access to the cabinet or room. This written procedure shall be made available on demand to the Board or its authorized representatives for inspection or copying. Prescription-only drugs shall be stored so as not to be accessible to patients.

D. Controlled substances and prescription-only drugs not requiring refrigeration shall be maintained in an area where the temperature does not exceed 85o F.

E. A physician shall maintain an ongoing dispensing log for all controlled substances and the prescription-only drug nalbuphine hydrochloride (Nubain) dispensed by the physician. The dispensing log shall include the following

1. A separate inventory sheet for each controlled substance and prescription-only drug;

2. The date the drug is dispensed;

3. The patient’s name;

4. The dosage, controlled substance and prescription-only drug name, strength, dosage, form, and name of the manufacturer;

5. The number of dosage units dispensed;

6. A running total of each controlled substance and prescription-only drug dispensed; and

7. The signature of the physician written next to each entry.

F. A physician may use a computer to maintain the dispensing log required in subsection (E) if the log is quickly accessible through either on-screen viewing or printing of a copy.

G. This section does not apply to a prepackaged manufacturer sample of a controlled substance and prescription-only drug unless otherwise provided by federal law.

R4-16-203. Prescribing And Dispensing Requirements

A. A physician shall record on the patient's medical record the name, strength, dosage, and form, of the controlled substance, prescription-only drug, or prescription-only device dispensed, the quantity or volume dispensed, the date the controlled substance, prescription-only drug, or prescription-only device is dispensed, the medical reasons for dispensing the controlled substance, prescription-only drug, or prescription-only device, and the number of refills authorized.

B. Before dispensing a controlled substance, prescription-only drug, or prescription-only device to a patient, a physician shall review the prepared controlled substance, prescription-only drug, or prescription-only device to ensure that:

1. The container label and contents comply with the prescription; and

2. The patient is informed of the name of the controlled substance, prescription-only drug, or prescription-only device, directions for use, precautions, and storage requirements.

C. A physician shall purchase all dispensed controlled substances, prescription-only drugs, or prescription-only devices from a manufacturer or distributor approved by the United States Food and Drug Administration, or a pharmacy holding a current permit from the Arizona Board of Pharmacy.

D. The person who prepares a controlled substance, prescription-only drug, or prescription-only device for dispensing shall countersign and date the original prescription form for the controlled substance, prescription-only drug or prescription-only device.

E. For purposes of this article "dispensing" means the delivery of a controlled substance, prescription-only drug, or prescription-only device to a patient for use outside the physician's office.

R4-16-204. Record Keeping And Reporting Shortages

A. A physician who dispenses a controlled substance or prescription-only drug shall ensure that an original prescription dispensed from the physician's office is dated, consecutively numbered in the order in which it is originally dispensed, and filed separately from patient medical records. A physician shall ensure that an original prescription be maintained in three separate files, as follows:

1. Schedule II controlled substances;

2. Scheduled III, IV, and V controlled substances; and

3. Prescription-only drugs.

B. A physician shall ensure that purchase orders and invoices are maintained for all controlled substances and prescription-only drugs dispensed for profit and not for profit for three years from the date of the purchase order or invoice. Purchase orders and invoices shall be maintained in three separate files as follows:

1. Schedule II controlled substances only;

2. Schedule III, IV, and V controlled substances and nalbuphine; and

3. All other prescription-only drugs.

C. A physician who discovers a theft or loss of a controlled substance or a dangerous drug, as defined in A.R.S. §13-3401, from the physician's office shall:

1. Immediately notify the local law enforcement agency,

2. Provide that agency with a written report, and

3. Send a copy to the Drug Enforcement Administration and the Board within seven days of the discovery.

D. For purposes of this section, controlled substances are identified, defined, or listed in A.R.S. Title 36, Chapter 27.

R4-16-205. Inspections; Denial And Revocation

A. A physician shall cooperate with and allow access to the physician's office and records for periodic inspection of dispensing practices by the Board or its authorized representative. Failure to cooperate or allow access shall be grounds for revocation of a physician's registration to dispense a controlled substance, prescription-only drug, or prescription-only device or denial of renewal of the physician's dispensing registration.

B. Failure to comply with A.R.S. §32-1491 or this article constitutes grounds for denial or revocation of dispensing registration.

C. The Board shall revoke a physician's registration to dispense a controlled substance, prescription-only drug, or prescription-only device upon occurrence of the following:

1. Suspending, revoking, surrendering, or canceling the physician's license;

2. Placing the physician's license on inactive status;

3. Failing to timely renew the physician's license; or

4. Restricting the physician's ability to prescribe or administer medication, including loss or expiration of the physician's Drug Enforcement Administration Certificate of Registration.

D. If the Board denies a physician's dispensing registration, the physician may appeal the decision by filing a request, in writing, with the Board, no later than 30 days after receipt of the notice denying the registration.

ARTICLE 3
MEDICAL ASSISTANTS

R4-16-301. Definitions

For the purposes of A.R.S. Title 32, Chapter 13 and of this Chapter, unless the context otherwise requires:

"Approved medical assistant training program" means a program accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP), the Accrediting Bureau of Health Education Schools (ABHES), a medical assisting program accredited by any accrediting agency recognized by the United States Department of Education, or a training program designed and offered by a licensed allopathic physician, that meets or exceeds any of these three accrediting programs, and verifies the entry level competencies of a medical assistant referenced in R4-16-303.

R4-16-302. Medical Assistant Training Requirements

A. The supervising physician or physician assistant shall ensure that a medical assistant satisfies one of the following training requirements prior to the medical assistant's employment:

1. Completion of an approved medical assistant training program.

2. Completion of an unapproved medical assistant training program and passage of the medical assistant examination administered by either the American Association of Medical Assistants or the American Medical Technologists.

B. This rule does not apply to any person who:

1. Prior to the effective date of these rules completed an unapproved medical assistant training program and was employed as a medical assistant since completion of the program.

2. Prior to the effective date of these rules was directly supervised by the same physician, group of physicians, or physician assistant for at least 2000 hours.

3. Completes a medical services training program of the Armed Forces of the United States.

R4-16-303. Authorized Procedures For Medical Assistants

A. A medical assistant may perform, under the direct supervision of a physician or a physician assistant, the medical procedures listed in the April 1999, Commission on Accreditation of Allied Health Education Program's, "Standards and Guidelines for an Accredited Educational Program for the Medical Assistant, Section (2)(A)(5)(a through c)." The address is 35 East Wacker Drive, Suite 1970, Chicago, Illinois 60601. This material is incorporated by reference, does not include any later amendments or editions of the incorporated matter, and is on file with the Office of the Secretary of State.

B. In addition to the medical procedures in subsection (A), a medical assistant may administer the following under the direct supervision of a physician or physician assistant:

1. Whirlpool treatments;

2. Diathermy treatments,

3. Electronic galvation stimulation treatments,

4. Ultrasound therapy,

5. Massage therapy,

6. Traction treatments,

7. Transcutaneous Nerve Stimulation unit treatments,

8. Hot and cold pack treatments; and

9. Small volume nebulizer treatments.

ARTICLE 4
EXECUTIVE DIRECTOR DUTIES

R4-16-401. Interim Evaluation And Investigational Interview

A. The executive director may require a physician, who is under investigation by the Board, to submit to a mental, physical, oral, or written medical competency examination after the following:

1. Reviewing the allegations and investigator's summary of findings; and

2. Consulting with and receiving the agreement of the Board's supervising medical consultant or designee that an examination is necessary.

B. The executive director may request a physician to attend an investigational interview to answer questions regarding a complaint against the physician. Before issuing a request for an investigational interview, the executive director shall review the allegations and facts to determine whether an interview is necessary to provide information the Board needs to adjudicate the case. The executive director shall consult with and receive the agreement of either the investigation supervisor or supervising medical consultant that an investigational interview is necessary before requesting one.

C. The executive director shall report to the Board at each regularly scheduled Board meeting, a summary of the number and type of evaluations ordered and completed since the preceding Board meeting.

R4-16-402. Direct Referral To Formal Interview

The executive director shall refer a case to a formal interview on a future Board meeting agenda, if the medical consultant in cases involving quality of care, the investigative staff and the lead Board member concur after review of the case that a formal interview is appropriate.

R4-16-403. Request For Inactive Status And License Cancellation

A. If a physician requests inactive status or license cancellation and meets the requirements of A.R.S. §§32-1431 and 32-1433, and is not participating in the program defined in A.R.S. §32-1452, the executive director shall grant the request.

B. The executive director shall provide to the Board at each regularly scheduled Board meeting a list of the individuals granted inactive or cancelled license status since the preceding Board meeting.

R4-16-404. Interim Consent Agreement

The executive director may enter into an interim consent agreement with a physician if there is evidence that a restriction is needed to mitigate imminent danger to the public health and safety and the investigative staff, the

medical consultant, and the lead Board member concur after review of the case that a consent agreement is appropriate.

R4-16-405. Mediated Case

A. The executive director shall close a case resolved through mediation.

B. The executive director shall provide to the Board at each regularly scheduled Board meeting a list of the physicians whose cases are resolved through mediation since the preceding Board meeting.

R4-16-406. Referral To Formal Hearing

A. The executive director may directly refer a case to a formal hearing if the investigative staff, the medical consultant, and the lead Board member concur after review of the physician's case that a formal hearing is appropriate.

B. The executive director shall provide to the Board at each regularly scheduled Board meeting a list of the physicians whose cases were referred to formal hearing since the preceding Board meeting and whether the referral is for revocation, suspension or is a result of an out-of-state disciplinary action, or is due to complexity of the case.

R4-16-407. Dismissal Of Complaint

A. The executive director, with the concurrence of the investigative staff, shall dismiss a complaint if the review shows the complaint is without merit and dismissal is appropriate.

B. The executive director shall provide to the Board at each regularly scheduled Board meeting a list of physicians about whom complaints were dismissed since the preceding Board meeting.

R4-16-408. Denial Of License

A. The executive director shall deny a license to an applicant who does not meet statutory requirements for licensure if the executive director, in consultation with the investigative staff and the medical consultant concur after reviewing the application, that the applicant does not meet the statutory requirements.

B. The executive director shall provide to the Board at each regularly scheduled Board meeting a list of the physicians whose applications were denied since the preceding Board meeting.

R4-16-409. Non-Disciplinary Consent Agreement

The executive director may enter into a consent agreement under A.R.S. §13-1451(F) with a physician to limit the physician's practice or rehabilitate the physician if there is evidence that a licensee is mentally or physically unable to safely engage in the practice of medicine and the investigative staff, the medical consultant, and the lead Board member concur after review of the case that a consent agreement is appropriate.

R4-16-410. Appealing Executive Director Actions

A. Any person aggrieved by an action taken by the executive director may appeal that action to the Board. The aggrieved person shall file a written request to the Board:

1. Thirty days after notification of the action, if personally served; or

2. Thirty-five days after the date on the notification, if mailed.

B. The aggrieved person shall provide, in the written request, evidence showing:

1. An irregularity in the investigative process or the executive director's review deprived the party of a fair decision; or

2. Misconduct by Board staff, a Board consultant, or the executive director that deprived the party of a fair decision; or

3. Material evidence newly discovered that could have a bearing on the decision and that, with reasonable diligence, could not have been discovered and produced earlier.

C. The fact that the aggrieved party does not agree with the final decision is not grounds for a review by the Board.

D. If an aggrieved person fails to submit a written request within the time specified in subsection (A), the Board is relieved of the requirement to review actions taken by the executive director. The executive director may, however, evaluate newly provided information that is material or substantial in content to determine whether the Board should review the case.

E. If a written request is submitted that meets the requirements of subsection (B):

1. The Board shall consider the written request at its next regularly scheduled meeting;

2. If the written request provides new material or substantial evidence that requires additional investigation, the investigation shall be conducted as expeditiously as possible and the case shall be forwarded to the Board at the first possible regularly scheduled meeting.

ARTICLE 5
DISCIPLINARY ACTIONS

R4-16-501. Intent

The intent of these disciplinary rules is to provide the public and licensees with insight into how the Arizona Medical Board ("Board") determines whether there will be discipline and what the discipline will be. The Board has adopted Substantive Policy Statement No. 9, Explanation of Board Actions and Overview of Complaint Categories, which explains Board actions and provides an overview of complaint categories.

R4-16-502. Application

When the Board finds that a physician committed an act of unprofessional conduct the Board will then decide if the conduct rises to the level of discipline or merits a non-disciplinary action. Once the Board makes this determination, it will apply the rules contained in this Article and consider the aggravating and mitigating factors and the nature of the complaint. Because of factual circumstances, greater or lesser discipline than that listed in rule may be imposed in a particular case. Cases involving the same issue or conduct may not result in the same discipline because of aggravating and mitigating factors and factual differences in the cases.

R4-16-503. Acts Of Unprofessional Conduct

A physician commits an act of unprofessional conduct when the physician violates one or more subparagraphs of A.R.S. §32-1401(26). These statutory violations are referenced under the categories that follow.

1. "Violations Of Law" include those actions or omissions that violate A.R.S. §32-1401(26)(a), (d) or (s).

a. A one-time offense may result in either a Letter of Reprimand or Decree of Censure, the latter penalty for serious violations. Either may include probation.

b. Repetitive, egregious, or non-remediable offenses may result in Suspension, Revocation, or a Request for Voluntary Surrender of License.

2. "False Representations" include those actions or omissions that violate A.R.S. §32-1401(26)(m), (t), (v), (aa), (bb), (jj), (mm), or (qq).

a. A one-time offense may result in either a Letter of Reprimand or Decree of Censure, the latter penalty for serious violations. Either may include probation.

b. Repetitive, egregious, or non-remediable offenses may result in Suspension, Revocation, or a Request for Voluntary Surrender of License.

3. "Fee Issues" include those actions or omissions that violate A.R.S. §32-1401(26)(u), (v) or (w).

a. A one-time offense may result in either a Letter of Reprimand or Decree of Censure, the latter penalty for serious violations. Either may include probation.

b. Repetitive, egregious, or non-remediable offenses may result in Suspension, Revocation, or a Request for Voluntary Surrender of License.

4. "Sexual Conduct With Patient" includes those actions or omissions that violate A.R.S. §32-1401(26)(z).

a. A one-time offense may result in either a Letter of Reprimand or Decree of Censure, the latter penalty for serious violations. Either may include probation.

b. Repetitive, egregious, or non-remediable offenses may result in Suspension, Revocation, or a Request for Voluntary Surrender of License.

5. "Failure To Comply With A Board Investigation" includes those actions or omissions that violate A.R.S. §32-1401(26)(n), (dd) or (ee).

a. A one-time offense may result in either a Letter of Reprimand or Decree of Censure, the latter penalty for serious violations. Either may include probation.

b. Repetitive, egregious, or non-remediable offenses may result in Suspension, Revocation, or a Request for Voluntary Surrender of License.

6. "Failing To Disclose A Financial Connection" includes those actions or omissions that violate A.R.S. §32-1401(26)(ff).

a. A one-time offense may result in either a Letter of Reprimand or Decree of Censure, the latter penalty for serious violations. Either may include probation.

b. Repetitive, egregious, or non-remediable offenses may result in Suspension, Revocation, or a Request for Voluntary Surrender of License.

7. "Failing To Report Unprofessional Conduct" includes those actions or omissions that violate A.R.S. §32-1401(26)(oo) or (pp).

a. A one-time offense may result in either a Letter of Reprimand or Decree of Censure, the latter penalty for serious violations. Either may include probation.

b. Repetitive, egregious, or non-remediable offenses may result in Suspension, Revocation, or a Request for Voluntary Surrender of License.

8. "Prescribing Violations" include those actions or omissions that violate A.R.S. §32-1401(26)(h), (i), (j), (k), (hh), (kk) or (ss).

a. A one-time offense may result in a Letter of Reprimand or Decree of Censure, the latter penalty for serious violations. Either may include Probation.

b. Repetitive or egregious offenses may result in Decree of Censure, possibly with Probation, or Suspension, Revocation, or a request for Voluntary Surrender of License.

9. "False Advertising" includes those actions or omissions that violate A.R.S. §32-1401(26)(c).

a. A one-time occurrence of a minor nature may be issued an advisory letter.

b. Repetitive, egregious, or non-remediable offenses may result in a minimum penalty of a Letter of Reprimand.

10. "Medical Records Issues" includes those actions or omissions that violate A.R.S. §32-1401(26)(e) or (rr).

a. A one-time occurrence of a minor nature that does not depart from the standard of care may be issued an Advisory Letter.

b. Repetitive, egregious, or non-remediable offenses may result in a minimum penalty of Letter of Reprimand.

11. "Violations Of Board Orders" includes those actions or omissions that violate A.R.S. §32-1401(26)(r) or (nn).

a. A one-time offense may result in a minimum penalty of a Letter of Reprimand.

b. Repetitive or egregious offenses may result in a Decree of Censure with Probation, or Suspension, Summary Suspension, and/or Revocation.

12. "Actions Taken By Other Entities Against A Physician’s License" includes those actions listed in A.R.S. §32-1401(26)(o) or (p).

a. A one-time occurrence of a minor nature that does not depart from the standard of care may be issued an Advisory Letter.

b. Repetitive or egregious offenses may result in a minimum penalty of a Letter of Reprimand.

13. "Intentionally Disclosing Privileged Information" includes those actions or omissions that violate A.R.S. §32-1401(26)(b).

a. A one-time occurrence of a minor nature that does not depart from the standard of care may be issued an Advisory Letter.

b. Repetitive or egregious offenses may result in a minimum penalty of a Letter of Reprimand.

14. "Connection With, Or Enhancing Activities Of, Illegal Practitioner Or Medicine" includes those actions or omissions that violate A.R.S. §32-1401(26)(cc).

a. A one-time offense may result in either a Letter of Reprimand or Decree of Censure, the latter penalty for serious violations. Either may include probation.

b. Repetitive, egregious, or non-remediable offenses may result in Suspension, Revocation, or a Request for Voluntary Surrender of License.

15. "Use Of Chelation Therapy Outside Scope Of Statute" includes those actions or omissions that violate A.R.S. §32-1401(26)(gg).

a. A one-time occurrence of a minor nature that does not depart from the standard of care may be issued an Advisory Letter.

b. Repetitive or egregious offenses may result in a minimum penalty of a Letter of Reprimand

16. "Use Of Experimental Forms Of Diagnosis And Treatment Outside Scope Of Statute And Fetal Experiments In Violation Of A.R.S. §36-2302" includes those actions or omissions that violate A.R.S. §32-1401(26)(y) or (x).

a. A one-time occurrence may result in Probation with a provision for remedial training or an Advisory Letter if the Physician appears to be otherwise competent and there are no aggravating factors.

b. Repetitive or egregious offenses may result in a Letter of Reprimand or a Decree of Censure with Probation. Offenses that are not, or are unlikely to be remediated, may result in Suspension or Revocation.

17. "Improper Direction Of Licensed, Certified Or Registered Healthcare Providers" includes those actions or omissions that violate A.R.S. §32-1401(26)(ii).

a. A one-time occurrence may result in Probation with a provision for remedial training or an Advisory Letter if the Physician appears to be otherwise competent and there are no aggravating factors.

b. Repetitive or egregious offenses may result in a Letter of Reprimand or a Decree of Censure with Probation. Offenses that are not, or are unlikely to be remediated, may result in Suspension or Revocation.

18. "Departures From The Standard Of Care" includes those actions or omissions that violate A.R.S. §32-1401(26)(l), (q) or (ll).

a. Technical Errors:

i. When there has been a technical error, the Board may consider the following factors:

(1) Whether the procedure was otherwise performed within the standard of care;

(2) Whether the complication that occurred is a complication that is documented to occur when the procedure is otherwise competently performed;

(3) Whether the complication was recognized in a timely fashion and then treated appropriately;

(4) Whether the patient and/or the patient’s family was informed of the complication/error in a timely fashion; and

(5) Whether the proper informed consent was obtained from the patient prior to the procedure or surgery.

ii. A one-time technical error that answers the above questions in the affirmative may be adjudicated with an Advisory Letter to trend the specific error.

iii. A one-time technical error that does not answer the above questions in the affirmative may result in a Letter of Reprimand or a Decree of Censure.

iv. Repetitive or egregious technical errors may result in a Letter of Reprimand, Decree of Censure, Probation, Suspension or Revocation or any combination, depending on severity, frequency, the potential for remediation and other aggravating circumstances. The Board may also consider instituting emergency proceedings to restrict an area of a physician’s practice that is in question.

b. System Errors:

i. A one-time occurrence that is isolated and is not egregious may not typically rise to the level of discipline and may warrant an Advisory Letter to trend the complaint.

ii. Repetitive or egregious offenses may result in Probation with remediation measures and may also result in a Letter of Reprimand or a Decree of Censure.

c. Departures caused by cognitive issues involving the physician:

i. A one-time occurrence may warrant an Advisory Letter to trend the complaint if the physician appears to be otherwise careful and competent and there are no aggravating factors or may result in Probation with a provision for remedial training.

ii. Repetitive or egregious offenses may result in a Letter of Reprimand or a Decree of Censure with Probation. Offenses that are not, or are unlikely to be remediated, may result in Suspension or Revocation.

d. Departures caused by physical or mental health issues and the physician will not agree to voluntarily enter treatment:

i. A one-time offense may be resolved with Probation if the physical or mental health issue is treatable and remediable.

ii. Repetitive or egregious offenses involving a physical or mental health issue that is unlikely to be remediated may result in Suspension, Revocation or Voluntary Surrender of License.

19. "Departures From The Standard Of Care Caused By Chemical Dependency Or Substance Abuse" includes those actions or omissions that violate A.R.S. §32-1401(26)(f) or (g).

a. A one-time offense may be resolved with Probation. A violation with a significant departure from the standard of care may result in a minimum of a Letter of Reprimand and Probation.

b. Repetitive or egregious offenses may result in a minimum of Decree of Censure and Probation. Suspension or Revocation may be appropriate in some cases.

R4-16-504. Aggravating Factors Considered in Disciplinary Actions

When determining the degree of discipline, the Board may consider certain factors including, but not limited to, the following:

1. Prior disciplinary offenses;

2. Dishonest or selfish motive;

3. Pattern of misconduct; multiple offenses;

4. Bad faith obstruction of the disciplinary proceeding by intentionally failing to comply with rules or orders of the board;

5. Submission of false evidence, false statements or other deceptive practices during the investigative or disciplinary process;

6. Refusal to acknowledge wrongful nature of conduct; and

7. Vulnerability of the victim.

R4-16-505. Mitigating Factors Considered In Disciplinary Actions

When determining the degree of discipline, the Board may consider certain factors including, but not limited to, the following:

1. Absence of prior disciplinary record;

2. Absence of dishonest or selfish motive;

3. Timely good faith effort to rectify consequences of misconduct;

4. Interim rehabilitation;

5. Remoteness of prior offenses; and

6. How much control the physician has of processes in the specific practice setting.

TITLE 32
PROFESSIONS AND OCCUPATIONS

CHAPTER 25
PHYSICIAN ASSISTANTS

ARTICLE 1
GENERAL PROVISIONS

32-2501. Definitions

In this chapter, unless the context otherwise requires:

1. "Active license" means a regular or temporary license issued pursuant to this chapter.

2. "Adequate records" means legible medical records containing, at a minimum, sufficient information to identify the patient, support the diagnosis, justify the treatment, accurately document the results, indicate advice and cautionary warnings provided to the patient and provide sufficient information for another practitioner to assume continuity of the patient's care at any point in the course of treatment.

3. "Advisory letter" means a nondisciplinary letter to notify a physician assistant that either:

(a) While there is insufficient evidence to support disciplinary action, the board believes that continuation of the activities that led to the investigation may result in further board action against the licensee.

(b) The violation is a minor or technical violation that is not of sufficient merit to warrant disciplinary action.

(c) While the licensee has demonstrated substantial compliance through rehabilitation or remediation that he has mitigated the need for disciplinary action, the board believes that repetition of the activities that led to the investigation may result in further board action against the licensee.

4. "Approved program" means a physician assistant educational program that has been fully or provisionally accredited by the committee on allied health education and accreditation or by the commission on the accreditation for allied health education programs, or successor agencies, on the recommendation of the accreditation review committee on education for physician assistants.

5. "Board" means the Arizona regulatory board of physician assistants.

6. "Completed application" means an application for which the applicant has supplied all required fees, information and correspondence requested by the board on forms and in a manner acceptable to the board.

7. "Immediate family" means the spouse, natural or adopted children, father, mother, brothers and sisters of the physician assistant and the natural or adopted children, father, mother, brothers and sisters of the physician assistant's spouse.

8. "Letter of reprimand" means a disciplinary letter that is issued by the board and that informs the physician assistant that the physician assistant's conduct violates state or federal law and may require the board to monitor the physician assistant.

9. "Limit" means a nondisciplinary action taken by the board that alters a physician assistant's practice or medical activities if there is evidence that the physician assistant is or may be mentally or physically unable to safely engage in health care tasks.

10. "Medically incompetent" means that a physician assistant lacks sufficient medical knowledge or skills, or both, in performing delegated health care tasks to a degree likely to endanger the health or safety of patients.

11. "Minor surgery" means those invasive procedures that may be delegated to a physician assistant by a supervising physician that are consistent with the training and experience of the physician assistant, that are normally taught in courses of training approved by the board and that have been approved by the board as falling within a scope of practice of a physician assistant. minor surgery does not include a surgical abortion.

12. "Notification of supervision" means a written notice that is provided to the board by a supervising physician and that notifies the board that the physician intends to supervise a physician assistant. The physician shall provide this notice on a form prescribed by the board before the physician assistant begins work.

13. "Physician" means a physician licensed pursuant to chapter 13 or 17 of this title.

14. "Physician assistant" means a person who is licensed pursuant to this chapter and who performs health care tasks pursuant to a dependent relationship with a physician.

15. "Primary place for meeting patients" includes the supervising physician's office, health care institutions in which the supervising physician's patients are located or homes of patients.

16. "Regular license" means a valid and existing license issued pursuant to section 32-2521 to perform health care tasks. Regular license does not include a temporary license.

17. "Restrict" means a disciplinary action taken by the board that alters a physician assistant's practice or medical activities if there is evidence that the physician assistant is or may be medically incompetent or guilty of unprofessional conduct.

18. "Supervising physician" means a physician who holds a current unrestricted license, provides a notification of supervision, assumes legal responsibility for health care tasks performed by the physician assistant and is approved by the board. For purposes of this paragraph, a limited license issued pursuant to section 32-1426, subsection C, before November 2, 1998 is not a restriction.

19. "Supervising physician's agent" means a physician who holds a current unrestricted license, is a cosignatory on the notification of supervision, agrees to act as the supervising physician in the supervising physician's absence and is approved by the board. For purposes of this paragraph, a limited license issued pursuant to section 32-1426, subsection C, before November 2, 1998 is not a restriction.

20. "Supervision" means a physician's opportunity or ability to provide or exercise control over the services of a physician assistant. Supervision does not require a physician's constant physical presence if the supervising physician or the supervising physician's agent is or can be easily in contact with the physician assistant by radio, telephone or telecommunication.

21. "Unprofessional conduct" includes the following acts by a physician assistant that occur in this state or elsewhere:

(a) Violation of any federal or state law or rule that applies to the performance of health care tasks as a physician assistant. Conviction in any court of competent jurisdiction is conclusive evidence of a violation.

(b) Claiming to be a physician or knowingly permitting another person to represent that person as a physician.

(c) Performing health care tasks that have not been delegated by the supervising physician.

(d) Habitual intemperance in the use of alcohol or habitual substance abuse.

(e) Signing a blank, undated or predated prescription form.

(f) Gross malpractice, repeated malpractice or any malpractice resulting in the death of a patient.

(g) Representing that a manifestly incurable disease or infirmity can be permanently cured or that a disease, ailment or infirmity can be cured by a secret method, procedure, treatment, medicine or device, if this is not true.

(h) Refusing to divulge to the board on demand the means, method, procedure, modality of treatment or medicine used in the treatment of a disease, injury, ailment or infirmity.

(i) Prescribing or dispensing controlled substances or prescription-only drugs for which the physician assistant is not approved or in excess of the amount authorized pursuant to this chapter.

(j) Any conduct or practice that is or might be harmful or dangerous to the health of a patient or the public.

(k) Violation of a formal order, probation or stipulation issued by the board.

(l) Failing to clearly disclose the person’s identity as a physician assistant in the course of the physician assistant’s employment.

(m) Failing to use and affix the initials "P.A." or "P.A.-C." after the physician assistant's name or signature on charts, prescriptions or professional correspondence.

(n) Procuring or attempting to procure a physician assistant license by fraud, misrepresentation or knowingly taking advantage of the mistake of another.

(o) Having professional connection with or lending the physician assistant’s name to an illegal practitioner of any of the healing arts.

(p) Failing or refusing to maintain adequate records on a patient.

(q) Using controlled substances that have not been prescribed by a physician, physician assistant, dentist or nurse practitioner for use during a prescribed course of treatment.

(r) Prescribing or dispensing controlled substances to members of the physician assistant's immediate family.

(s) Prescribing, dispensing or administering any controlled substance or prescription-only drug for other than accepted therapeutic purposes.

(t) Knowingly making any written or oral false or fraudulent statement in connection with the performance of health care tasks or when applying for privileges or renewing an application for privileges at a health care institution.

(u) Committing of a felony, whether or not involving moral turpitude, or a misdemeanor involving moral turpitude. In either case, conviction by a court of competent jurisdiction or a plea of no contest is conclusive evidence of the commission.

(v) Refusal, revocation, suspension, limitation or restriction of a certification or license by any other licensing jurisdiction for the inability to safely and skillfully perform health care tasks or for unprofessional conduct as defined by that jurisdiction that directly or indirectly corresponds to any act of unprofessional conduct as prescribed by this paragraph.

(w) Sanctions including restriction, suspension or removal from practice imposed by an agency of the federal government.

(x) Violating or attempting to violate, directly or indirectly, or assisting in or abetting the violation of or conspiring to violate a provision of this chapter.

(y) Using the term "doctor" or the abbreviation "Dr." on a name tag or in a way that leads the public to believe that the physician assistant is licensed to practice as an allopathic or an osteopathic physician in this state.

(z) Failing to furnish legally requested information to the board or its investigator in a timely manner.

(aa) Failing to allow properly authorized board personnel to examine on demand documents, reports and records of any kind relating to the physician assistant's performance of health care tasks.

(bb) Knowingly making a false or misleading statement on a form required by the board or in written correspondence or attachments furnished to the board.

(cc) Failing to submit to a body fluid examination pursuant to an agreement with the board or an order of the board.

(dd) Violating a formal order, probation agreement or stipulation issued or entered into by the board or its executive director.

(ee) Except as otherwise required by law, intentionally betraying a professional secret or intentionally violating a privileged communication.

(ff) Allowing the use of the licensee's name in any way to enhance or permit the continuance of the activities of, or maintaining a professional connection with, an illegal practitioner of medicine or the performance of health care tasks by a person who is not licensed pursuant to this chapter.

(gg) False, fraudulent, deceptive or misleading advertising by a physician assistant or the physician assistant's staff or representative.

(hh) Knowingly failing to disclose to a patient on a form that is prescribed by the board and that is dated and signed by the patient or guardian acknowledging that the patient or guardian has read and understands that the licensee has a direct financial interest in a separate diagnostic or treatment agency or in nonroutine goods or services that the patient is being prescribed and if the prescribed treatment, goods or services are available on a competitive basis. This subdivision does not apply to a referral by one physician assistant to another physician assistant or to a doctor of medicine or a doctor of osteopathy within a group working together.

(ii) Using chelation therapy in the treatment of arteriosclerosis or as any other form of therapy.

(jj) Prescribing, dispensing or administering anabolic or androgenic steroids for other than therapeutic purposes.

(kk) Prescribing, dispensing or furnishing a prescription medication or a prescription-only device as defined in section 32-1901 to a person unless the licensee first conducts a physical examination of that person or has previously established a professional relationship with the person. this subdivision does not apply to:

(i) A physician assistant who provides temporary patient care on behalf of the patient's regular treating licensed health care professional.

(ii) Emergency medical situations as defined in section 41-1831.

(iii) Prescriptions written to prepare a patient for a medical examination.

(ll) Engaging in sexual conduct with a current patient or with a former patient within six months after the last medical consultation unless the patient was the licensee's spouse at the time of the contact or, immediately preceding the professional relationship, was in a dating or engagement relationship with the licensee. for the purposes of this subdivision, "sexual conduct" includes:

(i) Engaging in or soliciting relationships, whether consensual or nonconsensual.

(ii) Making sexual advances, requesting sexual favors or engaging in other verbal conduct or physical contact of a sexual nature with a patient.

(iii) Intentionally viewing a completely or partially disrobed patient in the course of treatment if the viewing is not related to patient diagnosis or treatment under current practice standards.

32-2502. Arizona regulatory board of physician assistants; membership; appointment; terms

A. The Arizona regulatory board of physician assistants is established consisting of the following members:

1. Four physician assistants who hold a current regular license pursuant to this chapter. The governor may appoint these members from a list of qualified candidates submitted by the Arizona state association of physician assistants. The governor may seek additional input and nominations before the governor makes the physician assistant appointments.

2. Two public members appointed by the governor.

3. Two physicians who are actively engaged in the practice of medicine and who are licensed pursuant to chapter 17 of this title, one of whom supervises a physician assistant at the time of appointment and who are appointed by the governor.

4. Two physicians who are actively engaged in the practice of medicine and who are licensed pursuant to chapter 13 of this title, one of whom supervises a physician assistant at the time of appointment and who are appointed by the governor.

B. The term of office of members of the board is four years to begin and end on July 1.

C. Each board member is eligible for appointment to not more than two full terms, except that the term of office for a member appointed to fill a vacancy that is not caused by the expiration of a full term is for the unexpired portion of that term and the governor may reappoint that member to not more than two additional full terms. Each board member may continue to hold office until the appointment and qualification of that member's successor. However, the entity that appoints a board member may remove that member, after notice and a hearing before that entity, on a finding of continued neglect of duty, incompetence or unprofessional or dishonorable conduct. That member's term ends when the entity makes this finding.

D. A board member's term automatically ends:

1. On written resignation submitted to the board chairperson or to an appointing entity.

2. If the member is absent from this state for more than six months during a one year period.

3. If the member fails to attend three consecutive regular board meetings.

4. Five years after retirement from active practice.

E. Board members are immune from civil liability for all good faith actions they take pursuant to this chapter.

41-3008.12. ARIZONA REGULATORY BOARD OF PHYSICIAN ASSISTANTS; termination July 1, 2008

A. The Arizona regulatory board of physician assistants terminates on July 1, 2008.

B. Title 32, chapter 25 is repealed on January 1, 2009.

32-2503. Organization; meetings; compensation

A. The board shall annually elect a chairperson and vice-chairperson from among its members.

B. The board shall hold a regular meeting at least quarterly on a date and at a time and place it designates. In addition, the chairperson may call special meetings the board deems necessary. The board shall hold special meetings on Saturdays as the chairperson may determine necessary to carry out the functions of the board.

C. Members of the board are eligible to receive compensation in the amount of two hundred dollars for each day of actual service in the business of the board and for all expenses necessarily and properly incurred in attending board meetings.

32-2504. Powers and duties; subcommittees

A. The board shall:

1. As its primary duty, protect the public from unlawful, incompetent, unqualified, impaired or unprofessional physician assistants.

2. License and regulate physician assistants pursuant to this chapter.

3. Order and evaluate physical, psychological, psychiatric and competency testing of licensees and applicants the board determines is necessary to enforce this chapter.

4. Review the credentials and the abilities of applicants for licensure whose professional records or physical or mental capabilities may not meet the requirements of this chapter.

5. Initiate investigations and determine on its own motion if a licensee has engaged in unprofessional conduct or is or may be incompetent or mentally or physically unable to safely perform health care tasks.

6. Establish fees and penalties pursuant to section 32-2526.

7. Develop and recommend standards governing the profession.

8. Engage in the full exchange of information with the licensing and disciplinary boards and professional associations of other states and jurisdictions of the United States and foreign countries and a statewide association for physician assistants.

9. Direct the preparation and circulation of educational material the board determines is helpful and proper for its licensees.

10. Approve notification of supervision including the selection of supervising physicians and supervising agents.

11. Discipline and rehabilitate physician assistants pursuant to this chapter.

12. Certify physician assistants for fourteen day prescription privileges for schedule II or schedule III controlled substances if the physician assistant:

(a) Within the preceding three years of application completed forty-five hours in pharmacology or clinical management of drug therapy or if at the time of application is certified by a national commission on the certification of physician assistants or its successor.

(b) Met any other requirement established by board rule.

B. The board may make and adopt rules necessary or proper for the administration of this chapter.

C. The chairperson may establish subcommittees consisting of board members and define their duties as the chairperson deems necessary to carry out the functions of the board.

D. Board employees, including the executive director, temporary personnel and professional medical investigators, are immune from civil liability for good faith actions they take to enforce this chapter.

E. In performing its duties pursuant to subsection A of this section, the board may receive and review staff reports on complaints, malpractice cases and all investigations.

32-2505. Personnel; consultants; compensation

A. The executive director employed by the Arizona medical board is the executive director of the Arizona regulatory board of physician assistants. The staff of the Arizona medical board shall carry out the administrative responsibilities of the Arizona regulatory board of physician assistants.

B. The executive director is eligible to receive compensationset by the board within the range determined under section 38-611.

C. The executive director or the executive director’s designee shall:

1. Employ, evaluate, dismiss, discipline and direct professional, clerical, technical, investigative and administrative personnel necessary to carry on the work of the board.

2. Set compensation for board employees within the range determined under section 38-611.

3. As directed by the board, prepare and submit recommendations for amendments to the physician assistant practice act for consideration by the legislature.

4. Appoint and employ medical consultants and agents necessary to conduct investigations, gather information and perform those duties the executive director determines are necessary and appropriate to enforce this chapter.

5. Issue licenses, registrations and permits to applicants who meet the requirements of this chapter.

6. Manage the board's offices.

7. Prepare minutes, records, reports, registries, directories, books and newsletters and record all board transactions and orders.

8. Collect all monies due and payable to the board.

9. Pay all bills for authorized expenditures of the board and its staff.

10. Prepare an annual budget.

11. Submit a copy of the budget each year to the governor, the speaker of the house of representatives and the president of the senate.

12. Initiate an investigation if evidence appears to demonstrate that a physician assistant may be engaged in unprofessional conduct or may be medically incompetent or mentally or physically unable to safely practice as a physician's assistant.

13. Issue subpoenas if necessary to compel the attendance and testimony of witnesses and the production of books, records, documents and other evidence.

14. Provide assistance to the attorney general in preparing and sign and execute disciplinary orders, rehabilitative orders and notices of hearings as directed by the board.

15. Enter into contracts to procure goods and services pursuant to title 41, chapter 23 that are necessary to carry out board policies and directives.

16. Execute board directives.

17. Represent the board in matters with the federal government, other states or jurisdictions of the United States, this state, political subdivisions of this state, the news media and the public.

18. Enter into stipulated agreements on behalf of the board with persons under the jurisdiction of the board for the treatment, rehabilitation or monitoring of chemical substance abuse or misuse.

19. Review all complaints filed pursuant to section 32-2551. If delegated by the board, the executive director may also dismiss a complaint if the complaint is without merit.

20. If delegated by the board, directly refer cases to a formal hearing.

21. If delegated by the board, close cases resolved through mediation.

22. If delegated by the board, issue advisory letters.

23. If delegated by the board, enter into a consent agreement if there is evidence of danger to the public health and safety.

24. If delegated by the board, grant uncontested requests for inactive status and cancellation of a license pursuant to this chapter.

25. If delegated by the board, refer cases to the board for a formal interview.

26. Perform all other administrative, licensing or regulatory duties required by the board.

D. Medical consultants and agents appointed pursuant to subsection c, paragraph 4 of this section are eligible to receive compensation determined by the executive director in an amount not to exceed two hundred dollars for each day of service.

E. A person who is aggrieved by an action taken by the executive director may request the board to review that action by filing with the board a written request within thirty days after that person is notified of the executive director's action by personal delivery or certified mail to that person's last known residence or place of business. At the next regular board meeting, the board shall review the executive director's action. On review, the board shall approve, modify or reject the executive director's action.

32-2506. Arizona medical board fund

A. Pursuant to sections 35-146 and 35-147, the board shall deposit ten percent of all monies collected pursuant to this chapter in the state general fund and deposit the remaining ninety per cent in the Arizona medical board fund.

B. Monies deposited in the fund pursuant to this section are subject to section 35-143.01.

32-2507. Licensee profiles; civil penalty

A. The board shall make available to the public a profile of each licensee. The board shall make this information available through an internet web site and, if requested, in writing. The profile shall contain the following information:

1. A description of any conviction of a felony or misdemeanor involving moral turpitude within the last five years. For purposes of this paragraph, a licensee is deemed to be convicted of a crime if the licensee pled guilty or was found guilty by a court of competent jurisdiction.

2. A description of any felony charges or misdemeanor charges involving moral turpitude within the last five years to which the licensee pled no contest.

3. The number of pending complaints and final board disciplinary and nondisciplinary actions, including dismissals, within the last five years. Information concerning pending complaints shall contain the following statement.

Pending complaints represent unproven allegations. On investigation, many complaints are found to be without merit and are dismissed.

4. Medical malpractice court judgments and all medical malpractice awards or settlements in which a payment is made to a complaining party within the last five years. Information concerning malpractice actions shall contain the following statement:

The settlement of a medical malpractice action may occur for a variety of reasons that do not necessarily reflect negatively on the professional competence or conduct of the physician assistant. A payment in settlement of a medical malpractice action does not create a presumption that medical malpractice occurred.

5. The name and location of the licensee's training and the date of graduation.

6. The licensee's primary practice location.

B. Each licensee shall submit the information required pursuant to subsection a each year as directed by the board. An applicant for licensure shall submit this information at the time of application. The applicant and licensee shall submit the information on a form prescribed by the board. A licensee shall submit immediately any changes in information required pursuant to subsection a, paragraphs 1, 2 and 4. The board shall update immediately its internet web site to reflect changes in information relating to subsection a, paragraphs 1 through 4. The board shall update the internet web site information at least annually.

C. The board shall provide each licensee with a copy of the licensee's profile and give the licensee reasonable time to correct the profile before it is available to the public.

D. It is an act of unprofessional conduct for a licensee to provide erroneous information pursuant to this section. In addition to other disciplinary action, the board may impose a civil penalty of not more than one thousand dollars for each erroneous statement.

ARTICLE 2
LICENSURE

32-2521. Qualifications

A. An applicant for licensure shall:

1. Have attended and completed a course of training for physician assistants approved by the board.

2. Pass a certifying examination approved by the board.

3. Be physically and mentally able to safely perform health care tasks as a physician assistant.

4. Have a professional record that indicates that the applicant has not committed any act or engaged in any conduct that constitutes grounds for disciplinary action against a licensee pursuant to this chapter.

5. Not have had a license to practice revoked by a regulatory board in another jurisdiction in the united states for an act that occurred in that jurisdiction that constitutes unprofessional conduct pursuant to this chapter.

6. Not be currently under investigation, suspension or restriction by a regulatory board in another jurisdiction in the united states for an act that occurred in that jurisdiction that constitutes unprofessional conduct pursuant to this chapter. If the applicant is under investigation by a regulatory board in another jurisdiction, the board shall suspend the application process and may not issue or deny a license to the applicant until the investigation is resolved.

7. Not have surrendered, relinquished or given up a license in lieu of disciplinary action by a regulatory board in another jurisdiction in the United Sates for an act that occurred in that jurisdiction that constitutes unprofessional conduct pursuant to this chapter.

B. The board may:

1. Require an applicant to submit written or oral proof of credentials.

2. Make such investigations as it deems necessary to advise itself with respect to the qualifications of the applicant including physical examinations, mental evaluations, written competency examinations or any combination of such examinations and evaluations.

3. Grant an exemption from the licensure requirements of this section to:

(a) A student enrolled in a physician assistant education program approved by the board in order for that student to work within that program. The student shall register with the board on a form prescribed by the board.

(b) A physician assistant who is an employee of the United States government and who works on land or in facilities owned or operated by the United States government or a physician assistant who is a member of the reserve components of the United States and on official orders or performing official duties as outlined in the appropriate regulation of that branch.

C. If the board finds that the applicant committed an act or engaged in conduct that would constitute grounds for disciplinary action in this state, before issuing a license the board must determine to its satisfaction that the act or conduct has been corrected, monitored and resolved. If the act or conduct has not been resolved, before issuing a license the board must determine to its satisfaction that mitigating circumstances exist that prevent its resolution.

D. If another jurisdiction has taken disciplinary action against an applicant, before issuing a license the board must determine to its satisfaction that the cause for the action was corrected and the matter was resolved. If the other jurisdiction has not resolved the matter, before issuing a license the board must determine to its satisfaction that mitigating circumstances exist that prevent its resolution.

E. The board may delegate to the executive director the authority to deny licenses to applicants who do not meet the requirements of this section.

32-2522. Applications; interview; withdrawal

A. Each applicant shall file a verified completed application in the form required and supplied by the board that is accompanied by the prescribed application fee.

B. The application shall be designed to require the submission of evidence, credentials and other proof necessary to satisfy the board that the applicant qualifies for licensure.

C. The application shall contain the oath of the applicant that:

1. All information contained in the application and evidence submitted with it are true and correct.

2. The credentials submitted were not procured by fraud or misrepresentation or any mistake of which the applicant is aware.

3. The applicant is the lawful holder of the credentials.

D. All applications submitted to the board and any attendant evidence, credentials or other proof submitted with an application are the property of the board and part of the permanent record of the board and shall not be returned to an applicant.

E. The board shall promptly notify an applicant, in writing, of the deficiencies, if any, in the application that prevent it from being a completed application.

F. The board or its representatives may interview an applicant to determine whether the application is sufficient.

G. Applications are considered withdrawn on any of the following conditions:

1. Written request of the applicant.

2. Failure of the applicant to appear for an interview with the board unless good cause is shown.

3. Failure to submit a completed application within one year from the date of the mailing by the board of a statement to the applicant of the deficiencies in the application pursuant to subsection E of this section.

H. On request of an applicant who disagrees with the statement of deficiency, the board shall grant a hearing before the board at its next regular meeting if there is time at that meeting to hear the matter. The board shall not delay this hearing beyond one regularly scheduled meeting. At any hearing granted pursuant to this subsection, the burden of proof is on the applicant to demonstrate that the alleged deficiencies do not exist.

I. The board may deny a license to an applicant who does not meet the requirements of this article.

J. If an applicant does not meet the requirements of section 32-2521, subsection A, paragraph 3, the board may issue a license subject to any of the following probationary conditions:

1. Restrict the licensee's practice.

2. Require the licensee to continue medical or psychiatric treatment.

3. Require the licensee to participate in a specified rehabilitation program.

4. Require the licensee to abstain from alcohol and other drugs.

K. If the board offers a probationary license to an applicant pursuant to subsection J of this section, it shall notify the applicant in writing of the following:

1. The applicant's specific deficiencies.

2. The probationary period.

3. The applicant's right to reject the terms of probation.

4. If the applicant rejects the terms of probation, the applicant's right to a hearing on the board's denial of the application.

32-2523. Licensure; renewal; continuing education; expiration

A. Each holder of a regular license shall renew the license on or before June 1 of each year by paying the prescribed renewal fee and supplying the board with information it deems necessary including proof of having completed twenty hours of category I continuing medical education approved by the American academy of physician assistants, the American medical association, the American osteopathic association or other accrediting organization acceptable to the board within the previous renewal year of July 1 through June 30.

B. If a holder of a regular license fails to renew the license on or before July 1 of each year that person shall pay the prescribed penalty fee for a late renewal.

C. If a holder of a regular license fails to renew the license on or before October 1 of each year, the license expires. It is unlawful for a person to perform health care tasks of a physician assistant after the license expires.

D. A person whose license expires may reapply for licensure pursuant to this chapter.

E. If a licensee does not meet the requirements of subsection A because of that person's illness, military service, religious missionary activity or residence in a foreign country or of any other extenuating circumstance, the board may grant an extension of the deadline if it receives a written request to do so from the licensee that details the reasons for this request.

32-3202. License or certificate suspension

The certificate or license of a health professional (physician assistant) who does not renew the certificate or license as prescribed by statute and who has been advised in writing that an investigation is pending at the time the certificate or license is due to expire or terminate does not expire or terminate until the investigation is resolved. The certificate or license is suspended on the date it would otherwise expire or terminate and the health professional (physician assistant) shall not practice in this state until the investigation is resolved.

32-2524. Temporary licensure

A. The board may issue a temporary license to an applicant who meets all the qualifications prescribed in section 32-2521, subsection A, paragraphs 1, 3, 4 and 5, submits evidence to the board that the applicant is eligible to take the certifying examination and pays the prescribed application fee. The applicant shall have the national commission on the certification of physician assistants submit to the board a letter that verifies the applicant's registration to sit for the physician assistant national certifying examination.

B. A temporary license is not effective for a term of more than sixteen months and expires on the occurrence of any one of the following:

1. Issuance of a regular license.

2. Failure to pass the certifying examination.

3. Expiration of the term for which the temporary license was issued.

C. The board shall not issue a temporary license to an applicant who has failed the national commission on the certification of physician assistants examination.

D. A physician assistant who holds a temporary license shall have the national commission on the certification of physician assistants submit verification directly to the board of that person's successful passage or failure of the physician assistant national certifying examination.

E. A physician assistant who holds a temporary license shall not prescribe any controlled substance as defined in the federal controlled substances act of 1970 (P.L. 91-513; 84 Stat. 1242; 21 United States code section 801).

F. Before being granted a temporary license, an applicant for a temporary license shall enter into a written agreement with the board to perform health care tasks only at the same geographic work site where the physician assistant's supervising physician sees patients.

32-2525. Cancellation of license

A. A person who holds an active regular license as a physician assistant, who is not presently under investigation by the board as the result of a complaint or information received by it, and against whom the board has not commenced any disciplinary proceedings, may request and the board shall grant cancellation of the license.

B. The board may accept the request to cancel the active regular license of a physician assistant who has been charged with a violation of this chapter or rules adopted pursuant to this chapter if the physician assistant admits the charges and stipulates this admission for the record.

32-2526. Fees

A. By a vote at its annual fall meeting, the board shall establish nonrefundable fees and penalties that do not exceed the following:

1. Processing an application for an active license, four hundred dollars.

2. Issuing an active license, four hundred dollars.

3. Application for a temporary license, one hundred dollars.

4. Conversion from a temporary license to a regular license, three hundred dollars.

5. Annual renewal of a regular license, a fee of not to exceed four hundred dollars.

6. Penalty fee for late renewal of a regular license, three hundred fifty dollars.

7. Issuance of a duplicate license, twenty-five dollars.

8. Approval of notification of supervision by a supervising physician, three hundred fifty dollars.

9. Application to transfer the responsibility of the supervising physician to an approved supervising physician's agent, two hundred dollars.

10. Adding a supervising physician agent subsequent to the approved notification of supervision, twenty-five dollars.

11. Verification of a license, ten dollars.

12. Copying records, documents, letters, minutes, applications and files, one dollar for the first three pages and twenty-five cents for each additional page.

13. For the sale of computerized tapes or diskettes that do not require programming, one hundred dollars.

14. For services not required to be provided by this chapter, but which the board deems appropriate to carry out the intent and purpose of this chapter, a fee not to exceed the actual cost of providing the services. Notwithstanding section 32-2506, the board shall deposit, pursuant to sections 35-146 and 35-147, all of the monies collected under this paragraph in the Arizona medical board fund established by section 32-1406.

B. Notwithstanding subsection A of this section, or written request the board may return the license renewal fee-for good cause shown.

C. The board may collect from a drawer of a dishonored check, draft order or note an amount allowed pursuant to section 44-6852.

32-2527. Change of address; penalty

A. A person holding an active license as a physician assistant in this state shall inform the board in writing within thirty days of that person's current residence address, office address and telephone number and of each change in residence and office address or telephone number that occurs. A residential address is not available to the public unless it is the only address of record.

B. The board may assess its costs incurred in locating a physician assistant who fails to comply with subsection A of this section within thirty days after the date of change. The board may also assess a penalty of not to exceed one hundred dollars against the physician assistant. Notwithstanding section 32-2506, monies collected pursuant to this subsection shall be deposited pursuant to sections 35-146 and 35-147, in the Arizona medical board fund established by section 32-1406.

32-2528. Inactive license; application; prohibited activities

A. A person who holds a regular license pursuant to this chapter may request an inactive license from the board if both of the following are true:

1. The licensee is not under investigation by the board.

2. The board has not begun disciplinary proceedings against the licensee.

B. The board may grant an inactive license and shall waive the annual renewal fee and requirements for continuing medical education if the person certifies total retirement from the performance of health care tasks in this state, any jurisdiction of the United States and any foreign country and is current on all fees required by this chapter.

C. An inactive licensee shall not perform health care tasks or continue to hold or maintain a drug enforcement administration controlled substance registration license. A licensee who performs health care tasks while holding an inactive license violates this chapter by performing health care tasks without a license.

D. The board may convert an inactive license to a regular license on payment of the annual renewal fee and presentation of evidence to the board that the holder possesses the medical knowledge and the physical and mental ability to safely engage in the performance of health care tasks. The board may require any combination of physical examination, psychiatric or psychological evaluation, oral competency examination or a board qualified written examination or interview it believes necessary to assist it in determining the ability of a physician assistant who holds an inactive license to return to regular licensure.

ARTICLE 3
SCOPE OF PRACTICE AND APPROVAL OF EMPLOYMENT

32-2531. Health care tasks; scope of practice; restrictions; civil penalty

A. After a supervising physician receives board approval of a notice of supervision, that physician may delegate health care tasks to the physician assistant. The physician assistant may perform these tasks in any setting authorized by the approved supervising physician and the board, pursuant to subsections E and F of this section, including clinics, hospitals, ambulatory surgical centers, patient homes, nursing homes and other health care institutions. These tasks may include:

1. Obtaining patient histories.

2. Performing physical examinations.

3. Ordering and performing diagnostic and therapeutic procedures.

4. Formulating a diagnostic impression.

5. Developing and implementing a treatment plan.

6. Monitoring the effectiveness of therapeutic interventions.

7. Assisting in surgery.

8. Offering counseling and education to meet patient needs.

9. Making appropriate referrals.

10. Prescribing schedule IV or V controlled substances as defined in the federal controlled substances act of 1970 (P.L. 91-513; 84 Stat. 1242; 21 United States code section 802) and prescription-only medications.

11. Prescribing schedule II and III controlled substances as defined in the federal controlled substances act of 1970.

12. Performing minor surgery as defined in section 32-2501.

13. Performing other nonsurgical health care tasks that are normally taught in courses of training approved by the board, that are consistent with the training and experience of the physician assistant and that have been properly delegated by the approved supervising physician.

B. The approved supervising physician shall:

1. Meet the requirements established by the board for supervising a physician assistant and receive written board notification of this compliance.

2. Accept responsibility for all tasks and duties the physician delegates to a physician assistant.

3. Notify the board and the physician assistant in writing if the physician assistant exceeds the scope of the delegated health care tasks.

4. Notify the board if the physician has delegated authority to the physician assistant to prescribe medication. The physician shall also notify the board if the physician makes any changes to this authority.

C. Supervision does not require the personal presence of the physician at the place where health care tasks are performed. The board by order may require the personal presence of a physician when designated health care tasks are performed.

D. A physician assistant shall meet in person with the supervising physician at least once each week to discuss patient management. If the supervising physician is unavailable due to vacation, illness or continuing education programs, a physician assistant may meet with the supervising physician's agent. If the supervising physician is unavailable for any other reason, the fulfillment of this responsibility by the supervising physician's agent is subject to board approval.

E. A physician assistant shall not perform health care tasks in a place which is geographically separated from the supervising physician's primary place for meeting patients without the authorization of the supervising physician and the board.

F. The board may approve the performance of health care tasks by a physician assistant in a place which is geographically separated from the supervising physician's primary place for meeting patients if:

1. Adequate provision for immediate communication between the supervising physician or supervising physician's agent and the physician assistant exists.

2. The physician assistant's performance of health care tasks is adequately supervised and reviewed.

3. A printed announcement which contains the names of the physician assistant and supervising physician and states that the facility employs a physician assistant who is performing health care tasks under the supervision of a licensed physician is posted in the waiting room of the geographically separated site.

G. At all times while a physician assistant is on duty, he shall wear a name tag with the designation "physician assistant" on it.

H. The board by rule may prescribe a civil penalty for a violation of this article relating to charting, wearing tags, identifying prescriptions and posting signs in geographically separated locations. The penalty shall not exceed fifty dollars for each violation. The board shall deposit, pursuant to sections 35-146 and 35-147, all monies it receives from this penalty in the state general fund. A physician assistant and the supervising physician may contest the imposition of this penalty pursuant to board rule. The imposition of a civil penalty is public information, and the board may use this information in any future disciplinary actions.

32-2532. Prescribing, administering and dispensing drugs; limits and requirements; notice

A. Except as provided in subsection F of this section, a physician assistant shall not prescribe, dispense or administer:

1. A schedule II or schedule III controlled substance as defined in the federal controlled substances act of 1970 (P.L. 91-513; 84 Stat. 1242; 21 United States Code section 802) without delegation by the supervising physician, board approval and drug enforcement administration registration.

2. A schedule IV or schedule V controlled substance as defined in the federal controlled substances act of 1970 without drug enforcement administration registration and delegation by the supervising physician.

3. Prescription-only medication without delegation by the supervising physician.

B. All prescription orders issued by a physician assistant shall contain the name, address and telephone number of the supervising physician. A physician assistant shall issue prescription orders for controlled substances under the physician assistant's own drug enforcement administration registration number.

C. Unless certified for fourteen day prescription privileges pursuant to section 32-2504, subsection A, a physician assistant shall not prescribe a schedule II or III controlled substance for a period exceeding seventy-two hours. For each schedule IV or schedule V controlled substance, a physician assistant may not prescribe the controlled substance more than five times in a six month period for each patient.

D. A prescription for a schedule II or III controlled substance is not refillable without the written consent of the supervising physician.

E. Prescription-only drugs shall not be dispensed, prescribed or refillable for a period exceeding one year.

F. Except in an emergency, a physician assistant may dispense schedule II or schedule III controlled substances for a period of use of not to exceed seventy-two hours with board approval or any other controlled substance for

a period of use of not to exceed thirty-four days and may administer controlled substances without board approval if it is medically indicated in an emergency dealing with potential loss of life or limb or major acute traumatic pain.

G. Except for samples provided by manufacturers, all drugs dispensed by a physician assistant shall be:

1. Prepackaged in a unit-of-use package by the supervising physician or a pharmacist acting on a written order of the supervising physician.

2. Labeled to show the name of the supervising physician and physician assistant.

H. A physician assistant shall not obtain a drug from any source other than the supervising physician or a pharmacist acting on a written order of the supervising physician. A physician assistant may receive manufacturers' samples if allowed to do so by the supervising physician.

I. If a physician assistant is approved by the board to prescribe, administer or dispense schedule II and schedule III controlled substances, the physician assistant shall maintain an up-to-date and complete log of all schedule II and schedule III controlled substances he administers or dispenses.

J. The board shall advise the state board of pharmacy and the United States drug enforcement administration of all physician assistants who are authorized to prescribe or dispense drugs and any modification of their authority.

K. The state board of pharmacy shall notify all pharmacies at least quarterly of physician assistants who are authorized to prescribe or dispense drugs.

32-2533. Supervising physician; supervizsing physician's agent; responsibilities

A. The supervising physician is responsible for all aspects of the performance of a physician assistant, whether or not the supervising physician actually pays the physician assistant a salary. The supervising physician is responsible for supervising the physician assistant and ensuring that the health care tasks performed by a physician assistant are within the physician assistant's scope of training and experience and have been properly delegated by the supervising physician.

B. A supervising physician shall not supervise more than two physician assistants who work the same hours at the same employment location.

C. A supervising physician may designate a supervising physician's agent to provide consultation and supervise a physician assistant when the supervising physician is not immediately available. The supervising physician remains responsible for the acts of a physician assistant when the physician assistant is supervised by a supervising physician's agent.

D. A supervising physician shall develop a system for recordation and review of all instances in which the physician assistant prescribes fourteen day prescriptions of schedule II or schedule III controlled substances. The board shall approve the system.

E. In order to act as a supervising physician or a supervising physician's agent, a physician shall:

1. Complete an application as prescribed by the board.

2. Hold a license pursuant to chapter 13 or 17 of this title and not hold a license under probation, restriction or suspension unrelated to rehabilitation.

3. Submit a statement that the supervising physician or supervising physician's agent is familiar with the statutes and rules regarding the performance of health care tasks of physician assistants and accepts responsibility for supervising the physician assistant.

F. A physician who violates the provisions of this chapter shall not serve as a supervising physician or supervising physician's agent.

G. The supervising physician's agent is responsible for the acts of a physician assistant in the absence of the supervising physician if the board approves. The board considers the supervising physician's agent's signature on a physician assistant's current notification of supervision to be acknowledgement by the supervising physician's agent that the agent understands and is familiar with the physician assistant's approved health care tasks.

H. A supervising physician or supervising physician's agent shall not delegate to the physician assistant any health care task that the supervising physician or supervising physician's agent does not have training or experience in and does not perform.

32-2534. Employment of physician assistant; application

A. A physician assistant shall not perform health care tasks until the supervising physician receives approval of the notification of supervision from the board.

B. A supervising physician shall file a notification of supervision in the form required and supplied by the board that is accompanied by the prescribed application fee. The notification shall include the following:

1. The supervising physician's field and type of practice, license number, address and telephone number.

2. Locations of the physician assistant's employment, including health care institutions.

3. The identity of all intended supervising physician's agents and their professional relationship to the supervising physician.

4. Guidelines the supervising physician or supervising physician's agents will follow to ensure timely supervision of the physician assistant's approved health care tasks.

5. A statement to the board indicating whether the physician has been approved by the board for supervision pursuant to section 32-2533.

6. A statement signed by the supervising physician, the supervising physician's agent and the physician assistant that indicates that they have read, are familiar with and shall abide by this chapter and rules adopted under this chapter.

C. The board shall promptly review each notification of supervision submitted for approval by a supervising physician.

D. If the notification of supervision includes a request for authority to prescribe, administer or dispense schedule II or schedule III controlled substances, the board shall review and may approve, modify or deny the request based on the following criteria:

1. The physician assistant's previous training and experience.

2. The physician assistant's previous performance.

3. The employment situation.

4. The availability of the supervising physician and supervising physician's agents.

5. A complete list of the United States drug enforcement administration's schedule of drugs that the supervising physician has delegated to the physician assistant for dispensing.

6. The certification of the physician assistant pursuant to section 32-2504, subsection A, paragraph 12 if the supervising physician intends to delegate fourteen day prescription privileges of schedule II or schedule III controlled substances.

E. If there are any deficiencies in the notification of supervision that prevent it from being complete, the board, promptly and in writing, shall notify the supervising physician of the deficiencies.

F. If the notification of supervision satisfies the requirements in subsection B of this section, the board may approve, modify or deny the supervision of a physician assistant by the supervising physician.

G. The board may approve the transfer of supervision of a physician assistant from one supervising physician to another supervising physician if the board approves that physician pursuant to section 32-2533. If the request for transfer is made before a physician assistant begins employment, the new supervising physician shall comply with subsection B of this section. If the request is for a transfer of employment of a physician assistant from a supervising physician to a supervising physician's agent and there is no change in the physician assistant's notification of supervision, the supervising physician's agent shall sign the physician assistant's current notification of supervision and pay the prescribed transfer fee. The transfer from a supervising physician to a supervising physician's agent is subject to board approval.

H. Within thirty days after an employer terminates the employment of a physician assistant, the supervising physician and the physician assistant shall submit a written report to the board that provides the date of termination and the reasons for the termination. The physician assistant shall not work as a physician assistant until the board approves another supervising physician.

ARTICLE 4
REGULATION

32-2551. Grounds for disciplinary action; duty to report; immunity; proceedings; board action; notice; civil penalty

A. The board on its own motion may investigate any evidence that appears to show that a physician assistant is or may be medically incompetent, is or may be guilty of unprofessional conduct or is or may be mentally or physically unable to carry out approved health care tasks. Any physician, physician assistant or health care institution as defined in section 36-401 shall, and any other person may, report to the board any information the physician, physician assistant, health care institution or other person has that appears to show that a physician assistant is or may be medically incompetent, is or may be guilty of unprofessional conduct or is or may be mentally or physically unable to carry out approved health care tasks. The board or the executive director shall notify the physician assistant and the approved supervising physician of the content of the reported information in writing within one hundred twenty days of its receipt of the information. Any physician, physician assistant, health care institution or other person that reports or provides information to the board in good faith is not subject to an action for civil damages as a result of reporting or providing information, and, if requested, the name of the reporter shall not be disclosed unless the information is essential to proceedings conducted pursuant to this section.

B. The board, or if delegated by the board the executive director, may require a mental, physical or medical competency examination or any combination of those examinations or may make investigations including

investigational interviews between representatives of the board and the physician assistant and the supervising physician as it deems necessary to fully inform itself with respect to any information reported pursuant to subsection A of this section. The board, or if delegated by the board the executive director, may require the physician assistant, at the physician assistant's expense, to undergo assessment by a board approved rehabilitative, retraining or assessment program.

C. If the board finds, based on the information it receives under subsections A and B of this section, that the public safety imperatively requires emergency action, and incorporates a finding to that effect in its order, the board may restrict a license or order a summary suspension of a license pending proceedings for revocation or other action. If the board acts pursuant to this subsection, the physician assistant shall also be served with a written notice of complaint and formal hearing, setting forth the charges, and is entitled to a formal hearing before the board or an administrative law judge on the charges within sixty days pursuant to title 41, chapter 6, article 10.

D. If, after completing its investigation, the board finds that the information provided pursuant to subsection A of this section is not of sufficient seriousness to merit disciplinary action against the physician assistant's license, it may take the following actions:

1. Dismiss if, in the opinion of the board, the complaint is without merit.

2. File an advisory letter. The licensee may file a written response with the board within thirty days after receiving the advisory letter.

E. If the board finds that it can take rehabilitative or disciplinary action without the presence of the physician assistant at a formal interview it may enter into a consent agreement with the physician assistant to limit or restrict the physician assistant's practice or to rehabilitate the physician assistant, protect the public and ensure the physician assistant's ability to safely practice. The board may also require the physician assistant to successfully complete a board approved rehabilitative, retraining or assessment program at the physician assistant's own expense.

F. The board shall not disclose the name of the person who provided the information regarding a licensee's drug or alcohol impairment or the name of the person who files a complaint if that person requests anonymity.

G. If, after completing its investigation, the board believes that the information is or may be true and that the information may be of sufficient seriousness to merit direct action against the physician assistant's license, it may request a formal interview with the physician assistant and the supervising physician. If the physician assistant refuses the invitation for a formal interview, the board may issue a formal complaint and order that a hearing be held pursuant to title 41, chapter 6, article 10. The board shall notify the physician assistant in writing of the time, date and place of the formal interview at least twenty days before the interview. The notice shall include the right to be represented by counsel and shall fully set forth the conduct or matters to be discussed.

H. After the formal interview, the board may take the following actions:

1. Dismiss if, in the opinion of the board, the information is without merit.

2. File an advisory letter. The licensee may file a written response with the board within thirty days after receiving the advisory letter.

3. Enter into a stipulation with the physician assistant to restrict or limit the physician assistant's practice or medical activities or to rehabilitate, retrain or assess the physician assistant, in order to protect the public and ensure the physician assistant's ability to safely perform health care tasks. The board may also require the physician assistant to successfully complete a board approved rehabilitative, retraining or assessment program at the physician assistant's own expense as prescribed in subsection E of this section.

4. File a letter of reprimand.

5. Issue a decree of censure. A decree of censure is a disciplinary action against the physician assistant's license and may include a requirement for restitution of fees to a patient resulting from violations of this chapter or rules adopted under this chapter.

6. Fix a period and terms of probation best adapted to protect the public health and safety and rehabilitate or educate the physician assistant. Failure to comply with any terms of probation is cause for initiating formal proceedings pursuant to title 41, chapter 6, article 10. Probation may include:

(a) Restrictions on the health care tasks the physician assistant may perform.

(b) Temporary suspension for not to exceed twelve months.

(c) Restitution of patient fees.

(d) Education or rehabilitation at the licensee's own expense.

I. If the board finds that the information provided pursuant to subsection A of this section warrants suspension or revocation of a physician assistant's license, it shall immediately initiate formal proceedings for the suspension or revocation of the license as provided in title 41, chapter 6, article 6. The notice of complaint and hearing is fully effective by mailing a true copy of the notice of complaint and hearing by certified mail addressed to the physician assistant's last known address of record in the board's files. The notice of complaint and hearing is complete at the time of its deposit in the mail.

J. A physician assistant who after a formal hearing pursuant to title 41, chapter 6, article 10 is found to be medically incompetent, guilty of unprofessional conduct or mentally or physically unable to safely carry out the physician assistant's approved health care tasks, or any combination of these, is subject to censure, probation, suspension or revocation, or any combination of these, for a period of time or permanently and under conditions the board deems appropriate for the protection of the public health and safety.

K. In a formal interview pursuant to subsection g of this section or in a hearing pursuant to subsection I of this section, the board in addition to any other action may impose a civil penalty in the amount of not less than three hundred dollars nor more than ten thousand dollars for each violation of this chapter or a rule adopted under this chapter.

L. An advisory letter is a public document and may be used in future disciplinary actions against a physician assistant.

M. The board may charge the costs of a formal hearing to the licensee if it finds the licensee in violation of this chapter.

N. If the board acts to modify a physician assistant's prescription writing privileges, the Arizona regulatory board of physician assistants shall immediately notify the Arizona state board of pharmacy and the United States drug enforcement administration of this modification.

O. If during the course of an investigation the board determines that a criminal violation may have occurred involving the performance of health care tasks, it shall provide evidence of the violation to the appropriate criminal justice agency.

P. The board may accept the surrender of an active license from a person who admits in writing to any of the following:

1. Being unable to safely engage in the practice of medicine.

2. Having committed an act of unprofessional conduct.

3. Having violated this chapter or a board rule.

Q. In determining the appropriate disciplinary action under this section, the board shall consider all previous nondisciplinary and disciplinary actions against a licensee.

32-2552. Right to examine and copy evidence; subpoena authority; right to counsel; confidentiality of records

A. In connection with an investigation conducted by the board on its own motion or as the result of information received pursuant to section 32-2551, subsection A, the board or its duly authorized agent or employee shall at all reasonable times have access to, for the purpose of examination, and the right to copy any documents, reports, records or other physical evidence of any person being investigated or the reports, the records and any other documents maintained by and in the possession of any hospital, clinic, physician's office, physician assistant's office, laboratory, pharmacy, health care institution as defined in section 36-401 or other public or private agency if the documents, reports, records or evidence relate to a physician assistant's medical competence, unprofessional conduct or mental or physical ability to safely engage in the physician assistant's approved health care tasks.

B. For the purpose of all investigations and proceedings conducted by the board:

1. On its own motion or on application of a person involved in an investigation, the board may issue subpoenas compelling the attendance and testimony of witnesses or demanding the production of documents or any other physical evidence for examination or copying if the evidence relates to the medical incompetence, unprofessional conduct or mental or physical ability of a physician assistant to safely perform health care tasks. Within five days after service of a subpoena requiring the production of evidence in the person's possession or under the person's control, the person may petition the board to revoke, limit or modify the subpoena. The board shall do so if it believes that the evidence required does not relate to violations of this chapter, is not relevant to the subject matter of the hearing or investigation or does not describe with sufficient particularity the physical evidence requested.

2. A person appearing before the board may be represented by counsel.

3. A board member or agent designated by the board may administer oaths or affirmations, examine witnesses and receive evidence.

4. On application by the board or by the person subpoenaed, the superior court has jurisdiction to issue an order to do either of the following:

(a) Require a person to appear before the board or its authorized agent to produce evidence relating to the investigation.

(b) Revoke, limit or modify a subpoena if the court determines that the evidence does not relate to a violation of this chapter, is not relevant to the hearing or investigation or does not describe with sufficient particularity the physical evidence requested.

C. The following items are not available to the public:

1. Patient records, including clinical records, medical reports and laboratory statements and reports.

2. Files, films, reports or oral statements relating to diagnostic findings or treatment of patients.

3. Any information from which a patient or the patient's family might be identified.

4. Information received and records kept by the board in its investigations.

D. This section and any other provision of law that makes communications between a physician or a physician assistant and the physician assistant's patient a privileged communication does not apply to investigations or proceedings conducted pursuant to this chapter. The board and its employees, agents and representatives shall keep in confidence the names of any patients whose records are reviewed during the course of investigations and proceedings pursuant to this chapter.

E. Hospital records, medical staff records, medical staff review committee records, testimony concerning those records and proceedings related to the creation of those records are not available to the public, shall be kept confidential by the board and are subject to the same provisions of law concerning discovery and use in legal actions as are the original records in the possession and control of hospitals, medical staffs and medical staff review committees.

32-2553. Judicial review

Except as provided in section 41-1092.08, subsection H, final decisions of the board are subject to judicial review pursuant to title 12, chapter 7, article 6.

32-2554. Violations; classification

A. A person who does any of the following is guilty of a class 6 felony:

1. Performs a health care task if that person is not licensed pursuant to this chapter or is not exempt from licensure pursuant to this chapter.

2. Secures a license to perform health care tasks by fraud or deceit.

3. Impersonates a member of the board.

B. A person who is not licensed pursuant to this chapter shall not use the designation "P.A.", "P.A.-C." or "physician assistant" or use of any other words, initials or symbols in a way that leads the public to believe that the person is licensed pursuant to this chapter. A person who violates this subsection is guilty of a class 2 misdemeanor.

32-2555. Injunction

A. The superior court may issue an injunction to enjoin:

1. A person who is not licensed pursuant to this chapter or who is not exempt from licensure pursuant to this chapter from performing health care tasks.

2. A physician assistant from performing health care tasks if the court determines that the licensee will or may cause irreparable damage to the public health and safety before the board has an opportunity to act pursuant to section 32-3551.

3. An act proscribed in section 32-2554, subsection B.

B. In a petition for an injunction pursuant to subsection A, paragraph 1 of this section, it is sufficient for the petitioner to charge that the respondent on a day certain in a named county engaged in the performance of health care tasks without being licensed or exempt from licensure pursuant to this chapter. It is not necessary for the petitioner to show damage or injury.

C. In a petition for an injunction pursuant to subsection A, paragraph 2 of this section, the petitioner shall specify the facts regarding the licensee's threat to the public health and safety.

D. The board shall file the petition in the superior court in Maricopa county or in the county where the respondent resides or is found.

32-2556. Human immunodeficiency virus; disclosure; immunity; definition

A. It is not an act of unprofessional conduct for a licensee to report to the department of health services the name of a patient's spouse, sex partner or person with whom the patient has shared hypodermic needles or syringes if the licensee knows that the patient tests positive for the human immunodeficiency virus and that the patient has not or will not notify these people and refer them to testing. Before reporting this information to the department of health services the licensee shall ask the patient to release this information voluntarily.

B. It is not an act of unprofessional conduct for a licensee who knows or who has reason to believe that a significant exposure has occurred between a patient who tests positive for the human immunodeficiency virus and a health care worker or a public safety employee to inform the worker or employee of the exposure. Before disclosing this information the licensee shall ask the patient to disclose this information voluntarily. If the patient does not agree to do this, the licensee may disclose the information in a manner that does not identify the patient.

C. This section does not impose a duty to disclose information. A licensee is not subject to civil or criminal liability for either disclosing or not disclosing information.

D. If a licensee decides to make a disclosure pursuant to this section the licensee may request the department of health services to make the disclosure on the licensee's behalf.

E. For the purposes of this section, "significant exposure" means contact of a person's ruptured or broken skin or mucous membranes with another person's blood or body fluid, other than tears, saliva or perspiration, of a magnitude that the centers for disease control of the United States public health service have epidemiologically demonstrated can result in the transmission of the human immunodeficiency virus.

32-2557. Disciplinary action; reciprocity

A. The board shall initiate an investigation pursuant to section 32-2551 if a professional regulatory board in another jurisdiction in the united states has taken disciplinary action against a licensee for an act that occurred in that jurisdiction that constitutes unprofessional conduct pursuant to this chapter.

B. The board shall order the summary suspension of a license pending proceedings for revocation or other action if a professional regulatory board in another jurisdiction in the United States has taken the same action because of its belief that the public health, safety or welfare imperatively required emergency action.

32-2558. Reinstatement of revoked license

A. On written application the board may issue a new license to a physician assistant whose license was previously revoked by the board if the applicant demonstrates to the board’s satisfaction that the applicant is completely rehabilitated with respect to the conduct that was the basis for the revocation. In making its decision the board shall determine:

1. That the applicant has not engaged in any conduct during the revocation period that would have constituted a basis for revocation pursuant to section 32-2551.

2. If a criminal conviction was a basis of the revocation, that the applicant's civil rights have been fully restored pursuant to statute or any other applicable recognized judicial or gubernatorial order.

3. That the applicant has made restitution to any aggrieved person as ordered by a court of competent jurisdiction.

4. That the applicant demonstrates any other standard of rehabilitation the board determines is appropriate.

B. Except as provided in subsection C of this section, a person shall not submit an application for reinstatement less than two years after the date of revocation.

C. The board shall vacate its previous order to revoke a license if that revocation was based on a conviction of a felony or an offense involving moral turpitude and that conviction has been reversed on appeal. The physician assistant may submit an application for reinstatement as soon as the court enters the reversal.

D. An applicant for reinstatement shall comply with all initial licensing requirements prescribed by this chapter.

b. An order transmitted to a pharmacist by word of mouth, telephone, or other means of communication.

17. "Service" means personal delivery or mailing by certified mail to a physician assistant, supervising physician, supervising physician's agent, or applicant affected by a decision of the Board at the physician assistant's, supervising physician's, supervising physician's agent, or applicant's last known residence or place of business.

18. "State fiscal year" means from July 1 of 1 calendar year to June 30 of the next calendar year.

19. "Supervision" means a physician's opportunity or ability to provide or exercise control and direction over the services of a physician assistant. Supervision does not require a physician's constant physical presence if the supervising physician or the supervising physician's agent is or can be easily in contact with the physician assistant by radio, telephone or telecommunication. A.R.S. § 32-2501

R4-17-102. Time frames for Certifications and Approvals

A. For each type of certification, renewal of certification, or approval issued by the Board, the overall time-frame described in A.R.S. § 41-1072(2) is set forth in Table 1.

B. For each type of certification, renewal of certification, or approval issued by the Board, the administrative completeness review time-frame described in A.R.S. § 41-1072(1) is set forth in Table 1 and begins on the date the Board receives an application.

1. If the application is not administratively complete, the Board shall send a deficiency notice to the applicant.

a. The deficiency notice shall state each deficiency and the information needed to complete the application.

b. Within the time provided in Table 1 for response to the deficiency notice, the applicant shall submit to the Board the missing information specified in the deficiency notice. The time-frame for the Board to finish the administrative completeness review is suspended from the date the Board mails the deficiency notice to the applicant until the date the Board receives the missing information.

c. If the applicant does not submit the missing information within the time to respond to the deficiency notice set forth in Table 1, the Board shall send a written notice to the applicant informing the applicant that the application is deemed withdrawn.

2. If the application is administratively complete, the Board shall send a written notice of administrative completeness to the applicant.

C. For each type of certification, renewal of certification, or approval issued by the Board, the substantive review time-frame described in A.R.S. § 41-1072(3) is set forth in Table 1 and begins on the date the Board sends written notice of administrative completeness to the applicant.

1. During the substantive review time frame, the Board may make 1 comprehensive written request for additional information. The applicant shall submit the additional information within the time provided in Table 1 for response to a comprehensive written request for additional information. The time frame for the Board to finish the substantive review is suspended from the date the Board mails the request until the Board receives the information.

2. The Board shall issue a written notice informing the applicant that the application is deemed withdrawn if the applicant does not submit the requested additional information within the time frame in Table 1.

3. The Board shall issue a written notice of denial of certification, renewal of certification, or approval if the Board determines that the applicant does not meet all of the substantive criteria required by statute or this Chapter for certification, renewal of certification, or approval.

4. If the applicant meets all of the substantive criteria required by statute and this Chapter for certification, renewal of certification, or approval the Board shall issue the certification, renewal of certification, or approval to the applicant.

F. In computing any period of time prescribed in this Section, the day of the act, event, or default shall not be included. The last day of the period shall be included unless it is Saturday, Sunday, or a state holiday, in which event the period runs until the end of the next day that is not a Saturday, Sunday, or state holiday. The computation shall include intermediate Saturdays, Sundays, and holidays. The time period for an applicant to respond to a deficiency notice or request for additional information shall commence on the date of personal service or the date of mailing.

PHYSICIAN ASSISTANT CERTIFICATION

R4-17-201. Physician Assistant Student Training Registration Exemption

A. A physician assistant student who wishes an exemption from regular certification while in the course of an approved physician assistant training program in accordance with A.R.S. §32-2521(B)(3)(a) shall provide the following information to the Board at least 10 days before beginning the clinical phase of the training program, on an application form provided by the Board:

1. Physician assistant student's full name, current complete address, and date of birth;

2. Consistent with the Board's statutory authority, such other information as the Board may deem necessary to fully evaluate the student's application; and

3. A notarized sworn statement by the student verifying the truthfulness of the information provided.

B. In addition to the requirements of subsection (A), a physician assistant student applying for an exemption from regular certification shall have the physician assistant program dean or director execute and directly submit to the Board a notarized physician assistant program certification on a form provided by the Board that certifies the following:

1. The student is currently engaged in a physician assistant training program;

2. The name of the program;

3. The date the program was approved for physician assistant training by CAAHEP; and

4. The student's training commencement date and anticipated date of completion.

R4-17-202. Certifying Examination

A. An applicant for certification as a physician assistant shall pass the PANCE.

B. An applicant who presents a certificate issued by the NCCPA that shows the applicant passed either the PANCE or the NCCPA recertification examination within the 6-year period preceding presentation of the certificate to the Board shall be deemed to have met the requirement of A.R.S. §32-2521(A)(2).

R4-17-203. Temporary Certification of a Physician Assistant

A. An applicant for temporary certification as a physician assistant shall submit the following information on an application form furnished by the Board:

1. Applicant's full name and social security number;

2. Applicant's mailing and office addresses;

3. Applicant's home and office phone numbers;

4. Applicant's birth place and date of birth;

5. Names of the states or provinces in which the applicant has been granted a certification, registration, or license as a physician assistant, including certificate number, date issued, and current status of the certification;

6. Whether the applicant has had an application for certification, registration, or licensure to perform health care tasks denied or rejected by another state or province licensing board, and if so, an explanation;

7. Whether a health care provider has taken an action against or placed a restriction or limitation upon the applicant, or whether the applicant has been placed on probation or academic probation while the applicant was participating in a training program, and if so, an explanation;

8. Whether the applicant has been charged with a violation of a statute, rule, or regulation of any domestic or foreign governmental agency, and if so, an explanation;

9. Whether the applicant has been found guilty or entered into a plea of no contest to a felony, or misdemeanor involving moral turpitude in any state, and if so, an explanation;

10. Whether an action has been initiated against the applicant by or through any medical board or association, and if so, an explanation;

11. Whether the applicant has been placed on probation or had a certification to perform health care tasks revoked, suspended, limited, restricted, voluntarily surrendered, or canceled during an investigation or instead of disciplinary action, or entered into a consent agreement or stipulation, and if so, an explanation;

12. Whether the applicant has had hospital privileges revoked, denied, suspended, or restricted, and if so, an explanation;

13. Whether the applicant has been named as a defendant in a malpractice matter that resulted in a settlement or judgment against the applicant in excess of $20,000, and if so, an explanation;

14. Whether the applicant has been convicted of Medicare or Medicaid fraud or received sanctions, including restriction, suspension, or removal from practice, imposed by an agency of the federal government, and if so, an explanation;

15. Whether the applicant has had the authority to prescribe, dispense, or administer medications limited, restricted, modified, denied, surrendered, or revoked by a federal or state agency, and if so, an explanation;

16. Whether the applicant has a chronic ailment communicable to others, and if so, an explanation;

17. Whether the applicant has a medical condition that impairs or limits the applicant's ability to safely practice a health care task within the scope of practice of a physician assistant, and if so, an explanation;

18. Whether the applicant, within the last 10 years, has been diagnosed with or treated for bi-polar disorder, schizophrenia, paranoia, or any other psychotic disorder, and if so, an explanation;

19. Whether the applicant has, since attaining the age of 18 or within the last 10 years, whichever period is shorter, been admitted to a hospital or other facility for the treatment of bi-polar disorder, schizophrenia, paranoia, or any other psychotic disorder, and if so, an explanation;

20. Whether the applicant has taken a leave of absence, other than for pregnancy, during the applicant's physician assistant training program, preceptorship training, or other practice, and if so, an explanation;

21. Applicant's whereabouts and nature of practice since graduation from physician assistant training to present, indicating the exact month, date, and year for each;

22. Consistent with the Board's statutory authority, such other information as the Board may deem necessary to fully evaluate the applicant; and

23. A records or documentation release and a sworn statement by the applicant verifying the truthfulness of the information provided by the applicant and that the applicant has not engaged in any acts prohibited by Arizona law or Board rules.

B. In addition to the application form, an applicant for temporary certification shall submit the following:

1. Certified photocopy of the applicant's birth certificate or the applicant's passport;

2. Certified evidence of legal name change if the applicant's legal name is different from that shown on the document submitted in accordance with subsection (B)(1);

3. Photocopy of any certificate of release from the U.S. military or public health service or, if applicable, a letter from any commanding officer setting forth the dates of active duty, assignments, and anticipated date of release from active duty;

4. Photocopy of the applicant's diploma awarded upon successful completion of a physician assistant training program or a letter from the program that provides the date of the applicant's successful completion;

5. A form provided by the Board, completed by the applicant, that lists all current or past employment with medical agencies or supervising physicians within the 5 years preceding the date of application or since graduation from a physician assistant program, if less than 5 years, including the agency or physician name, address, and date of employment;

6. An affidavit completed and subscribed under oath by the applicant that certifies the applicant has received a copy of, read, and will comply with the laws and rules governing the performance of health care tasks by physician assistants in Arizona; and

7. The required fee.

C. In addition to the requirements of subsection (A) and (B), an applicant for temporary certification shall have the following directly submitted to the Board:

1. Letter verifying the applicant's registration for the NCCPA certifying examination from the NCCPA;

2. All of the forms included with the application which are to be completed by persons other than the applicant, including the disciplinary investigation form for the Federation of State Medical Boards, the physician assistant training program certification, and the verification of certification/licensure/registration, completed by the appropriate parties; and,

3. Medical agency of employment/supervising physician form provided by the Board and completed by the applicant's supervising physicians for the 5 years preceding the date of application.

D. Prior to being granted a temporary certification by the Board, an applicant for a temporary certification shall enter into a written agreement with the Board in which the applicant agrees to perform health care tasks only in settings where the supervising physician practices medicine at the same geographic location at all times. The

temporary certification shall terminate 6 months from the date of issuance, upon the issuance of a permanent certificate, or immediately upon the physician assistant failing the NCCPA certification examination, whichever occurs 1st.

R4-17-204. Certification of Physician Assistant

A. An applicant for certification as a physician assistant shall submit an application on a form furnished by the Board that provides the information required by R4-17-203(A).

B. In addition to the application, an applicant for certification shall submit the documents and information required by R4-17-203(B):

C. In addition to the requirements of subsections (A) and (B), the applicant shall have the following directly submitted to the Board:

1. A copy of the applicant's certificate of successful completion of the NCCPA examination and the applicant's examination score provided by the NCCPA;

2. A form provided by the Board, completed and signed by the Coordinator of the Disciplinary Data Bank, The Federation of State Medical Boards, that includes the applicant's full name and address, birth date, physician assistant training program name and location, and date of the applicant's degree or graduation for purposes of a disciplinary search.

3. A form provided by the Board, completed, signed, and authenticated by seal or notarization by the director or administrator of the physician assistant program that granted the applicant a physician assistant degree, that includes the applicant's full name, type of degree, name of program, date the applicant's degree was granted, date of the applicant's matriculation, and a 2 1/2" by 3" passport type photo of the applicant taken within 60 days of the date of application and endorsed across the front by the applicant's signature. The program shall also provide the following information:

a. Whether the applicant was required to repeat any segment of training;

b. Whether any action was taken against or restriction, limitation, including probation or academic probation, was placed upon the applicant while the applicant was participating in the training program;

c. Whether the applicant was counseled regarding performance or behavior in the training program;

d. Whether the applicant took a leave of absence, other than for pregnancy, during the applicant's training program or preceptorship;

e. Whether the student has a chronic ailment communicable to others;

f. Whether the applicant has a medical condition that in any way impairs or limits the applicant's ability to safely practice any type of health care tasks within the scope of practice for physician assistants;

g. Whether, within the last 10 years, the applicant was diagnosed with or treated for bi-polar disorder, schizophrenia, paranoia, or any other psychotic disorder;

h. Whether the applicant, since attaining age 18 or within the last 10 years, whichever period is shorter, was admitted to a hospital or other facility for the treatment of bi-polar disorder, schizophrenia, paranoia, or any other psychotic disorder; and

i. Whether the student's final evaluations in every category rated at least satisfactory. If not, the program shall attach a photocopy of the evaluation and a written explanation.

4. A verification of certification/licensure/registration, on a form provided by the Board, completed, signed, and authenticated by seal or notarization by the board of each state in which the applicant holds or has held certification, licensure, or registration as a physician assistant. The verification shall provide the name of the state, the applicant's name, the program from which the applicant graduated, the applicant's certification or registration number and its date of issuance, any endorsement, and whether the certification, license, or registration is current. The state board shall also provide the following information:

a. Whether the applicant was placed on probation or the applicant's certificate/license/registration was revoked, suspended, limited, restricted, voluntarily surrendered, or canceled during an investigation or, instead of disciplinary action, if the applicant entered into a consent agreement or stipulation;

b. Whether the applicant has a chronic ailment communicable to others;

c. Whether the applicant has a medical condition that in any way impairs or limits the physician assistant's ability to safely practice any type of health care tasks within the scope of practice for physician assistants;

d. Whether, within the last 10 years, the applicant was diagnosed with or treated for bi-polar disorder, schizophrenia, paranoia or any other psychotic disorder; and

e. Whether the applicant, since attaining age 18 or within the last 10 years, whichever period is shorter, was admitted to a hospital or other facility for the treatment of bi-polar disorder, schizophrenia, paranoia, or any other psychotic disorder.

5. A medical agency of employment/supervising physician form provided by the Board, completed, signed, and authenticated by seal or notarization by all medical agencies or supervising physicians where the applicant is currently employed or was employed in the last 5 years. The form shall provide the name of the medical agency or supervising physician, date of the applicant's employment, names, locations, and date of each hospital, office, or clinic where the physician is or was assigned. The medical agency or employing/supervising physician shall also provide the following information:

a. Whether the applicant was placed on probation or academic probation or an action, restriction, or limitation was taken against the applicant while the applicant was in the agency's or physician's employment;

b. Whether the applicant was counseled regarding performance or behavior while in the agency's or physician's employment;

c. Whether the applicant took a leave of absence, other than for pregnancy, while in the agency's or physician's employment;

d. Whether, to the agency's or physician's knowledge, the applicant had a chronic ailment communicable to others;

e. Whether, to the agency's or physician's knowledge, the applicant had a medical condition that in any way impaired or limited the applicant's ability to safely practice any type of health care tasks within the scope of practice for physician assistants;

f. Whether, to the agency's or physician's knowledge, within the last 10 years, the applicant was diagnosed with or treated for bi-polar disorder, schizophrenia, paranoia, or any other psychotic disorder; and

g. Whether, to the agency's or physician's knowledge, the applicant, since attaining age 18 or within the last 10 years, whichever period is shorter, was admitted to a hospital or other facility for the treatment of bi-polar disorder, schizophrenia, paranoia, or any other psychotic disorder.

R4-17-205. Continuing Education

A. During each state fiscal year, a physician assistant shall complete the 20 credit hours of continuing medical education required by A.R.S. §32-2523. One hour of credit shall be allowed for each clock hour of participation in approved continuing medical education activities, unless otherwise designated in subsection (B).

B. Approved continuing medical education activities include the following:

1. Education for an advanced degree in a medical or medically-related field at a teaching institution approved by the AMA, the Association of American Medical Colleges, American Osteopathic Association, or American Academy of Physician Assistants. One credit hour may be claimed for each full day of study. Less than full-day study shall be claimed on a pro-rata basis.

2. Research at a teaching institution approved by the AMA, Association of American Medical Colleges, American Osteopathic Association, or CAAHEP. One credit hour may be claimed for each full day of research. Less than full day research shall be claimed on a pro-rata basis.

3. Education certified as Category I by an organization accredited by ACCME, CAAHEP, the AMA, the American Academy of Physician Assistants, and the American Osteopathic Association.

4. Medical educational programs designed to provide necessary understanding of current developments, skills, procedures, or treatments related to the performance of health care tasks, provided by organizations or institutions that have not been accredited by ACCME, CAAHEP, AMA, the American Academy of Physician Assistants, and the American Osteopathic Association.

5. Serving as an instructor of physician assistant students, house staff, other physician assistants, or allied health professionals from a hospital or institution with a formal training program, where the instructional activities will provide the participants with necessary understanding of current developments, skills, procedures, or treatments related to the performance of health care tasks. One credit hour may be claimed for each full day of instruction without regard to the number of times the instructional activities have been taught. Less than full-day instruction shall be claimed on a pro-rata basis.

6. Publication or presentation of a paper, report, or book that deals with current developments, skills, procedures, or treatments related to the performance of health care tasks. Credit hours shall be claimed only once for materials presented. Credit hours shall be claimed as of the date of publication or presentation. One credit hour may be reported for each hour of preparation, writing, and presentation.

7. Credit hours may be claimed on the basis of 1 credit hour for each full day of an activity for any of the following activities that provide necessary understanding of current developments, skills, procedures, or treatments related to the performance of health care tasks:

a. Completion of a physician assistant education program based on self-instruction using videotapes, audiotapes, films, filmstrips, slides, radio broadcasts, or computers;

b. Independent reading of scientific journals and books;

c. Preparation for NCCPA certification or recertification examinations; or,

d. Participation on a staff committee, quality of care, or utilization review in a hospital, institution, or government agency.

C. If a physician assistant fails to meet the requirements of this Section due to illness, military service, medical or religious missionary activity, residence in a foreign country, or other extenuating circumstance, the Board may grant, on an individual basis, an extension of time to complete the continuing education upon receipt, at least 30 days before expiration of the physician assistant's current certification, of a written request from the physician assistant that details the reasons for the extension request.

R4-17-206. Renewal of Certification

A. To renew certification, a physician assistant shall submit an affidavit of completion of continuing education on a form provided by the Board that provides the following information regarding the physician assistant, and the continuing medical education completed by the physician assistant and events affecting the physician assistant during the previous year:

1. Physician assistant's Arizona certificate number;

2. Physician assistant's social security number;

3. Physician assistant's DEA number, if the physician assistant has 1, the date it was issued, and the date it expires;

4. Physician assistant's full name;

5. Physician assistant's office and home addresses;

6. Physician assistant's office and home phone numbers;

7. Physician assistant's medical directory/mailing addresses;

8. Physician assistant's current supervising physician and the physician's address;

9. The physician assistant's specialty field of practice;

10. Whether the physician assistant maintains current NCCPA certification;

11. Whether the physician assistant has been named as a defendant in a malpractice matter that resulted in a settlement or judgment against the physician assistant in excess of $20,000, and if so, an explanation;

12. Whether the physician assistant has been convicted of Medicare or Medicaid fraud or was sanctioned, disciplined, or entered into an agreement with a state or federal agency concerning a denial, limitation, restriction, suspension, or revocation of the physician assistant's certification, or rehabilitation or removal from practice and if so, an explanation;

13. Whether the physician assistant's ability to prescribe, dispense, or administer medications has been limited, restricted, modified, denied, surrendered, or revoked by a federal or state agency, and if so, an explanation;

14. Whether the physician assistant has a chronic ailment communicable to others, and if so, an explanation;

15. Whether the physician assistant has a medical condition that impairs or limits the physician assistant's ability to safely perform any type of health care tasks within the scope of practice for physician assistants, and if so, an explanation;

16. Whether the physician assistant was diagnosed with or treated for bi-polar disorder, schizophrenia, paranoia, or any other psychotic disorder, and if so, an explanation;

17. Whether the physician assistant was admitted to a hospital or other facility for the treatment of bi-polar disorder, schizophrenia, paranoia, or any other psychotic disorder, and if so, an explanation;

18. Whether the physician assistant has taken a leave of absence during the physician assistant's practice other than for pregnancy, and if so, an explanation;

19. Whether the physician assistant has been treated for use or misuse of any chemical substance, and if so, an explanation;

20. Consistent with the Board's statutory authority, such other information as the Board may deem necessary to fully evaluate the physician assistant; and

21. Dated and sworn statement by the physician assistant verifying that during the past certificate year, July 1 through June 30, the physician assistant completed a minimum of 20 hours of Category I continuing medical education in accordance with R4-17-205.

B. Prior to renewal of certification, the Board may randomly select a number of affidavits of completion of continuing education to verify the accuracy of their contents and the acceptability of the programs attended. Physician assistants whose affidavits have been selected shall submit any additional information requested by the Board to assist in the verification.

C. For purposes of this Section, "ability to safely perform any type of health care tasks within the scope of practice for physician assistants" means:

1. The cognitive capacity to make appropriate clinical diagnoses and exercise reasoned medical judgments and to learn and keep abreast of medical developments,

2. The ability to communicate those judgments and medical information to patients and other health care providers with or without the use of aids or devices such as a voice amplifier, and

3. The physical capability to perform medical tasks such as physical examination and minor surgical procedures with or without the use of aids or devices such as corrective lenses or hearing aids.

D. For purposes of this Section, "medical condition" means physiological, mental, or psychological conditions or disorders; for example, orthopedic, visual, speech and hearing impairments; cerebral palsy; epilepsy; muscular dystrophy; multiple sclerosis; cancer; heart disease; diabetes; mental retardation; emotional or mental illness; specific learning disabilities; HIV disease; tuberculosis; drug addiction; and alcoholism.

R4-17-207. Denial of Extension to Complete Continuing Education, Exemption from Registration, Temporary Certification, Certification, Recertification, or Cancellation of Certification

A physician assistant, physician assistant student, or applicant for certification as a physician assistant who is denied an extension to complete continuing education, exemption from registration, temporary certification, certification, recertification, or cancellation of certification may request a hearing to contest the matter by filing

a written notice with the Board within 15 days of receipt of notice of the Board's action. A hearing shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 6 and Article 10.

R4-17-208. Change of Address

A physician assistant shall, in writing, inform the Board of each change in residence, office address, or telephone number within 30 days of its occurrence.

ARTICLE 3
SCOPE OF PRACTICE

R4-17-301. Delegation of Authority for Schedule II or Schedule III Controlled Substances

A. A supervising physician shall obtain Board approval to delegate authority to a physician assistant to prescribe, dispense, or administer Schedule II or III controlled substances. The supervising physician and the physician assistant shall submit an application on a form provided by the Board, that provides the following information:

1. Full name of the supervising physician, the physician's Arizona license number and date of issuance, the physician's work address and phone number, the physician's field of practice, board certification, and ABMS/AOA certification number, if applicable;

2. Whether the supervising physician's medical license has been revoked, placed on probation, restricted, or suspended either by agreement or otherwise in any state, and if so, an explanation;

3. Whether the supervising physician's Drug Enforcement Administration or state prescriptive permit has ever been denied, restricted, suspended, lost, or revoked, and if so, an explanation;

4. Whether the supervising physician maintains hospital privileges and whether the privileges have ever been denied, revoked, suspended, or limited, and if so, an explanation;

5. Whether the supervising physician supervises any other physician assistants and, if so, the names of the physician assistants supervised;

6. Full name of the physician assistant, the physician assistant's Arizona certification number, work address, and work telephone number;

7. Whether, at the time of the application, the supervising physician is subject to disciplinary action in any other state or country for an act or conduct that constitutes grounds for disciplinary action, and if so, an explanation;

8. Whether the physician assistant has ever had a physician assistant certification refused, suspended, or revoked by another state or country for reasons that relate to the physician assistant's ability to engage skillfully in the health care tasks of a physician assistant, and if so, an explanation;

9. Whether the physician assistant's Drug Enforcement Administration registration or state prescriptive permit has ever been denied, restricted, suspended, lost, or revoked, and if so, an explanation;

10. Whether the physician assistant maintains hospital privileges and whether the privileges have ever been denied, revoked, suspended, or limited, and if so, an explanation;

11. Whether the supervising physician is delegating authority to prescribe, dispense, and administer Schedule II or III controlled substances, or both;

12. Consistent with the Board's statutory authority, such other information as the Board may deem necessary to fully evaluate the supervising physician and the physician assistant; and

13. Statement signed by both the supervising physician and physician assistant certifying that both have read and will abide by the law and rules governing the practice of a physician assistant, including prescribing, dispensing, and administering drugs, that the supervising physician accepts responsibility for supervising the physician assistant and that the physician assistant may not prescribe, dispense, or administer drugs until the supervising physician receives approval of the application.

B. The Board shall approve an application to delegate authority to prescribe, dispense, or administer Schedule II or Schedule III controlled substances if the information submitted pursuant to subsection (A) and evidence produced by the physician assistant shows:

1. The physician assistant has the training and experience in the therapeutic use of controlled substances as prescribed by the federal Controlled Substances Act, 21 U.S.C. § 801 et seq., and the laws governing the dispensing of Schedule II and III controlled substances in Arizona, A.R.S. § 36-2501 et seq.;

2. The physician assistant's professional record in performing health care tasks contains no evidence of:
i. An advisory or disciplinary action for prescribing, dispensing, or administering a Schedule II or III controlled substance within the past year; or

ii. A restriction imposed by the federal Drug Enforcement Administration; and,

3. A supervising physician and the supervising physician's agents are present or can be easily in contact with the physician assistant by radio, telephone, or other telecommunication.

R4-17-302. Drug Labels

All drugs dispensed by a physician assistant to whom the authority to dispense has been delegated by a supervising physician shall be labeled to show the following information:

1. Name and address of the dispensing physician assistant;

2. Name of the supervising physician;

3. Name of the supervising physician's agent supervising the prescribing of the drug, if applicable;

4. Name of patient;

5. Date dispensed;

6. Serial number of the prescription;

7. Name of the drug and directions for use; and,

8. Cautionary statements, if any, contained in the prescription.

R4-17-303. Notification of Supervision

A. A physician assistant and supervising physician shall submit a notification of supervision on a form provided by the Board that provides the following information in addition to that required by A.R.S. § 32-2534:

1. The supervising physician's name, Arizona license number and issuance date, work address, telephone number, fax number, if applicable, field of practice, board certification, and if applicable, ABMS/AOA certification number and the date it was issued;

2. Whether the supervising physician's medical license has ever been revoked, placed on probation, restricted in any way, or suspended either by agreement or otherwise in any state, and if so, an explanation;

3. Whether the supervising physician's Drug Enforcement Administration registration or state prescriptive permit has ever been denied, restricted, suspended, lost, or revoked, and if so, an explanation;

4. Whether the supervising physician maintains hospital privileges and whether the hospital privileges have ever been denied, revoked, suspended, or limited in any way, and if so, an explanation;

5. Whether the supervising physician supervises any other physician assistants, and if so, the names of the physician assistants supervised;

6. Full name of the physician assistant, the physician assistant's Arizona certification number, work address, telephone number, and fax number, if applicable;

7. Whether the physician assistant has ever had a physician assistant certification, registration, or license refused, suspended, or revoked by another state or country for reasons that relate to the physician assistant's ability to engage skillfully in the health care tasks of a physician assistant, and if so, an explanation;

8. Whether the physician assistant's Drug Enforcement Administration registration or State prescriptive permit has ever been denied, restricted, suspended, lost, or revoked, and if so, an explanation;

9. Whether the physician assistant maintains hospital privileges, whether the privileges have ever been denied, revoked, suspended or limited in any way, and if so, an explanation;

10. Number of days and hours per week that the physician assistant expects to work under the supervision of the supervising physician;

11. Any other work addresses and phone numbers, including another supervising physician's name, if applicable, for the physician assistant;

12. Full names, Arizona license numbers, work addresses, and telephone numbers for the supervising physician's agents;

13. List of the health care tasks delegated to the physician assistant by the supervising physician;

14. Whether the physician assistant maintains a special permit or certification to take x-rays from the Medical Radiological Technology Board of Examiners;

15. Indication of the prescribing, dispensing, and administration authority delegated to the physician assistant by the supervising physician;

16. Certification, signed by the supervising physician, that assures that:

a. The supervising physician, the physician's agent, and the physician assistant are familiar with the statutes and rules regarding physician assistants;

b. The supervising physician accepts responsibility for supervising the physician assistant; and

c. The physician assistant may not perform any health care task until the supervising physician receives written approval of the notification of supervision;

17. Whether the physician assistant position is a full or part-time position, at a geographically separated site, or a request for transfer in supervision; and

18. Such other information as the Board deems necessary to fully evaluate the supervising physician and physician assistant.

B. The Board shall approve a physician to supervise a physician assistant only if the physician is engaged in the active practice of medicine.

C. If a physician assistant is supervised by more than 1 supervising physician, the physician assistant shall file a separate notification of supervision pursuant to subsection (A) for approval of the supervisory arrangement with each supervising physician.

R4-17-304. Reports

A. As part of an investigation by the Board or of an order of probation, the Board may require a supervising physician to submit weekly reports on the performance of a physician assistant supervised by the physician. The supervising physician's agent shall submit these reports during any period that the supervising physician is unavailable due to vacation, illness, or continuing medical education.

B. Within 15 days of termination of supervision of a physician assistant, the supervising physician shall report to the Board the reasons for and circumstances surrounding the termination.

R4-17-305. Supervision

A. A supervising physician shall delegate health care tasks to a physician assistant if the supervising physician has training in those tasks and the supervising physician performs those tasks.

B. A physician assistant shall meet in person with the supervising physician at least once each week to discuss patient management. A physician assistant and supervising physician shall have additional meetings if the Board determines after reviewing the notification of supervision, that additional meetings are necessary. The additional meetings specified on the notification of supervision may be conducted by telephone or radio rather than in person.

ARTICLE 4
REGULATION

R4-17-401. Civil Penalties

A. A physician assistant who violates A.R.S. §32-2531(F) or (G) shall be subject to a civil penalty of $50 for each violation.

B. Upon determining that a physician assistant has violated A.R.S. §32-2531(F) or (G), a Board official shall issue a written citation to the physician assistant that sets forth the following information:

1. The name of the physician assistant,

2. The date and location at which the alleged violation occurred,

3. The particular facts alleged to constitute a violation and the statutory provision alleged to have been violated,

4. The physician assistant's right to request a hearing to contest the imposition of the civil penalty by filing a written request for hearing with the Board within 15 days of receipt of the citation, and

5. The name of the Board official issuing the citation.

C. The citation in subsection (B) shall be served upon the physician assistant personally or by certified mail. A copy of the citation shall be simultaneously transmitted to the physician assistant's supervising physician.

D. A physician assistant or the physician assistant's supervising physician may file a written request for hearing in accordance with R4-17-402. Unless appealed by the physician assistant or the physician assistant's supervising physician, the physician assistant shall pay the civil penalty within 30 days of the date the citation is served upon the physician assistant.

E. A physician assistant who fails to pay a civil penalty within 30 days of service, or upon receipt of a final order of the Board that determines the physician assistant committed the violation and affirms the imposition of the civil penalty, may be subject to further disciplinary action by the Board.

F. A citation is a public record and a copy shall be placed in the certification file of the physician assistant.

R4-17-402. Termination of Supervision

A. Termination of a physician assistant's supervision by a supervising physician shall not result in suspension or revocation of a physician assistant's certificate.

B. The Board shall immediately terminate a physician assistant's notification of supervision upon the suspension, revocation, or expiration of the physician assistant's certificate.

C. The Board shall immediately terminate a physician assistant's supervision by a supervising physician upon receipt by the Board of a summary suspension order, or a final order of the Board of Medical Examiners or the Board of Osteopathic Examiners that restricts, suspends, or revokes the supervising physician's license to practice medicine in Arizona.

D. The Board shall immediately remove a supervising physician's agent's name from the physician assistant's notification of supervision upon receipt by the Board of a summary suspension order or final order of the Board of Medical Examiners or the Board of Osteopathic Examiners that restricts, suspends, or revokes a supervising physician's agent's license to practice medicine in Arizona.

E. A physician assistant whose supervision by a supervising physician is terminated, or a supervising physician's agent whose name is removed from the physician assistant's notification of supervision by the Board in accordance with this Section, may request a hearing to contest the matter by filing a written notice with the Board within 15 days of receipt of notice of the Board's action. A hearing shall be conducted in accordance with A.R.S. Title 41, Chapter 6, Article 6 and Article 10.

R4-17-403. Rehearing

A. A motion for rehearing shall be filed as follows:

1. Except as provided in subsection (B), any party in a contested case who is aggrieved by a decision of the Board may file a written motion for rehearing of the decision, specifying generally the grounds upon which the motion is based.

2. A motion for rehearing shall be served and filed no later than 15 days after service of the decision of the Board.

3. For purposes of this Section, "service" means personal delivery or mailing by certified mail to the party affected at the party's last known residence or place of business.

4. For purposes of this Section, the terms "contested case" and "party" shall have the same meaning as in A.R.S. § 41-1001.

B. If the Board makes specific findings that it is necessary for a particular decision to take immediate effect to protect the public health and safety, or that a rehearing of the decision is impracticable or contrary to the public interest, the decision may be issued as a final decision without opportunity for rehearing and shall be a final administrative decision for purposes of judicial review.

C. A written response to a motion for rehearing may be served and filed within 10 days after service of the motion by another party. The Board may require the filing of written briefs upon the issues raised in the motion and may provide for oral argument.

D. A rehearing of a decision may be granted for any of the following causes materially affecting the rights of the moving party:

1. Irregularity in the administrative proceedings by the Board, its hearing officer, or the prevailing party, or any ruling or abuse of discretion, that deprives the moving party of a fair hearing.

2. Misconduct of the Board, its hearing officer, or the prevailing party.

3. Accident or surprise that could have not been prevented by ordinary prudence.

4. Material evidence, newly discovered, which with reasonable diligence could not have been discovered and produced at the original hearing.

5. Excessive or insufficient penalties.

6. Error in the admission or rejection of evidence, or other errors of law that occurred at the hearing.

7. The decision is the result of a passion or prejudice.

8. The decision or findings of fact are not justified by the evidence or are contrary to law.

E. A rehearing may be granted to all or any of the parties and on all or part of the issues for any of the reasons set forth in subsection (D). The Board may take additional testimony, amend findings of fact and conclusions of law, or make new findings and conclusions, and affirm, modify, or reverse the original decision.

F. A rehearing, if granted, shall be only a rehearing of the question or questions with respect to which the decision is found erroneous, if separable. An order granting a rehearing shall specify with particularity the ground or grounds on which the rehearing is granted.

G. Not later than 15 days after a decision is rendered, the Board of its own initiative may order a rehearing for any reason that it might have granted a rehearing on motion of a party. After giving the parties or their counsel notice and an opportunity to be heard on the matter, the Board may grant a timely served motion for a rehearing, for a reason not stated in the motion. In either case, the Board shall specify in the order the grounds for the rehearing.

H. When a motion for rehearing is based upon affidavits, they shall be served with the motion. The opposing party has 10 days after service to serve opposing affidavits. This period may be extended for as many as 20 days either by the Board for good cause shown, or by the parties by written stipulation. The Board may permit reply affidavits.

SECTIONS OF LAW RELATED TO MEDICINE

The following are excerpted sections of Arizona law which may affect a physician's practice of medicine or a physician assistant's performance of healthcare tasks in this state. In some cases only relevant portions of the law are reproduced here.

ARIZONA REVISED STATUTES

TITLE 11
COUNTIES

CHAPTER 37
COUNTY OFFICERS

ARTICLE 12
COUNTY MEDICAL EXAMINER

11-591. County medical examiner; appointment; qualifications; compensation

A. The board of supervisors of each county may appoint a qualified person to the position of county medical examiner.

B. The county medical examiner shall be a licensed physician in good standing certified in pathology and skilled in forensic pathology. The medical examiner shall receive compensation as determined by the board of supervisors.

11-592. List of physicians in lieu of medical examiner; fund; notification; special examinations

A. If the board of supervisors determines that the appointment of a medical examiner is not practical, the board of supervisors shall establish a list of licensed physicians who will be available to perform the duties required of a county medical examiner. A licensed physician on the list need not be a resident of the county, need not be certified in pathology nor skilled in forensic pathology but shall have agreed to perform medical examinations or autopsies to determine the cause and manner of death on behalf of the county on a contract basis.

B. If the board of supervisors establishes a list of licensed physicians in lieu of appointing a county medical examiner, the board may establish a fund known as the county medical examination fund and shall pay expenses incurred by the licensed physicians in the performance of the duties of the county medical examiner from such fund.

C. The sheriff of the county shall be responsible for notifying and securing a licensed physician on the list to perform a medical examination or autopsy required by law.

D. Upon request of the county attorney or the attorney general, the licensed physician employed by the board of supervisors and secured by the sheriff shall be a licensed physician certified in pathology and skilled in forensic pathology.

11-593. Reporting of certain deaths; autopsies; failure to report; classification

A. Any person having knowledge of the death of a human being including a fetal death shall promptly notify the nearest peace officer of all information in the person's possession regarding the death and the circumstances surrounding it under any of the following circumstances:

1. Death when not under the current care of a physician for a potentially fatal illness or when an attending physician is unavailable to sign the death certificate.

2. Death resulting from violence.

3. Death occurring suddenly when in apparent good health.

4. Death occurring in a prison.

5. Death of a prisoner.

6. Death occurring in a suspicious, unusual or unnatural manner.

7. Death from disease or accident believed to be related to the deceased's occupation or employment.

8. Death believed to present a public health hazard.

9. Death occurring during anesthetic or surgical procedures.

B. The peace officer shall promptly notify the county medical examiner and, except in deaths occurring during surgical or anesthetic procedures from natural diseases, shall promptly make or cause to be made an investigation of the facts and circumstances surrounding the death and report the results to the medical examiner. If there is no county medical examiner appointed and serving within the county, the county sheriff shall be notified by the peace officer and the sheriff shall in turn notify and secure a licensed physician to perform the medical examination or autopsy.

C. An autopsy is not required for deaths due to natural diseases that occur during surgical or anesthetic procedures, except where the medical examiner determines an autopsy is necessary because any of the following exist:

1. A public health risk.

2. Evidence of a crime.

3. Evidence of inadequate health care.

4. No clinically evident cause of death.

D. Every person who knows of the existence of a body where death occurred as specified in subsection A of this section and who knowingly fails to notify the nearest peace officer as soon as possible unless the person has good reason to believe that notice has already been given is guilty of a class 2 misdemeanor.

E. If the deceased was under treatment for accident or illness by prayer or spiritual means alone, in accordance with the tenets and practices of a well-recognized church or religious denomination, and death occurred without a physician in attendance, the person who has knowledge of the death shall report all information in his possession regarding the death and circumstances surrounding it directly to the county medical examiner or the person

performing the duties of a county medical examiner who may waive an autopsy if he is satisfied that the death of such person resulted from natural causes.

F. Each county shall provide to the criminal identification section of the department of public safety fingerprints of all deceased persons whose deaths are required to be investigated pursuant to this section. These fingerprints shall be on a form provided by the criminal identification section and shall be accompanied by such other information regarding the physical description and the date and place of death as the criminal identification section may require. Fingerprints taken pursuant to this section shall be used only for the purpose of purging criminal history files. All information and data in the criminal identification section of the department of public safety furnished in compliance with this section is confidential and may be disclosed only upon written approval of the director of public safety to the juvenile court, social agencies, public health and law enforcement agencies, licensed or regulated by this state.

11-594. Powers and duties of county medical examiner

A. The county medical examiner or a licensed physician employed to perform such functions shall:

1. Be responsible for medical examination or autopsy of a human body when death occurred under any of the circumstances set forth in section 11-593, subsection A.

2. Take charge of the dead body of which the medical examiner is notified and, after making inquiries regarding the cause and manner of death, examine the body.

3. Certify to the cause and manner of death following a medical examination or an autopsy, or both.

4. Make inquiries regarding the cause and manner of death, reduce the findings to writing and promptly make a full report on forms prescribed for that purpose.

5. Execute a death certificate provided by the state registrar of vital statistics indicating the cause as well as the manner of death for those bodies on which a medical examination or autopsy is performed.

6. Notify the county attorney when death is found to be from other than natural causes.

7. Notify the appropriate city, town, county or state law enforcement agency if further investigation by such agency appears necessary.

8. Carry out the duties specified under section 28-668.

9. Carry out the duties specified under title 36, chapter 7, article 3.

B. The county medical examiner may:

1. Appoint qualified professional, technical and clerical personnel as necessary for the administration of the office, subject to approval of the board of supervisors.

2. Authorize qualified practicing physicians in local areas to perform medical examinations required of the county medical examiner. Authorization and the amount to be paid by the county for physician services are subject to approval of the board of supervisors.

C. The county medical examiner or a licensed physician employed to perform these functions may:

1. Authorize the taking of anatomical gifts as they prove to be usable for transplants or other treatment or therapy if all of the requirements of title 36, chapter 7, article 3 are met. The medical examiner shall give this authorization within a time period that permits a medically viable donation.

2. Authorize licensed or authorized physicians, surgeons or trained technicians who remove parts of bodies to perform any part of a necessary medical examination provided they follow a protocol established by the medical examiner or a person authorized to act as the medical examiner.

3. Limit the removal of organs or tissues for transplants or other therapy or treatment if, based on a physical examination of the body within a time that permits a medically viable donation, their removal would interfere with a medical examination, autopsy or certification of death. If the medical examiner limits the removal of organs or tissue, the medical examiner shall provide a written explanation of this decision to the organ procurement agency within three working days of the physical examination.

D. If a dispute arises over the findings of the medical examiner's report, the medical examiner shall, upon an order of the superior court, make available all evidence and documentation to a court-designated licensed forensic pathologist for examination, and the results of the examination shall be reported to the superior court in the county issuing the order.

E. For providing medical examinations and reports pursuant to subsection C of this section, the medical examiner may charge a fee established by the board of supervisors pursuant to section 11-251.08.

11-594.01. Immunity relating to organ donation

A county medical examiner, a licensed physician acting with the permission of a medical examiner and those persons assisting a physician shall not be held civilly or criminally liable for any acts performed in good faith pursuant to section 11-594, subsection C.

11-595. Right to enter premises; right to seize articles

A. The county medical examiner or any person performing the duties of a county medical examiner may enter any room, dwelling, building or other place in which the body or evidence of the circumstances of the death requiring investigation may be found, provided that a law enforcement agent investigating the death obtains a search warrant for private property other than in the immediate location where the body was found.

B. The county medical examiner or any person performing the duties of a county medical examiner, with the permission of the law enforcement agent investigating the death may take into his or her possession any object or article found on the deceased or in the deceased's immediate vicinity which in his or her opinion may aid in the determination of the deceased's identity or determination of the cause or manner of death. Upon completion of his or her findings, the medical examiner or the person performing the duties of a county medical examiner shall within thirty days, deliver such object or article to the law enforcement agency concerned, the legal representative of the deceased or to the county treasurer.

11-596. Removal or disturbance of body or effects or weapons without consent prohibited

No human body or body suspected of being human shall be removed from the place where the death, if the death is of a nature requiring investigation occurred without first obtaining permission of the county medical examiner or the person performing the duties of a county medical examiner. No embalming, cleansing of the surfaces of the body or other alteration of the appearance or state of the body, clothing or personal effects shall be performed until the permission of such official has been obtained. No person, except a law enforcement agent in the performance of his or her duties, shall remove from the place of death or from the body of the deceased any of the effects of the deceased, or instruments or weapons that may have been used in the death requiring investigation, unless prior permission of the county medical examiner, the person performing the duties of a county medical examiner or the investigating law enforcement agent has been obtained.

11-597. Autopsies; reports; exemption from liability

A. The county medical examiner or person performing the duties of a county medical examiner shall conduct such investigation as may be required and shall determine whether or not the public interest requires an autopsy or other special investigation. In his or her determination of the need for an autopsy, the county medical examiner or person performing the duties of a county medical examiner may consider the request for an autopsy made by private persons or public officials. If the county attorney or a superior court judge of the county where the death occurred requests, the county medical examiner or the licensed physician performing the duties of a county medical examiner shall perform an autopsy.

B. The county medical examiner or the licensed physician performing the duties of a county medical examiner shall perform an autopsy in cases of sudden and unexplained infant death in accordance with protocols adopted by the director of the department of health services. If the examiner determines that the infant died of sudden infant death syndrome, the examiner shall notify the department of health services. The examiner may take tissue samples for research purposes from an infant who died of sudden infant death syndrome if the tissue removal is not likely to result in any visible disfigurement, except that tissue samples for research purposes shall not be taken if a parent of the infant objects on the grounds such procedure conflicts with personal beliefs.

C. If an autopsy is performed, a full record or report of the facts developed by the autopsy in the findings of the person making such autopsy shall be properly made and filed in the office of the county medical examiner or the board of supervisors. If the person performing the autopsy determines that the report should be forwarded to the county where the death occurred or the county wherein any injury contributing to or causing the death was sustained, he shall forward a copy of the report to the county attorney.

D. A county attorney may request and upon request shall receive from the county medical examiner or a person performing the duties of a county medical examiner a copy of the report on any autopsy performed.

E. The county medical examiner or person performing the duties of a county medical examiner may perform such other tests deemed necessary to determine identity, cause and manner of death and may retain tissues, specimens and other biological materials for subsequent examination.

F. When an autopsy or such other tests are performed by the county medical examiner or person performing the duties of a county medical examiner, no cause of action shall lie against the physician or any other person for requesting the autopsy or for participating in the autopsy.

11-598. Exhumation; court order

If in any case of sudden, violent or suspicious death a body is buried without any inquiries by the county medical examiner or person performing the duties of a county medical examiner, the county attorney of the county wherein the body is buried may petition the superior court for an order directing that the body be exhumed and an autopsy performed thereon. The court after hearing may order that the body be exhumed and that an autopsy or such other investigation as the court deems appropriate be performed.

11-599. Cremation

When a funeral director or embalmer is requested to cremate or prepare for cremation the body of a dead person, he or she or any other person having knowledge of an intention to so cremate shall notify the county medical examiner or if there is no county medical examiner within the county, the county sheriff and request that an examination of the death certificate be made prior to the cremation. If there is no medical examiner within the county, the county sheriff shall notify and secure a licensed physician to examine the death certificate. If after examination the county medical examiner or person performing the duties of a county medical examiner is satisfied that there is no evidence of foul play or violence, he or she shall so certify and a copy of such certification shall be attached to the death certificate.

11-600. Burial of indigent deceased; disposal of property

A. When an examination has been completed by the county medical examiner or the person performing the duties of a county medical examiner and no other person takes charge of the body of the deceased, the medical examiner shall cause the body to be delivered to the funeral establishment, licensed pursuant to title 32, chapter 12, article 4, closest geographically to the place where the body is pronounced dead, for preservation, disinfection and final disposition. The medical examiner or person performing the duties of a county medical examiner may establish geographical areas within the county and a rotation system whereby the bodies are delivered equally in sequence to all licensed funeral establishments in each geographical area. All licensed funeral establishments in any incorporated city or town shall be in the same geographical area. Area boundaries in unincorporated areas shall be drawn so as to approximate equal distances between incorporated cities or towns in which a licensed funeral establishment or establishments exist. Upon request of any licensed funeral establishment, in writing, they shall be removed from participation in the receipt of medical examiner cases until they rescind their request. If there is not sufficient property in the estate of the deceased to pay the necessary expenses of the burial, the expenses shall be a legal charge against the county. Upon determination of indigency the funeral establishment shall perform the normal county indigent burial, in the manner and for the fee then being paid by the county, or release the body, upon county request, without fee, to the funeral establishment designated by the county for other indigent burials.

B. Notwithstanding subsection A of this section, the county medical examiner may cause the body to be delivered to a community college under the jurisdiction of a community college district as defined in section 15-1401, if the community college has an accredited mortuary science program. On acceptance of the body and with the proper authorization, the community college mortuary science program shall preserve and disinfect the body, prepare it for final disposition and deliver the body to a licensed funeral establishment pursuant to subsection A of this section for final disposition. For the purposes of this subsection, proper authorization may be provided by the next of kin pursuant to section 36-831, subsection A or the public fiduciary of the county.

C. Within thirty days after the examination, the medical examiner or person performing the duties of the county medical examiner shall deliver to the county treasurer or the legal representative of the deceased any money or property found upon the body.

TITLE 12
COURTS AND CIVIL PROCEEDINGS

CHAPTER 5.1
ACTIONS RELATING TO HEALTH CARE

ARTICLE 1
GENERAL PROVISIONS

12-570. Malpractice settlement or award reporting; civil penalty; definition

A. If a medical malpractice action is settled or a court enters a monetary judgment:

1. The professional liability insurers shall provide the defendant's health profession regulatory board with all information required to be filed with the national practitioner data bank pursuant to public law 99-660.

2. The plaintiff's attorney shall provide the defendant's health profession regulatory board with the notice required under subsection B of this section, a copy of the complaint and a copy of either the agreed terms of settlement or the judgment. The attorney shall provide this notice and these documents within thirty days after a settlement is reached or a judgment is entered.

B. The notice required by subsection A of this section shall contain the following information:

1. The name and address of each defendant.

2. The name, date of birth and address of each plaintiff.

3. The date and location of the occurrence which created the claim.

4. A statement specifying the nature of the occurrence resulting in the malpractice action.

5. A copy of all expert witness depositions, a transcript of all expert witness court testimony or a written evaluation of the case by an expert witness.

C. The notice required by subsection A of this section is not discoverable and not admissible as evidence.

D. An attorney who does not supply the information required by subsections A and B of this section within thirty days after the notice of settlement or judgment is due under subsection A of this section is subject to a civil penalty of five hundred dollars.

E. A confidentiality clause in a settlement agreement does not apply to the reporting requirements of this section.

F. For the purposes of this section, "health profession regulatory board" has the same meaning prescribed in section 32-3201.

12-571. Qualified immunity; health professionals; nonprofit clinics; previously owned prescription eyeglasses

A. A health professional, as defined in section 32-3201, who provides medical or dental treatment within the scope of the health professional's certificate or license at a nonprofit clinic where neither the professional or the clinic receives compensation for any treatment provided at the clinic is not liable in a medical malpractice action, unless such health professional was grossly negligent.

B. A health professional who, within the professional’s scope of practice, provides previously owned prescription eyeglasses free of charge through a charitable, nonprofit or fraternal organization is not liable for an injury to the recipient if the recipient or the recipient’s parent or legal guardian has signed a medical malpractice release form and the injury is not a direct result of the health professional’s intentional misconduct or gross negligence. For purposes of this subsection, "medical malpractice release form" means a document that the recipient or the recipient’s parent or legal guardian signs before the recipient receives the eyeglasses pursuant to this subsection to acknowledge that the eyeglasses were not made specifically for the recipient and to accept full responsibility for the recipient’s eye safety.

Title 12
COURTS AND CIVIL PROCEEDINGS

CHAPTER 1
COURTS OF RECORD

ARTICLE 7.1
MEDICAL RECORDS

12-2291. Definitions

In this article, unless the context otherwise requires:

1. "Contractor" means an agency or service that duplicates medical records on behalf of health care providers.

2. "Health care decision maker" means an individual who is authorized to make health care treatment decisions for the patient, including a parent of a minor or an individual who is authorized pursuant to title 14, chapter 5, article 2 or 3 or section 36-3221 or 36-3231.

3. "Health care provider" means:

(a) A person licensed pursuant to title 32 who maintains medical records.

(b) A health care institution as defined in section 36-401.

(c) An ambulance service as defined in section 36-2201.

(d) A health care services organization licensed pursuant to title 20, chapter 4, article 9.

4. "Medical records" means all communications that are recorded in any form or medium and that are maintained for purposes of patient treatment, including reports, notes and orders, test results, diagnoses, treatments, photographs, videotapes, X rays, billing records and the results of independent medical examinations

that describe patient care. Medical records include psychological records and all medical records held by a health care provider, including medical records that are prepared by other providers. Medical records do not include materials that are prepared in connection with utilization review, peer review or quality assurance activities, including records that a health care provider prepares pursuant to section 36-441, 36-445 or 36-2402. Medical records do not include recorded telephone and radio calls to and from a publicly operated emergency dispatch office relating to requests for emergency services or reports of suspected criminal activity, but shall include communications between emergency medical personnel and medical personnel concerning the treatment of a person.

12-2292. Confidentiality of medical records

A. Unless otherwise provided by law, all medical records and the information contained in medical records are privileged and confidential. A health care provider may only disclose that part or all of a patient's medical record that is authorized pursuant to law or the patient's written authorization.

B. If necessary for its own business operations or in response to a request for a copy of the patient's medical record, a health care provider may release a patient's medical record to a contractor for the purpose of duplicating or disclosing the record on behalf of a health care provider. A contractor shall not disclose any part or all of a patient's medical record in its custody except as provided in this article. After duplicating or disclosing a patient's medical record on behalf of a health care provider, a contractor shall return the record to the health care provider who released the medical record to the contractor.

C. This article does not limit the effect of any other federal or state law governing the confidentiality of medical records.

12-2293. Release of medical records to patients and health care decision makers

A. On the written request of a patient for access to or copies of the patient's medical records, the health care provider in possession of the record shall provide the medical records to the patient or the person designated in writing by the patient unless the attending physician or psychologist determines and notifies the health care provider in possession of the record that the patient's access to the patient's medical record is contraindicated due to treatment of the patient for a mental disorder as defined in section 36-501. Psychologists are exempt from making available raw test data and psychometric testing materials. If the attending physician or psychologist determines that the patient should not have access to the patient's medical records, the physician or psychologist shall note this determination in the patient's medical record.

B. On written request of a patient's health care decision maker for access to or copies of the patient's medical records, the medical records shall be provided to the health care decision maker or the person designated in writing by the health care decision maker unless the access is limited by the patient.

C. Records that are not in written form shall be released only if the patient or patient's health care decision maker specifically requests and identifies in writing the type of record desired.

D. Notwithstanding subsection A of this section, if the patient receives treatment for a mental disorder as defined in section 36-501, on written request of a health care decision maker for access to or copies of the patient's medical records, the health care provider may refuse to provide records which indicate confidential information between the patient and the health care professional. If the attending physician determines that the health care decision maker should not have access to that part of the patient's medical record, the attending physician shall note this determination in the patient's medical record and shall provide to the health care decision maker a written explanation of the reason for such denial. The health care provider shall release medical record information to the health care decision maker which includes the patient's therapy treatment plan and medication information.

12-2294. Release of medical records to third parties

A. A health care provider shall disclose medical records or the information contained in medical records without the patient's written authorization as otherwise required by law.

B. A health care provider may disclose medical records or the information contained in medical records without the patient's written authorization as follows or as otherwise authorized by law:

1. To attending and consulting health care providers who are currently providing health care to the patient for the purpose of diagnosis or treatment of the patient.

2. To health care providers who have previously provided treatment to the patient, to the extent that the records pertain to the provided treatment.

3. To ambulance attendants as defined in section 36-2201 for the purpose of providing care to or transferring the patient whose records are requested.

4. To a private agency that accredits health care providers and to the Arizona medical board.

5. To health care providers for the purpose of conducting utilization review, peer review and quality assurance pursuant to section 36-441, 36-445, 36-2402 or 36-2917.

6. To a person or entity that provides billing, claims management, medical data processing, utilization review or other administrative services to the patient's health care providers.

7. To the legal representative of a health care provider in possession of the medical record for the purpose of securing legal advice.

8. To the personal representative or administrator of the estate of a deceased patient. If a personal representative or administrator has not been appointed, a health care provider may release medical records to the following persons and in the following order of priority, unless the deceased patient during the deceased patient's lifetime or a person in a higher order of priority has notified the health care provider in writing that he opposes the release of the medical records:

(a) The deceased patient's spouse, unless the patient and the patient's spouse were legally separated at the time of the patient's death.

(b) The acting trustee of a trust created by the deceased patient either alone or with the deceased patient's spouse if the trust was a revocable inter vivos trust during the deceased patient's lifetime and the deceased patient was a beneficiary of the trust during the deceased patient’s lifetime.

(c) An adult child of the deceased patient.

(d) A parent of the deceased patient.

(e) An adult brother or sister of the deceased patient.

(f) A guardian or conservator of the deceased patient at the time of the patient's death.

9. To the patient's third party payor if the payor has separately obtained the patient's written authorization to disclose medical record information to the payor and furnishes a copy of this authorization to the health care provider.

C. In addition to the persons listed in subsection B, paragraph 8 of this section, a health care provider may release medical records or the information contained in medical records to the patient's health care decision maker at the time of the patient's death.

D. A health care provider shall disclose medical records to persons listed in subsection B, paragraphs 2, 4, 5 and 8 of this section only on written request. The person requesting the records shall sign the request and shall demonstrate the authority to have access to the records.

E. Medical records that are not in written form shall only be released if the written request specifically identifies the type of record desired.

F. Medical records that are disclosed pursuant to this section remain privileged. A person who receives medical records pursuant to this section shall not disclose those records without the written authorization of the patient or the patient's health care decision maker, unless otherwise provided by law.

12-2295. Charges

A. Except as otherwise provided by law, a health care provider or contractor may charge a person who requests copies of medical records a reasonable fee for the production of the records. Except as necessary for continuity of care, a health care provider or contractor may require the payment of any fees in advance.

B. A health care provider or contractor shall not charge for the pertinent information contained in medical records provided to:

1. Another health care provider for the purpose of providing continuing care to the patient to whom the medical record pertains.

2. The patient to whom the medical record pertains for the demonstrated purpose of obtaining health care.

3. The health care decision maker or surrogate of the patient to whom the medical record pertains for the demonstrated purpose of obtaining health care.

4. The Arizona medical board or an officer of the department of health services or the local health department requesting records pursuant to section 36-662.

12-2296. Immunity

A health care provider or contractor that acts in good faith under this article is not liable for damages in any civil action for the disclosure of medical records or information contained in medical records that is made pursuant to this article or as otherwise provided by law. The health care provider or contractor is presumed to have acted in good faith. The presumption may be rebutted by clear and convincing evidence.

12-2297. Retention of records

A. Unless otherwise required by statute or by federal law, a health care provider shall retain the original or copies of a patient’s medical records as follows:

1. If the patient is an adult, for at least seven years after the last date the adult patient received medical or health care services from that provider.

2. If the patient is a child, either for at least three years after the child's eighteenth birthday or for at least seven years after the last date the child received medical or health care services from that provider, whichever date occurs last.

B. When a health care provider retires or sells the provider's practice the provider shall take reasonable measures to ensure that the provider's records are retained pursuant to this section.

C. A person who is licensed pursuant to title 32 as an employee of a health care provider is not responsible for storing or retaining medical records but shall compile and record the records in the customary manner.

D. A nursing care institution as defined in section 36-401, shall retain patient records for five years after the date of the patient's discharge. For a minor, the nursing care institution shall retain the records for three years after the patient reaches eighteen years of age or for three years after the date of the patient's discharge, whichever date occurs last.

TITLE 13
CRIMINAL CODE

CHAPTER 14
SEXUAL OFFENSES

13-1418. Sexual misconduct; behavioral health professionals; classification

A. A behavioral health professional licensed pursuant to title 32, chapter 33 or a psychiatrist or psychologist licensed pursuant to title 32, chapter 13, 17 or 19.1 commits sexual misconduct by intentionally or knowingly engaging in sexual intercourse with a client who is currently under the care or supervision of the licensed behavioral health professional, psychiatrist or psychologist.

B. Sexual misconduct by a licensed behavioral health professional, psychiatrist or psychologist is a class 6 felony.

C. This section does not apply to any act of sexual conduct that occurs between a licensed behavioral health professional, psychiatrist or psychologist and a client after the client has completed a course of treatment or if the client is not under the care of the licensed behavioral health professional, psychiatrist or psychologist.

TITLE 13
CRIMINAL CODE

CHAPTER 34
DRUG OFFENSES

13-3412. Exceptions and exemptions; burden of proof; privileged communications

A. The provisions of sections 13-3402, 13-3403, and 13-3404, section 13-3404.01, subsection A, paragraph 1, and sections 13-3405 through 13-3409 do not apply to:

1. Manufacturers, wholesalers, pharmacies and pharmacists under the provisions of sections 32-1921 and 32-1961.

2. Medical practitioners, pharmacies and pharmacists while acting in the course of their professional practice, in good faith and in accordance with generally accepted medical standards.

3. Persons who lawfully acquire and use such drugs only for scientific purposes.

4. Officers and employees of the United States, this state or a political subdivision of the United States or this state, while acting in the course of their official duties.

5. An employee or agent of a person described in paragraphs 1 through 4 of this subsection, and a registered nurse or medical technician under the supervision of a medical practitioner, while the employee, agent, nurse or technician is acting in the course of professional practice or employment, and not on his own account.

6. A common or contract carrier or warehouseman, or an employee of the carrier or warehouseman, whose possession of drugs is in the usual course of business or employment.

7. Persons lawfully in possession or control of controlled substances authorized by title 36, chapter 27.

8. Persons who sell any non-narcotic substance that under the federal food, drug and cosmetic act may lawfully be sold over the counter without a prescription.

9. The receipt, possession or use, of a controlled substance included in schedule I of section 36-2512, by any seriously ill or terminally ill patient, pursuant to the prescription of a doctor in compliance with the provisions of section 13-3412.01

B. In any complaint, information or indictment and in any action or proceeding brought for the enforcement of any provision of this chapter the burden of proof of any exception, excuse, defense or exemption is on the defendant.

C. In addition to other exceptions to the physician-patient privilege, information communicated to a physician in an effort to procure unlawfully a prescription-only, dangerous or narcotic drug, or to procure unlawfully the administration of a prescription-only, dangerous or narcotic drug, is not a privileged communication.

13-3412.01. Prescribing controlled substances included in schedule I for seriously ill and terminally ill patients

A. Notwithstanding any law to the contrary, any medical doctor licensed to practice in this state may prescribe a controlled substance included in schedule I as prescribed by section 36-2512 to treat a disease, or to relieve the pain and suffering of a seriously ill patient or terminally ill patient, subject to the provisions of this section. In prescribing such a controlled substance, the medical doctor shall comply with professional medical standards.

B. Notwithstanding any law to the contrary, a medical doctor shall document that scientific research exists that supports the use of a controlled substance listed in schedule I as prescribed by section 36-2512 to treat a disease, or to relieve the pain and suffering of a seriously ill patient or a terminally ill patient before prescribing the controlled substance. A medical doctor prescribing a controlled substance included in schedule I as prescribed by section 36-2512 to treat a disease, or to relieve the pain and suffering of a seriously ill patient or terminally ill patient, shall obtain the written opinion of a second medical doctor that prescribing the controlled substance is appropriate to treat a disease or to relieve the pain and suffering of a seriously ill patient or terminally ill patient. The written opinion of the second medical doctor shall be kept in the patient's official medical file. Before

prescribing the controlled substance included in schedule I as prescribed by section 36-2512 the medical doctor shall receive in writing the consent of the patient.

C. Any failure to comply with the provisions of this section may be the subject of investigation and appropriate disciplining action by the Arizona medical board.

(NOTE: For the complete text of the Arizona Uniform Controlled Substances Act, see Arizona Revised Statutes Section 36-2501 et seq.)

TITLE 13
CRIMINAL CODE

CHAPTER 36
FAMILY OFFENSES

ARTICLE 2
DUTY TO REPORT NONACCIDENTAL INJURIES

13-3620. Duty to report abuse, physical injury, neglect and denial or deprivation of medical or surgical care or nourishment of minors; medical records; exception; violation; classification; definitions

A. Any person who reasonably believes that a minor is or has been the victim of physical injury, abuse, child abuse, a reportable offense or neglect that appears to have been inflicted on the minor by other than accidental means or that is not explained by the available medical history as being accidental in nature or who reasonably believes there has been a denial or deprivation of necessary medical treatment or surgical care or nourishment with the intent to cause or allow the death of an infant who is protected under section 36-2281 shall immediately report or cause reports to be made of this information to a peace officer or to child protective services in the department of economic security, except if the report concerns a person who does not have care, custody or control of the minor, the report shall be made to a peace officer only. A member of the clergy, christian science practitioner or priest who has received a confidential communication or a confession in that person's role as a member of the clergy, christian science practitioner or a priest in the course of the discipline enjoined by the church to which the member of the clergy, christian science practitioner or priest belongs may withhold reporting of the communication or confession if the member of the clergy, christian science practitioner or priest determines that it is reasonable and necessary within the concepts of the religion. This exemption applies only to the communication or confession and not to personal observations the member of the clergy, christian science practitioner or priest may otherwise make of the minor. For purposes of this subsection, "person" means:

1. Any physician, physician assistant, optometrist, dentist, osteopath, chiropractor, podiatrist, behavioral health professional, nurse, psychologist, counselor or social worker who develops the reasonable belief in the course of treating a patient.

2. Any peace officer, member of the clergy, priest or christian science practitioner.

3. The parent, stepparent or guardian of the minor.

4. School personnel or domestic violence victim advocate who develop the reasonable belief in the course of their employment.

5. Any other person who has responsibility for the care or treatment of the minor.

B. A report is not required under this section for conduct prescribed by sections 13-1404 and 13-1405 if the conduct involves only minors who are fourteen, fifteen, sixteen or seventeen years of age and there is nothing to indicate that the conduct is other than consensual.

C. If a physician, psychologist or behavioral health professional receives a statement from a person other than a parent, stepparent, guardian or custodian of the minor during the course of providing sex offender treatment that is not court ordered or that does not occur while the offender is incarcerated in the state department of corrections or the department of juvenile corrections, the physician, psychologist or behavioral health professional may withhold the reporting of that statement if the physician, psychologist, or behavioral health professional determines it is reasonable and necessary to accomplish the purposes of the treatment.

D. Reports shall be made immediately by telephone or in person and shall be followed by a written report within seventy-two hours. The reports shall contain:

1. The names and addresses of the minor and the minor’s parents or the person or persons having custody of the minor, if known.

2. The minor's age and the nature and extent of the minor’s abuse, child abuse, physical injury or neglect, including any evidence of previous abuse, child abuse, physical injury or neglect.

3. Any other information that the person believes might be helpful in establishing the cause of the abuse, child abuse, physical injury or neglect.

E. A health care professional who is regulated pursuant to title 32 and who, after a routine newborn physical assessment of a newborn infant’s health status or following notification of positive toxicology screens of a newborn infant reasonably believes that the newborn infant may be affected by the presence of alcohol or a drug listed in section 13-3401 shall immediately report this information, or cause a report to be made, to child protective services in the department of economic security. For the purposes of this subsection "newborn infant" means a newborn infant who is under thirty days of age.

F. Any person other than one required to report or cause reports to be made under subsection A of this section who reasonably believes that a minor is or has been a victim of abuse, child abuse, physical injury, a reportable offense or neglect may report the information to a peace officer or to child protective services of the department of economic security, except if the report concerns a person who does not have care, custody or control of the minor, the report shall be made to a peace officer only.

G. A person who has custody or control of medical records of a minor for whom a report is required or authorized under this section shall make the records, or a copy of the records, available to a peace officer or child protective services worker investigating the minor's neglect, child abuse, physical injury or abuse on written request for the records signed by the peace officer or child protective services worker. Records disclosed pursuant to this subsection are confidential and may be used only in a judicial or administrative proceeding or investigation resulting from a report required or authorized under this section.

H. When telephone or in-person reports are received by a peace officer, the officer shall immediately notify child protective services in the department of economic security and make the information available to them. Notwithstanding any other statute, when child protective services receives these reports by telephone or in person, it shall immediately notify a peace officer in the appropriate jurisdiction.

I. Any person who is required to receive reports pursuant to subsection A of this section may take or cause to be taken photographs of the minor and the vicinity involved. Medical examinations of the involved minor may be performed.

J. A person who furnishes a report, information or records required or authorized under this section, or a person who participates in a judicial or administrative proceeding or investigation resulting from a report, information or records required or authorized under this section, is immune from any civil or criminal liability by reason of that action unless the person acted with malice or unless the person has been charged with or is suspected of abusing or neglecting the child or children in question.

K. Except for the attorney client privilege or the privilege under subsection L of this section, no privilege applies to any:

1. Civil or criminal litigation or administrative proceeding in which a minor's neglect, dependency, abuse, child abuse, physical injury or abandonment is an issue.

2. Judicial or administrative proceeding resulting from a report, information or records submitted pursuant to this section.

3. Investigation of a minor's child abuse, physical injury, neglect or abuse conducted by a peace officer or child protective services in the department of economic security.

L. In any civil or criminal litigation in which a child's neglect, dependency, physical injury, abuse, child abuse or abandonment is an issue, a member of the clergy, a christian science practitioner or a priest shall not, without his consent, be examined as a witness concerning an confession made to him in his role as a member of the clergy, a christian science practitioner or a priest in the course of the discipline enjoined by the church to which he belongs. Nothing in this subsection discharges a member of the clergy, a christian science practitioner or a priest from the duty to report pursuant to subsection A of this section.

M. If psychiatric records are requested pursuant to subsection G of this section, the custodian of the records shall notify the attending psychiatrist, who may excise from the records, before they are made available:

1. Personal information about individuals other than the patient.

2. Information regarding specific diagnosis or treatment of a psychiatric condition, if the attending psychiatrist certifies in writing that release of the information would be detrimental to the patient's health or treatment.

N. If any portion of a psychiatric record is excised pursuant to subsection M of this section, a court, upon application of a peace officer or child protective services worker, may order that the entire record or any portion of the record that contains information relevant to the reported abuse, child abuse, physical injury or neglect be made available to the peace officer or child protective services worker investigating the abuse, child abuse, physical injury or neglect.

O. A person who violates this section is guilty of a class 1 misdemeanor, except if the failure to report involves a reportable offense, the person is guilty of a class 6 felony.

P. For the purposes of this section:

1. "Abuse" has the same meaning as prescribed in section 8-201.

2. "Child abuse" means child abuse pursuant to section 13-3623.

3. "Neglect" has the same meaning prescribed in section 8-201.

4. "Reportable offense" means any of the following:

(a) Any offense listed in chapters 14 and 35.1 of this title or section 13-3506.01.

(b) Surreptitious photographing, videotaping, filming or digitally recording of a minor pursuant to section 13-3019.

(c) Child prostitution pursuant to section 13-3212.

(d) Incest pursuant to section 13-3608.

TITLE 13
CRIMINAL CODE

CHAPTER 38
MISCELLANEOUS

ARTICLE 1
DUTY TO REPORT TREATMENT OF WOUNDS

13-3806. Duty of physician or attendant upon treating certain wounds; classification

A. A physician, surgeon, nurse or hospital attendant called upon to treat any person for gunshot wounds, knife wounds or other material injury which may have resulted from a fight, brawl, robbery or other illegal or unlawful act, shall immediately notify the chief of police or the city marshal, if in an incorporated city or town, or the sheriff, or the nearest police officer, of the circumstances, together with the name and description of the patient, the character of the wound and other facts which may be of assistance to the police authorities in the event the condition of the patient may be due to any illegal transaction or circumstances.

B. Any violation of the provisions of this section by a physician, surgeon, nurse or hospital attendant, is a class 3 misdemeanor.

TITLE 20
INSURANCE

CHAPTER 6
PARTICULAR TYPES OF INSURANCE

ARTICLE 4
REPORTING REQUIREMENTS

20-1742. Insurers to report malpractice claims and actions; definition

A. Each health care insurer providing professional liability insurance to a health professional as defined in section 32-3201 shall report to the appropriate health profession regulatory board, except the Arizona medical board, within thirty days of its receipt, any written or oral claim or action for damages for personal injury claimed to have been caused by:

1. An error, omission or negligence in the performance of an insured's professional services.

2. The performance of professional services without adequate informed consent.

3. An alleged breach of contract for professional services.

B. The reports required by subsection A of this section shall be confidential, nondiscoverable and nonadmissible as evidence, shall be filed on such forms as the health profession regulatory board, except the Arizona medical board, may require and shall contain:

1. The name and address of the health professional involved in the claim.

2. The name and address of the person on whose behalf the claim is being filed.

3. The date of the occurrence that created the claim.

4. The date of the claim if a complaint is not simultaneously filed.

5. The date the complaint is filed, if applicable.

6. A summary of the occurrence on which the claim is based as stated by the claimant.

7. Such other reasonable information related to the claim as the director may require.

C. Every health care insurer required to report to the health profession regulatory board pursuant to this section is required to advise the health profession regulatory board of any settlements or judgments entered against a health professional as defined in section 32-3201 within thirty days after the settlement was agreed to or the judgment was entered in superior court.

D. There shall be no liability on the part of and no cause of action shall arise against any health care insurer or its agents or employees reporting as required by this section.

E. The health profession regulatory board shall notify each health care insurer that is required to report pursuant to subsection A of this section of its duty to report.

F. Nothing in this section limits the director of insurance from obtaining any of the information required to be reported under this section.

G. For the purposes of this section "health profession regulatory board" means an agency, board or commission that licenses, certifies or registers a health professional as defined by section 32-3201.

TITLE 20
INSURANCE

CHAPTER 15
UTILIZATION REVIEW

ARTICLE 1
GENERAL PROVISIONS

20-2510. Health care insurers requirements; medical directors

A. A health care insurer that proposes to provide coverage of inpatient hospital and medical benefits, outpatient surgical benefits or any medical, surgical or health care service for residents of this state with utilization review of those benefits shall meet at least one of the following requirements:

1. Have a certificate issued pursuant to this chapter.

2. Be accredited by the utilization review accreditation commission, the national committee for quality assurance or any other nationally recognized accreditation process recognized by the director.

3. Contract with a utilization review agent that has a certificate issued pursuant to this chapter.

4. Contract with a utilization review agent that is accredited by the utilization review accreditation commission, the national committee for quality assurance or any other nationally recognized accreditation process recognized by the director.

5. Provide to the director a signed and notarized statement that the health care insurer has submitted an application for accreditation to the utilization review accreditation commission or the national committee for quality assurance and is awaiting completion of the accreditation review process. On completion of the accreditation review process, the insurer shall provide to the director adequate proof that the insurer has been accredited. If the insurer is denied accreditation, within sixty days after the denial the insurer shall meet at least one of the requirements set forth in paragraph 1, 2, 3 or 4 of this subsection.

B. Except as provided in subsections c and d of this section, any direct or indirect denial of prior authorization of a service requested by a health care provider on the basis of medical necessity by a health care insurer shall be made in writing by a medical director who holds an active unrestricted license to practice medicine in this state pursuant to title 32, chapter 13 or 17. The written denial shall include an explanation of why the treatment was denied, and the medical director who made the denial shall sign the written denial. The health care insurer shall send a copy of the written denial to the health care provider who requested the treatment. Health care insurers shall maintain copies of all written denials and shall make the copies available to the department for

inspection during regular business hours. The medical director is responsible for all direct and indirect denials that are made on the basis of medical necessity. Nothing in this section prohibits a health care insurer from consulting with a licensed physician whose scope of practice may provide the health care insurer with a more thorough review of the medical necessity.

C. For determinations made pursuant to subsection B of this section, a dental service corporation as defined in section 20-822 or a prepaid dental plan organization as defined in section 20-1001 may use as a medical director either:

1. An individual who holds an active unrestricted license to practice dentistry in this state pursuant to title 32, chapter 11.

2. A physician who holds an active unrestricted license to practice medicine in this state pursuant to title 32, chapter 13 or 17.

D. For determinations made pursuant to subsection B of this section, an optometric service corporation may use as a medical director either:

1. An individual who holds an active unrestricted license to practice optometry in this state pursuant to title 32, chapter 16.

2. A physician who holds an active unrestricted license to practice medicine in this state pursuant to title 32, chapter 13 or 17.

TITLE 28
TRANSPORTATION

CHAPTER 4
MOTOR VEHICLE DRIVER’S LICENSE ACT

ARTICLE 1
ISSUANCE, EXPIRATION, AND RENEWAL OF LICENSES

28-429. Physician or psychologist; reports to department; immunity from personal liability; definitions

A. A physician, psychologist or certified substance abuse counselor who, in good faith, provides at the written request of a driver's license applicant or licensee information to the director concerning a person's medical or psychological condition with respect to operation of a motor vehicle is immune from personal liability with respect to the information provided.

B. Notwithstanding the physician-patient or psychologist-client confidentiality relationship, a physician or psychologist may voluntarily report a patient to the department who, in the opinion of the physician or psychologist, has a medical or psychological condition which could significantly impair the person's ability to safely operate a motor vehicle. If a report is made, the physician or psychologist shall make the report in writing and include the name, address and date of birth of the patient. On receiving the report the department may require the person reported to be examined in the manner provided for in §28-447. No action may be brought against a physician or psychologist for not making a report pursuant to this section. The physician or psychologist submitting the report in good faith is immune from civil or criminal liability that otherwise may result by reason of the physician's or psychologist's actions pursuant to this section. The physician's or psychologist's report is subject to subpoena or order to produce in any action except an action against the physician submitting the report.

C. In this section:

2. "Medical or psychological condition" means a condition which could affect a person's functional ability to safely operate a motor vehicle.

3. "Physician" means a medical doctor, optometrist, chiropractor, naturopath, doctor of osteopathy or doctor of homeopathy licensed to practice in this state or a state contiguous to this state or employed by the federal government and practicing in this state or their agents.

TITLE 32
PROFESSIONS AND OCCUPATIONS

CHAPTER 18
PHARMACY

ARTICLE 1
BOARD OF PHARMACY

32-1901. Definitions

In this chapter, unless the context otherwise requires:

21. "Dispense" means to deliver to an ultimate user or research subject by or pursuant to the lawful order of a practitioner, including the prescribing, administering, packaging, labeling or compounding necessary to prepare for that delivery.

73. "Prescription order" means either:

(a) An order to a pharmacist for drugs or devices issued and signed by a duly licensed medical practitioner in the authorized course of the practitioner’s professional practice.

(b) An order transmitted to a pharmacist through word of mouth, telephone or other means of communication directed by that medical practitioner. Prescription orders received by word of mouth, telephone, or other means of communication shall be maintained by the pharmacist pursuant to section 32-1964 and the record so made by the pharmacist constitutes the original prescription order to be dispensed by the pharmacist. This paragraph does not alter or affect laws of this state or any federal act requiring a written prescription order.

TITLE 32
PROFESSIONS AND OCCUPATIONS

CHAPTER 18
PHARMACY

ARTICLE 3
REGULATION

32-1968. Dispensing prescription-only drug; prescription orders; renewals; labels; misbranding; dispensing soft contact lenses

A. A prescription-only drug shall be dispensed only under one of the following conditions:

1. By a medical practitioner in conformance with section 32-1921.

2. On a written prescription order.

3. On an oral prescription order that is reduced promptly to writing and filed by the pharmacist.

4. By renewing any written or oral prescription order if a renewal is authorized by the prescriber either in the original prescription order or by an oral order that is reduced promptly to writing and filed by the pharmacist.

B. A prescription order shall not be renewed if it is either:

1. Ordered by the prescriber not to be renewed.

2. More than one year since it was originally ordered.

C. A prescription order shall contain the date it was issued, the name and address of the person for whom or owner of the animal for which the drug is ordered, the name, strength, dosage form and quantity of the drug ordered and directions for its use. A written prescription order shall contain the printed name of the prescriber.

D. Any drug dispensed in accordance with subsection A of this section is exempt from the requirements of section 32-1967, except subsection A, paragraphs 1, 10 and 11 and the packaging requirements of subsection A, paragraphs 7 and 8, if the drug container bears a label containing the name and address of the dispenser, serial number, date of dispensing, name of the prescriber, name of the patient, or, if an animal, the name of the owner of the animal and the species of the animal, directions for use and cautionary statements, if any, contained in the order. This exemption does not apply to any drug dispensed in the course of the conduct of a business of dispensing drugs pursuant to diagnosis by mail or the internet or to a drug dispensed in violation of subsection A of this section.

E. The board may also by rule require additional information on the label of prescription medication that the board believes to be necessary for the best interest of the public’s health and welfare.

F. A prescription-only drug or a controlled substance that requires a prescription order is deemed to be misbranded if, at any time before dispensing, its label fails to bear the statement "Rx only". A drug to which subsection A of this section does not apply is deemed to be misbranded if, at any time before dispensing, its label bears the caution statement quoted in this subsection.

G. A pharmacist may fill a prescription order for soft contact lenses only as provided in this chapter.

32-1970. Implementing, monitoring and modifying drug therapy and use; conditions; definitions

A. A pharmacist licensed pursuant to this chapter may implement, monitor and modify drug therapy and use only under the following circumstances:

1. The patient's drug therapy and use are pursuant to a diagnosis by a physician licensed pursuant to chapter 13 or 17 of this title in an inpatient setting except for health care provided pursuant to paragraph 4, subdivisions (b) and (d) of this subsection.

2. The pharmacist complies with rules adopted by the state board of pharmacy that have been approved by the Arizona medical board and the board of osteopathic examiners in medicine and surgery.

3. The pharmacist follows the written drug therapy management protocols prescribed by the physician who made the diagnosis.

4. The pharmacist implements, monitors or modifies a person's drug therapy and use only in the following health care institutions:

(a) A hospital as defined in section 32-1901.

(b) A staff model of a health care services organization.

(c) A nursing care institution that has a contractual relationship between a limited service pharmacy or a long-term care consultant pharmacist or has an on-site pharmacy.

(d) A qualifying community health center as defined in section 32-1921 that has an on-site pharmacy.

5. The pharmacist includes the approved guidelines and protocols in the patient's chart or file and makes the chart or file available for review by the patient's other health care providers.

B. A licensee who violates this section commits an act of unprofessional conduct.

C. A pharmacist is responsible for the pharmacist's negligent acts that are the result of the pharmacist's change of medication or that relate to patient drug usage pursuant to drug therapy management protocols. This subsection does not limit a physician's liability for negligent acts that are not related to a pharmacist's change of medication pursuant to the protocols.

D. For the purposes of this section:

1. "Implement, monitor and modify" means that a pharmacist may perform specific acts as authorized by a physician pursuant to written guidelines and protocols. This does not include the selection of drug products not prescribed by the physician unless selection of the specific drug product is authorized by the written guidelines and protocols.

2. "Long-term care consultant pharmacist" means a pharmacist providing consulting services to a long-term care facility.

3. "Protocol" means a physician's written order, written standing medical order or other written order of protocol as defined by rules adopted by the Arizona medical board and the board of osteopathic examiners in

medicine and surgery and that are patient, physician and pharmacist specific for prescriptions or orders given by the physician authorizing the written protocol.

4. "Staff model of a health care services organization" means an organization that is licensed pursuant to title 20 and that employs its health care providers.

TITLE 32
PROFESSIONS AND OCCUPATIONS

CHAPTER 31
REGULATION OF HEALTH PROFESSIONS

ARTICLE 1
PUBLIC TESTIMONY

32-3108. Grievance process, public testimony

Notwithstanding any law to the contrary, a regulatory entity shall allow a person or a representative of a person who has made a complaint or a person or a representative of a person against whom a complaint has been made attending a board disciplinary meeting open to the public to address the board on that complaint on the agenda by filling out a request form before or at the time of the meeting.

TITLE 32
PROFESSIONS AND OCCUPATIONS

CHAPTER 32
HEALTH PROFESSIONALS

ARTICLE 1
GENERAL PROVISIONS

32-3206. Disciplinary action; information; disclosure.

A. At least ten business days before a disciplinary interview or a hearing, if the board does not hold a disciplinary interview, the health profession regulatory board shall notify the health professional and, at that person’s request, the board shall provide the health professional or the health professional’s attorney with the information listed in this section. The board shall provide the following information:

1. Any review conducted by an expert or consultant providing an evaluation of or opinion on the allegations.

2. Any records on the patient obtained by the board from other health care providers.

3. The results of any evaluations or tests of the health professional conducted at the board’s direction.

4. Any other factual information that the board will use in making its determination.

B. A person who obtains information from the board pursuant to this section may not release it to any other person or entity or use it in any proceeding or action except the disciplinary interview and any administrative proceedings or appeals related to the disciplinary interview. A person who violates this subsection commits an act of unprofessional conduct.

C. A board may charge the health professional or the health professional's attorney for the cost of providing the information received up to the fee for making a copy of each page as prescribed by section 12-284, subsection A.

32-3207. Health professionals disease hazard; testing; petition; definition

A. A health professional may petition the court to allow for the testing of a patient or deceased person if there is probable cause to believe that in the course of that health professional's practice there was a significant exposure.

B. The court shall hear the petition promptly. If the court finds that probable cause exists to believe that significant exposure occurred between the patient or deceased person and the health professional, the court shall order that either:

1. The person who transferred blood or bodily fluids onto the health professional provide two specimens of blood for testing.

2. If the person is deceased, the medical examiner draw two specimens of blood for testing.

C. On written notice from the employer of the health professional, the medical examiner is authorized to draw two specimens of blood for testing during the autopsy or other examination of the deceased person's body. The medical examiner shall release the specimen to the employing agency or entity for testing only after the court issues its order pursuant to subsection B. If the court does not issue an order within thirty days after the medical examiner collects the specimen, the medical examiner shall destroy the specimen.

D. Notice of the test results shall be provided as prescribed by the department of health services to the person tested, the health professional named in the petition and the health professional's employer. If the person is incarcerated or detained, the notice shall also be provided to the chief medical officer of the facility in which the person is incarcerated or detained.

E. For the purposes of this section, "significant exposure" means contact of a person's ruptured or broken skin or mucous membranes with another person's blood or bodily fluid, other than tears, saliva or perspiration, of a magnitude that the centers for disease control of the United States public health service have epidemiologically demonstrated can result in the transmission of blood borne or bodily fluid carried diseases.

32-3208. Criminal charges; mandatory reporting requirements; civil penalty

A. A health professional who has been charged with a misdemeanor involving conduct that may affect patient safety or a felony after receiving or renewing a license or certificate must notify the health professional's regulatory board in writing within ten working days after the charge is filed.

B. An applicant for licensure or certification as a health professional who has been charged with a misdemeanor involving conduct that may affect patient safety or a felony after submitting the application must notify the regulatory board in writing within ten working days after the charge is filed.

C. On receipt of this information the regulatory board may conduct an investigation.

D. A health professional who does not comply with the notification requirements of this section commits an act of unprofessional conduct. The health professional's regulatory board may impose a civil penalty of not more than one thousand dollars in addition to other disciplinary action it takes.

E. The regulatory board may deny the application of an applicant who does not comply with the notification requirements of this section.

F. On request a health profession regulatory board shall provide an applicant or health professional with a list of misdemeanors that the applicant must report.

32-3209. Release of information; fees

A. On request of any person, a health professional regulatory board must provide the following information to that person:

1. A copy of the minutes of any specified board meeting.

2. A copy of a board action concerning a person regulated by the board.

3. A copy of the final adjudication of a complaint against a person regulated by the board. For the purposes of this paragraph, final adjudication of a complaint does not include any complaint that was dismissed or terminated more than five years before the request was submitted.

4. The name and primary practice address of a person regulated by the board.

B. A health regulatory board may charge a fee for copies of any of the information in subsection A.

TITLE 32
PROFESSIONS AND OCCUPATIONS

CHAPTER 37
CHILD SUPPORT OBLIGATIONS

ARTICLE 1
GENERAL PROVISIONS

32-3701. Child support arrearages; suspension of license or certificate; applicability; definition

A. A licensing board or agency shall suspend a license within thirty days after receiving a certificate of noncompliance from the court pursuant to section 25-518. The licensing board or agency shall not lift the suspension until it receives a certificate of compliance from the court.

B. The licensing board or agency shall notify the department of economic security within thirty days in writing, or by any other means prescribed by the department, of all license suspensions pursuant to this section. The information shall include the person's name, address, date of birth and social security number.

C. This section applies to support obligations ordered by any state, territory or district of the United States.

D. For purposes of this section, "license" means any license, certificate, registration, permit or other authorization that:

1. Is issued by an agency or regulatory board.

2. Is subject before expiration to suspension, revocation, forfeiture or termination by the issuing board or agency.

3. A person must obtain to practice or engage in a particular business, occupation or profession.

TITLE 36
PROFESSIONS AND OCCUPATIONS

CHAPTER 3
VITAL STATISTICS

ARTICLE 2
REGISTRATION REQUIREMENTS, PROCEDURES AND CERTIFICATES

36-327. Death registration; access to death certificates

A. A death certificate for each person who dies in this state shall be filed with the local registrar within three days following the death and before cremation or removal of the dead body from that registration district. This may be done by electronic means as prescribed by the state registrar of vital statistics. If the place of death is unknown, the death is considered to have occurred in the place where the human remains were found. If the person died in a moving conveyance, the death is considered to have occurred in the place where the body was initially removed from the conveyance.

B. The funeral director or person acting in that capacity who first assumes custody of a dead body or dead human remains is responsible for executing and filing the death certificate. Before filing the certificate that person shall:

1. Obtain the personal data from the next of kin or the best qualified person or source available.

2. Obtain the medical certification of cause of death from the person hereinafter designated.

3. Enter the date, place and method of final disposition.

4. Affix that person’s signature and address.

C. The medical certification shall be completed and signed within seventy-two hours by the physician in charge of the patient’s care for the illness or condition resulting in death, except as may be provided by regulation for special situations or when death is subject to county medical examiner jurisdiction.

D. If the death occurred without medical attendance or under such circumstances as to require medical county examiner investigation under § 11-593, the medical examiner shall complete and sign the medical certification in sufficient time to enable the certificate to be filed within the prescribed time period, except as may be provided by rule for special situations.

E. If death occurs without medical attendance on an Indian reservation in this state and a county medical examiner is not available, the tribal law enforcement authority, acting in an official investigative capacity, may certify as to the cause and manner of death.

F. The department of library, archives and public records and local registrars shall allow a person access to all death certificates if fifty years have passed after the date of death. The department of library, archives and public records shall allow a person to have access to any records that are eligible for review under this subsection and that have been transferred to the department of library, archives and public records pursuant to § 36-302, subsection B and shall make it known to persons reviewing those records that they are not certified records. The department of library, archives and public records shall microfilm or microfiche records that are available to the public pursuant to this subsection. The department of health services and local registrars shall provide for the continued safekeeping of the original records until the department transfers the death certificates to the department of library, archives and public records for archiving pursuant to § 36-302, subsection B. The department of library, archives and public records shall provide for the continued safekeeping of the original records after the department of health services transfers the death certificates pursuant to § 36-302, subsection B.

G. If a murder victim's body is never recovered, the murderer's conviction for that murder is proof of death. The court shall forward a minute entry of the conviction to the state registrar of vital statistics. The state registrar is then responsible for preparing the death certificate and filing it with the local registrar. Before filing the certificate the state registrar shall obtain the personal data regarding the murder victim from the next of kin or the best qualified person or source available.

TITLE 36
PUBLIC HEALTH AND SAFETY

CHAPTER 4
HEALTH CARE INSTITUTIONS

ARTICLE 4
HEALTH CARE UTILIZATION REVIEW

36-441. Health care utilization committees; immunity; exception; definition

A. A person who without malice makes a decision or recommendation as a member, agent or employee of a health care utilization committee or who furnishes any records, information or assistance to that committee at its request is not subject to liability for civil damages or any legal action in consequence of that action. In any such action, the absence of malice is presumed. This presumption may be overcome only by a showing of clear and convincing evidence. This section does not relieve a person of liability arising from treatment of a patient. For the purposes of this subsection, "malice" means evil intent and outrageous, oppressive or intolerable conduct that creates a substantial risk of tremendous harm to others.

B. All proceedings, records and materials prepared in connection with the activities of a health care utilization committee are confidential and are not subject to discovery except:

1. In proceedings before the Arizona medical board or the board of osteopathic examiners.

2. In actions by an individual health care provider against the health care institution or outpatient surgical center arising from the discipline or other adverse action taken against the individual as a result of utilization review.

C. No member of a utilization review committee, person engaged in assisting the committee or person furnishing information to the committee may be subpoenaed to testify in a judicial or quasi-judicial proceeding if the subpoena is based solely on the utilization review committee's activities.

D. This section does not:

1. Affect a patient's claim to privilege or privacy.

2. Prevent the subpoena of a patient's medical records if they are otherwise subject to discovery.

3. Restrict the powers and duties of the director pursuant to this chapter with respect to records and information that are not subject to this section.

E. In a legal action brought against a hospital or outpatient surgical center for failure to adequately perform utilization review, representatives of the facility may testify as to whether there was utilization review with respect to the subject matter of the litigation.

F. All proceedings, records and materials prepared in connection with utilization review are confidential and inadmissible as evidence in a court proceeding.

G. For the purposes of this section, "health care utilization committee" means a committee established by a hospital or an outpatient surgical center to review or evaluate the utilization, appropriateness and necessity of health care services provided by that facility.

TITLE 36
PUBLIC HEALTH AND SAFETY

CHAPTER 4
HEALTH CARE INSTITUTIONS

ARTICLE 5
REVIEW OF CERTAIN HEALTH CARE PRACTICES

36-445. Review of certain medical practices

The governing body of each licensed hospital or outpatient surgical center as defined in section 36-401 shall require that physicians admitted to practice in the hospital or center organize into committees or other organizational structures to review the professional practices within the hospital or center for the purposes of reducing morbidity and mortality and for the improvement of the care of patients provided in the institution. Such review shall include the nature, quality and necessity of the care provided and the preventability of complications and deaths occurring in the hospital or center. Such review need not identify the patient or doctor by name but may use a case number or some other such designation.

36-445.01. Confidentiality of information; conditions of disclosure

A. All proceedings, records and materials prepared in connection with the reviews provided for in section 36-445, including all peer reviews of individual health care providers practicing in and applying to practice in hospitals or outpatient surgical centers and the records of such reviews, are confidential and are not subject to discovery except in proceedings before the Arizona medical board or the board of osteopathic examiners, or in actions by an individual health care provider against a hospital or center or its medical staff arising from discipline

of such individual health care provider or refusal, termination, suspension or limitation of the health care provider's privileges. No member of a committee established under the provisions of section 36-445 or officer or other member of a hospital's or center's medical, administrative or nursing staff engaged in assisting the hospital or center to carry out functions in accordance with that section or any person furnishing information to a committee performing peer review may be subpoenaed to testify in any judicial or quasi-judicial proceeding if the subpoena is based solely on those activities.

B. This article does not affect any patient's claim to privilege or privacy or to prevent the subpoena of a patient's medical records if they are otherwise subject to discovery or to restrict the powers and duties of the director pursuant to this chapter, with respect to records and information that are not subject to this article. In any legal action brought against a hospital or outpatient surgical center licensed pursuant to this chapter claiming negligence for failure to adequately do peer review, representatives of the hospital or center are permitted to testify as to whether there was peer review as to the subject matter being litigated. The contents and records of the peer review proceedings are fully confidential and inadmissible as evidence in any court of law.

36-445.02. Immunity relating to review of medical practices

A. Any individual who, in connection with duties or functions of a hospital or outpatient surgical center pursuant to section 36-445, makes a decision or recommendation as a member, agent or employee of the medical or administrative staff of a hospital or center or of one of its review committees or related organizations or who furnishes any records, information, or assistance to such medical staff or review committee or related organization is not subject to liability for civil damages or legal action in consequence thereof.

B. No hospital or outpatient surgical center and no individual involved in carrying out review or disciplinary duties or functions of a hospital or center pursuant to section 36-445 may be liable in damages to any person who is denied the privilege to practice in a hospital or center or whose privileges are suspended, limited or revoked. The only legal action which may be maintained by a licensed health care provider based on the performance or nonperformance of such duties and functions is an action for injunctive relief seeking to correct an erroneous decision or procedure. The review shall be limited to a review of the record. If the record shows that the denial, revocation, limitation or suspension of membership or privileges is supported by substantial evidence, no injunction shall issue. In such actions, the prevailing party shall be awarded taxable costs, but no other monetary relief shall be awarded.

C. Nothing in this section relieves any individual, hospital or outpatient surgical center from liability arising from treatment of a patient.

36-445.03. Limitation of publication; identity of patient confidential

Any publication of the results of a review for the purposes provided in sections 36-445 and 36-445.01 shall be made only for the purposes provided in those sections and shall keep confidential the identity of any patient whose condition, care or treatment was a part thereof.

36.445.04. Freestanding urgent care center incident reporting; confidentiality requirement

If a patient's death occurs at a freestanding urgent care center, the center shall report the death to the department not later than the next department work day. The department shall not release personally identifiable patient or physician information.

TITLE 36
PUBLIC HEALTH AND SAFETY

CHAPTER 4.1
CLINICAL LABORATORIES

ARTICLE 1
LABORATORY LAWS

36-451. Definitions

4. "Clinical laboratory" or "laboratory" means any facility, agency, institution, medical office, health care institution, building, or place which provides through its ownership or operation facilities for the microbiological, serological, chemical, immunohematological, hematological, cytologic, histologic, radiobioassay, cytogenetic, histocompatibility, pathological, toxicological or other examination of materials derived from the human body for the purpose of providing information for the diagnosis, prevention and treatment of a disease or an impairment or the assessment of human health conditions or to determine the presence, absence or concentration of various substances in the body. Clinical laboratory does not include law enforcement crime laboratories.

TITLE 36
PUBLIC HEALTH AND SAFETY

CHAPTER 4.1
CLINICAL LABORATORIES

ARTICLE 2
LICENSURE AND REGULATION OF CLINICAL LABORATORIES

36-470. Examination of specimens; written requests; reports of results; retention of test records

A. Except as otherwise provided, a clinical laboratory shall examine specimens at the authorization of any person licensed pursuant to title 32, chapter 7, 8, 13, 14, 17 or 29 or title 32, chapter 11, article 2, a person licensed to practice medicine or surgery in another state, or a person authorized by law or department rules.

B. The result of a test shall be reported to the person who authorized it. A report of results issued from a clinical laboratory shall provide information required by the department by rule. No clinical interpretation, diagnosis or prognosis or suggested treatment other than normal values shall appear on the laboratory report form, except that a report made by a physician licensed to practice medicine and surgery in this state or another state may include this information.

C. All specimens accepted by a laboratory for specified tests shall be tested on its premises, except that specimens, other than those for proficiency testing purposes, may be forwarded for examination to another laboratory licensed under this article or exempted by section 36-461, paragraph 1.

D. When the laboratory performing the examination is other than the laboratory accepting the specimen, the report submitted shall include information required by the department by rule.

E. Records involving laboratory services and copies of reports of laboratory tests shall be kept in a manner as prescribed by the department by rule.

F. A person authorized to request clinical laboratory examinations pursuant to this section may direct that a clinical laboratory examine a person's specimens at that person's request if the authorization is given pursuant to department rules and specifies:

1. The name of the person authorized to request an examination and to receive the results of that examination.

2. The type of examinations to be performed by the laboratory.

3. The total number of examinations the authorized person may request.

4. The beginning and expiration dates of the authorization.

5. The identification of the person giving the authorization.

G. The laboratory shall report test results ordered pursuant to subsection F to the person who authorized the test and to the person who requested it.

36-471. Persons authorized to collect human specimens or blood

A. Only a person authorized by law shall collect human bodily materials. Technical personnel of a laboratory may collect blood, remove stomach contents and collect material for smears and cultures or inject substances under the direction or upon the written request of a licensed physician for examination by a licensed laboratory.

B. Emergency paramedics, intermediate emergency medical technicians or personnel who have written approval of the director may collect blood and collect material for smears and cultures under the direction or upon the written request of a licensed physician.

36-472. Rebates, fee-splitting and solicitation of referrals prohibited

A. The owner or director of a laboratory shall not personally or through an agent, solicit the referral of specimens to his or any other laboratory in a manner which offers or implies an offer of rebates to persons submitting specimens or other fee-splitting inducements or participate in any fee-splitting arrangement. This applies to contents of fee schedules, billing methods or personal solicitation. The contractual provision of laboratory services for a fixed fee independent of the number of specimens submitted for such services is declared to be a violation of this section.

B. The bill to the patient shall specify the actual charge by the reference laboratory together with the reasonable specimen collection charge by the referring laboratory or physician.

TITLE 36
PUBLIC HEALTH AND SAFETY

CHAPTER 5
MENTAL HEALTH SERVICES

ARTICLE 2
PATIENT'S CIVIL AND LEGAL RIGHTS

36-517.02. Limitation of liability; exception; discharge of duty; immunity for disclosure

A. There shall be no cause of action against a mental health provider nor shall legal liability be imposed for breaching a duty to prevent harm to a person caused by a patient, unless both of the following occur:

1. The patient has communicated to the mental health provider an explicit threat of imminent serious physical harm or death to a clearly identified or identifiable victim or victims, and the patient has the apparent intent and ability to carry out such threat.

2. The mental health provider fails to take reasonable precautions.

B. Any duty owed by a mental health provider to take reasonable precautions to prevent harm threatened by a patient is discharged by all of the following:

1. Communicating when possible the threat to all identifiable victims.

2. Notifying a law enforcement agency in the vicinity where the patient or any potential victim resides.

3. Taking reasonable steps to initiate proceedings for voluntary or involuntary hospitalization, if appropriate.

4. Taking any other precautions that a reasonable and prudent mental health provider would take under the circumstances.

C. Whenever a patient has explicitly threatened to cause serious harm to a person or whenever a mental health provider reasonably concludes that a patient is likely to do so, and the mental health provider, for the purpose of reducing the risk of harm, discloses a confidential communication made by or relating to the patient, the mental health provider shall be immune from liability resulting from such disclosure.

D. This section shall not limit and shall be in addition to any other statutory immunities from liability of mental health providers or mental health treatment agencies as otherwise provided by law.

TITLE 36
PUBLIC HEALTH AND SAFETY

CHAPTER 6
PUBLIC HEA**LTH CONTROL**

ARTICLE 4
COMMUNICABLE DISEASE INFORMATION

36-661. Definitions

In this article, unless the context otherwise requires:

1. "Acquired immune deficiency syndrome" has the same meaning as defined by the centers for disease control of the United States public health service.

2. "Capacity to consent" means a person's ability, determined without regard to the person's age, to understand and appreciate the nature and consequences of a proposed health care service, treatment or procedure and to make an informed decision concerning that service, treatment or procedure.

3. "Child" means an unemancipated person under eighteen years of age.

4. "Communicable disease" means a contagious, epidemic or infectious disease required to be reported to the local board of health or the department pursuant to chapter 1 of this title and this chapter.

5. "Confidential communicable disease related information" means information regarding a communicable disease in the possession of a person who provides health services or who obtains the information pursuant to the release of confidential communicable disease related information.

6. "Confidential HIV-related information" means information concerning whether a person has had an HIV-related test or has HIV infection, HIV-related illness or acquired immune deficiency syndrome and includes information which identifies or reasonably permits identification of that person or the person's contacts.

7. "Contact" means a spouse or sex partner of a protected person, a person who has shared hypodermic needles or syringes with a protected person or a person otherwise exposed to a protected person with a communicable disease in a manner that poses an epidemiologically significant risk of transmission of that disease.

8. "Department" means the department of health services.

9. "Director" means the director of the department of health services.

10. "Good Samaritan" means a person who renders emergency care or assistance in good faith and without compensation at the scene of any accident, fire or other life-threatening emergency and who believes that a significant exposure risk occurred while the person rendered care or assistance.

11. "Health care provider" means a physician, nurse or other person involved in providing medical, nursing, counseling or other health care or mental health services.

12. "Health facility" means a health care institution as defined in §36-401, a blood bank, blood center, milk bank, sperm bank, organ or tissue bank or clinical laboratory or a health care services organization holding a certificate of authority pursuant to §20-1054.

13. "Health service" means public or private care, treatment, clinical laboratory tests, counseling or educational service for adults or children and acute, chronic, custodial, residential, outpatient, home or other health care or activities related to the detection, reporting, prevention and control of communicable or preventable diseases.

14. "HIV" means the human immunodeficiency virus.

15. "HIV infection" means infection with the human immunodeficiency virus or a related virus identified as a probable causative agent of acquired immune deficiency syndrome.

16. "HIV-related illness" means an illness that may result from or be associated with HIV infection.

17. "HIV-related test" means a laboratory test or series of tests for the virus, components of the virus or antibodies to the virus thought to indicate the presence of HIV infection.

18. "Protected person" means a person who takes an HIV-related test or who has been diagnosed as having HIV infection, acquired immune deficiency syndrome, HIV-related illness or another communicable disease.

19. "Release of confidential communicable disease related information" means a written authorization for disclosure of confidential communicable disease related information.

20. "Significant exposure risk" means contact with another person in a manner that, if the other person has a communicable disease, poses an epidemiologically significant risk of transmission of that disease as determined by the department.

36-662. Access to records

In conducting an investigation of a reportable communicable disease the department of health services and local health departments may inspect and copy medical or laboratory records in the possession of or maintained by a health care provider or health care facility which are related to the diagnosis, treatment and control of the specific communicable disease case reported. Requests for records shall be made in writing by the appropriate officer of the department of health services or local health department and shall specify the communicable disease case and the patient under investigation.

36-663. HIV-related testing; restrictions; exceptions

A. Except as otherwise specifically authorized or required by this state or by federal law, no person may order the performance of an HIV-related test within a hospital licensed pursuant to chapter 4, article 2 of this title without first receiving the specific written informed consent of the subject of the test who has capacity to consent or, if the subject lacks capacity to consent, of a person authorized pursuant to law to consent to health care for that person. Before ordering the performance of an HIV-related test as a part of a patient examination or consultation conducted outside a hospital licensed pursuant to chapter 4, article 2 of this title, a health care provider licensed pursuant to title 32, chapter 13, 17 or 29, a nurse practitioner certified pursuant to title 32, chapter 15 or a physician assistant certified pursuant to title 32, chapter 25 shall obtain specific oral or written informed consent of the subject of the test who has capacity to consent or, if the subject lacks capacity to consent, of a person authorized pursuant to law to consent to health care for that person. Other health care providers licensed pursuant to title 32 who are allowed to provide HIV-related tests within their scope of practice shall obtain specific written informed consent. Written consent shall be in a form as prescribed by the department except for entities complying with the form prescribed by §20-448.01. Oral consent shall be documented in the

medical record of the subject of the test. If the test is performed on an anonymous basis the consent shall be oral and no record shall be made containing the subject's name.

B. In order to obtain specific oral or written informed consent the health care provider licensed pursuant to title 32 shall provide the patient with an explanation of the following:

1. The test including its purpose, the meaning of its results and the benefits of early diagnosis and medical intervention.

2. The nature of acquired immune deficiency syndrome and HIV-related illness and information about behaviors known to pose risks for transmitting the human immunodeficiency virus.

3. The confidentiality protections afforded HIV-related information.

4. That an HIV-related test is voluntary and can be performed anonymously at a public health agency.

5. That a positive test result must be reported to a public health agency as required by law.

6. That the consent for the test may be withdrawn at any time before drawing the sample for the test and that the withdrawal of consent may be given orally if the consent was given orally or shall be in writing if the consent was given in writing.

C. The director shall provide in writing to all health care providers a form which contains the list of informed consent explanations in subsection B of this section. If the health care provider chooses to use oral consent, the provider shall sign and return the form to the director.

D. This section does not apply to the performance of an HIV-related test:

1. By a health care provider or health facility in relation to the procuring, processing, distributing or use of a human body or a human body part, including organs, tissues, eyes, bones, arteries, blood, semen, milk or other body fluids, for use in medical research or therapy or for transplantation to other persons.

2. For the purpose of research if the testing is performed in a manner by which the identity of the test subject is not known and may not be retrieved by the researcher.

3. On a deceased person, if the test is conducted in order to determine the cause of death or for epidemiologic or public health purposes.

4. In the course of providing necessary emergency medical treatment to a patient who lacks capacity to consent to HIV-related testing and for whom no person authorized pursuant to law to consent to health care for that person can be identified on a timely basis if the testing is necessary for the diagnosis and treatment of the emergency condition. The attending physician shall document the existence of an emergency medical condition, the necessity of the HIV-related testing to diagnose and treat the emergency condition and the patient's lack of capacity.

5. On a patient who lacks capacity to consent and for whom no person authorized pursuant to law to consent to health care for that person can be identified on a timely basis if the HIV-related testing is directly related to and necessary for the diagnosis and treatment of the person's medical condition. HIV-related testing shall be performed under these circumstances only on written certification by the attending physician and a consulting physician that the HIV-related testing is directly related to and necessary for the diagnosis and treatment of the patient's medical condition.

36-664. Confidentiality; exceptions

A. A person who obtains confidential communicable disease related information in the course of providing a health service or pursuant to a release of confidential communicable disease related information shall not disclose or be compelled to disclose that information except to the following:

1. The protected person or, if the protected person lacks capacity to consent, a person authorized pursuant to law to consent to health care for the person.

2. A person to whom disclosure is authorized pursuant to subsection D of this section or as otherwise allowed by law.

3. An agent or employee of a health facility or health care provider if the agent or employee is authorized to access medical records, the health facility or health care provider itself is authorized to obtain the communicable disease related information and the agent or employee provides health care to the protected individual or maintains or processes medical records for billing or reimbursement.

4. A health care provider or health facility if knowledge of the communicable disease related information is necessary to provide appropriate care or treatment to the protected person or the person's child.

5. A health facility or health care provider, in relation to the procurement, processing, distributing or use of a human body or a human body part, including organs, tissues, eyes, bones, arteries, blood, semen, milk or other body fluids, for use in medical education, research or therapy or for transplantation to another person.

6. A health facility, or an organization, committee or individual designated by the health facility, engaged in the review of professional practices, including the review of the quality, utilization or necessity of medical care, or an accreditation or oversight review organization responsible for the review of professional practices at a health facility. Confidential communicable disease related information disclosed to these organizations, committees or individuals shall include only that information necessary for the authorized review and shall not include information directly identifying the protected person.

7. A federal, state, county or local health officer if disclosure is mandated by federal or state law.

8. A government agency specifically authorized by law to receive the information. The agency is authorized to redisclose the information only pursuant to this article or as otherwise permitted by law.

9. A person, health care provider or health care facility to which disclosure is ordered by a court or administrative body pursuant to §36-665.

10. The department of economic security in conjunction with the placement of children for adoption.

11. The industrial commission or parties to an industrial commission claim pursuant to the provisions of §23-908, subsection C and 23-1043.02.

12. Insurance entities pursuant to §20-448.01.

B. A state, county or local health department or officer may disclose confidential communicable disease related information if the disclosure is any of the following:

1. Specifically authorized or required by federal or state law.

2. Made pursuant to a release of confidential communicable disease related information.

3. Made to a contact of the protected person. The disclosure shall be made without identifying the protected person.

4. For the purposes of research.

C. The director may authorize the release of information that identifies the protected person to the national center for health statistics of the United States public health service for the purposes of conducting a search of the national death index.

D. The department or a local health department shall disclose confidential communicable disease related information to a good samaritan who submits a request to the department or the local health department. The request shall document the occurrence of the accident, fire or other life-threatening emergency and shall include information regarding the nature of the significant exposure risk. The department shall adopt rules that prescribe standards of significant exposure risk based on the best available medical evidence. The department shall adopt rules that establish procedures for processing requests from good samaritans pursuant to this subsection. The rules shall provide that the disclosure to the good samaritan shall not reveal the protected person's name and shall be accompanied by a written statement that warns the good samaritan that the confidentiality of the information is protected by state law.

E. A release of confidential communicable disease related information shall be signed by the protected person or, if the protected person lacks capacity to consent, a person authorized pursuant to law to consent to health care for the person. A release shall be dated and shall specify to whom disclosure is authorized, the purpose for disclosure and the time period during which the release is effective. A general authorization for the release of medical or other information, including confidential communicable disease related information, is not an authorization for the release of confidential HIV-related information unless the authorization specifically indicates its purpose as a general authorization and an authorization for the release of confidential HIV-related information and complies with the requirements of this section.

F. A person to whom confidential communicable disease related information is disclosed pursuant to this section shall not disclose the information to another person except as authorized by this section. This subsection does not apply to the protected person or a person who is authorized pursuant to law to consent to health care for the protected person.

G. If a disclosure of confidential communicable disease related information is made pursuant to a release, the disclosure shall be accompanied by a statement in writing which warns that the information is from confidential records which are protected by state law that prohibits further disclosure of the information without the specific written consent of the person to whom it pertains or as otherwise permitted by law.

H. The person making a disclosure pursuant to a release of confidential communicable disease related information shall keep a record of all disclosures. On request, a protected person or a protected person's legal representative shall have access to the record.

I. A provider of a health service in possession of confidential communicable disease related information relating to a recipient of its service may disclose that information to an authorized employee or agent of a federal, state or local government agency which supervises or monitors the provider or administers the program under which the service is provided or to the private entity that accredits the provider. An authorized employee or agent includes only an employee or agent who, in the ordinary course of business of the government agency or entity, has access to records relating to the care or treatment of the protected person. The information shall not disclose the protected person's name.

J. This section does not prohibit the listing of communicable disease related information, including acquired immune deficiency syndrome, HIV-related illness or HIV infection, in a certificate of death, autopsy report or other related document prepared pursuant to law to document the cause of death. This section does not modify a law or rule relating to access to death certificates, autopsy reports or other related documents.

K. If a person in possession of confidential HIV-related information reasonably believes that an identifiable third party is at risk of HIV infection that person may report that risk to the department. The report shall be in writing and include the name and address of the identifiable third party and the name and address of the person making the report. The department shall contact the person at risk pursuant to rules adopted by the department. The department employee making the initial contact shall have expertise in counseling persons who have been exposed to or tested positive for HIV or acquired immune deficiency syndrome.

L. Except as otherwise provided pursuant to this article or subject to an order or search warrant issued pursuant to §36-665, a person who receives confidential HIV-related information in the course of providing a health service or pursuant to a release of confidential HIV-related information shall not disclose that information to another person or legal entity or be compelled by subpoena, order, search warrant or other judicial process to disclose that information to another person or legal entity.

M. Nothing in this section or §§36-663, 36-666, 36-667 and 36-668 shall apply to persons or entities subject to regulation under title 20.

36-665. Order for disclosure of confidential communicable disease related information

A. Notwithstanding any other law, no court or administrative body may issue an order for the disclosure of or a search warrant for confidential communicable disease related information, except as provided by this section. An administrative body includes any administrative law judge or hearing officer presiding over matters relating to the administrative body.

B. An order for disclosure of or a search warrant for confidential communicable disease related information may be issued on an application showing any one of the following:

1. A compelling need for disclosure of the information for the adjudication of a criminal, civil or administrative proceeding.

2. A clear and imminent danger to a person whose life or health may unknowingly be at significant risk as a result of contact with the person to whom the information pertains.

3. If the application is filed by a state, county or local health officer, a clear and imminent danger to the public health.

4. That the applicant is lawfully entitled to the disclosure and the disclosure is consistent with the provisions of this article.

5. A clear and imminent danger to a person or to public health or a compelling need requiring disclosure of the confidential communicable disease information.

C. On receiving an application pursuant to this section, the court or administrative body shall enter an order directing that the file be sealed and not made available to any person, except to the extent necessary to conduct a proceeding in connection with the determination of whether to grant or deny the application, including an appeal. The court or administrative body shall also order that all subsequent proceedings in connection with the application be conducted in camera and, if appropriate to prevent the unauthorized disclosure of confidential communicable disease related information, that pleadings, papers, affidavits, judgments, orders, briefs and

memoranda of law which are part of the application or the decision not state the name of the person concerning whom confidential communicable disease related information is sought.

D. The person concerning whom the information is sought and a person holding records from whom disclosure is sought shall be given adequate notice of the application in a manner which does not disclose to any other person the identity of the person and may file a written response to the application or appear in person for the limited purpose of providing evidence on the criteria for the issuance of an order pursuant to this section.

E. The court or administrative body may grant an order without notice and an opportunity to be heard if an ex parte application by a public health officer shows that a clear and imminent danger to a person whose life or health may unknowingly be at risk requires an immediate order and that notice to the individual about whom the information is sought is not reasonable under the circumstances.

F. Service of a subpoena is not required for actions brought pursuant to subsections D and E.

G. In assessing compelling need and clear and imminent danger, the court or administrative body shall provide written findings of fact, including scientific or medical findings, citing specific evidence in the record which supports each finding, and shall weigh the need for disclosure against the privacy interest of the protected person and the public interest which may be disserved by disclosure which deters future testing or treatment or which may lead to discrimination.

H. An order authorizing disclosure of or a search warrant for confidential communicable disease related information shall:

1. Limit disclosure to that information which is necessary to fulfill the purpose for which the order is granted.

2. Limit disclosure to those persons whose need for the information is the basis for the order, and specifically prohibit redisclosure by persons to any other persons, whether or not they are parties to the action.

3. To the extent possible consistent with this section, conform to the provisions of this article.

4. Include other measures as deemed necessary to limit disclosures not authorized by the order.

I. Notwithstanding any other law, a court or administrative body shall not order the department, a county health department or a local health department to release confidential HIV-related information in its possession.

36-666. Violation; classification; immunity

A. A person who knowingly does the following is guilty of a class 3 misdemeanor:

1. Performs, or permits or procures the performance of, an HIV-related test in violation of this article.

2. Discloses, compels another person to disclose or procures the disclosure of confidential communicable disease related information in violation of this article.

B. A person, health care facility or health care provider disclosing confidential communicable disease related information pursuant to or required by this article is immune from civil or criminal liability if the person, health care facility or health care provider acted in good faith and without malice.

C. A health care facility or health care provider, including a physician, the physician's employer or the health care facility or health care provider with which the physician is associated, is immune from civil or criminal liability for failing to disclose confidential communicable disease related information to a contact or a person

authorized pursuant to law to consent to health care for a protected person if the health care facility or health care provider acted in good faith and without malice.

D. For the purposes of this section, good faith and the absence of malice are presumed unless the presumption is overcome by a demonstration of clear and convincing evidence to the contrary.

36-667. Civil penalty

A. The department may impose a civil penalty of not more than five thousand dollars if a person does the following in violation of this article:

1. Performs, or permits or procures the performance of, an HIV-related test in violation of this article.

2. Discloses, compels another person to disclose or procures the disclosure of confidential communicable disease related information in violation of this article.

B. The director shall deposit, pursuant to sections 35-146 and 35-147, all monies collected pursuant to this section in the state general fund.

36-668. Private right of action

A protected person may bring an action in superior court for legal and equitable relief on his own behalf against a person who violates this article.

36-669. Human immunodeficiency testing of prisoners

The state department of corrections in consultation with the department of health services may require that a prisoner be tested for the human immunodeficiency virus if the department of corrections has reasonable grounds to believe that the person is infected with the human immunodeficiency virus and is a health threat to others.

COMMUNICABLE DISEASE REPORTING

These diseases are to be reported to the local health agency (county health department or Indian Health Service Unit) within five working days of diagnosis or treatment. Diseases in bold are reportable within 24 hours of diagnosis. Food handlers with disease marked with an asterisk (*) are also to be reported within 24 hours. Outbreaks of foodborne or waterborne disease should also be reported within 24 hours. Reports can be made on an ADHS Communicable Disease Reporting form, which includes the patient's name, telephone number, complete street address, date of birth, race, sex, ethnicity, date of onset, date of diagnosis, diagnosis, laboratory results and date, name of reporter, and the reporter's telephone number and complete address. Reports may also be telephoned or faxed to the local health agency.

TITLE 36
PUBLIC HEALTH AND SAFETY

CHAPTER 20
ABORTION

ARTICLE 1
GENERAL PROVISIONS

36-2152. Parental consent; exception; hearings; time limits; violation; classification; definitions

A. A person shall not knowingly perform an abortion on a pregnant unemancipated minor unless the attending physician has secured the written consent from one of the minor's parents or the minor's guardian or conservator or unless a judge of the superior court authorizes the physician to perform the abortion pursuant to subsection B.

B. A judge of the superior court shall, on petition or motion, and after an appropriate hearing, authorize a physician to perform the abortion if the judge determines that the pregnant minor is mature and capable of giving informed consent to the proposed abortion. If the judge determines that the pregnant minor is not mature or if the pregnant minor does not claim to be mature, the judge shall determine whether the performance of an abortion on her without the consent from one of her parents or her guardian or conservator would be in her best interests and shall authorize a physician to perform the abortion without consent if the judge concludes that the pregnant minor's best interests would be served.

C. The pregnant minor may participate in the court proceedings on her own behalf. The court may appoint a guardian ad litem for her. The court shall advise her that she has the right to court appointed counsel and shall, on her request, provide her with counsel unless she appears through private counsel or she knowingly and intelligently waives her right to counsel.

D. Proceedings in the court under this section are confidential and have precedence over other pending matters. Members of the public shall not inspect, obtain copies of or otherwise have access to records of court proceedings under this section unless authorized by law. A judge who conducts proceedings under this section shall make in writing specific factual findings and legal conclusions supporting the decision and shall order a confidential record of the evidence to be maintained including the judge's own findings and conclusions. The minor may file the petition using a fictitious name. For purposes of this subsection, public does not include judges, clerks, administrators, professionals or other persons employed by or working under the supervision of the court or employees of other public agencies who are authorized by state or federal rule or law to inspect and copy closed court records.

E. The court shall hold the hearing and shall issue a ruling within forty-eight hours, excluding weekends and holidays, after the petition is filed. If the court fails to issue a ruling within this time period the petition is deemed to have been granted and the consent requirement is waived.

F. An expedited confidential appeal is available to a pregnant minor for whom the court denies an order authorizing an abortion without parental consent. The appellate court shall hold the hearing and issue a ruling within forty-eight hours, excluding weekends and holidays, after the petition for appellate review is filed. Filing fees are not required of the pregnant minor at either the trial or the appellate level.

G. Parental consent or judicial authorization is not required under this section if either:

1. The pregnant minor certifies to the attending physician that the pregnancy resulted from sexual conduct with a minor by the minor'' parent, stepparent, uncle, grandparent, sibling, adoptive parent, legal guardian or foster parent or by a person who lives in the same household with the minor and the minors mother. The physician performing the abortion shall report the sexual conduct with a minor to the proper law enforcement officials pursuant to section 13-3620 and shall preserve and forward a sample of the fetal tissue to these officials for use in a criminal investigation.

2. The attending physician certifies in the pregnant minor's medical record that, on the basis of the physician's good faith clinical judgment, the pregnant minor has a condition that so complicates her medical condition as to necessitate the immediate abortion of her pregnancy to avert her death or for which a delay will create serious risk of substantial and irreversible impairment of major bodily function.

H. A person who performs an abortion in violation of this section is guilty of a class 1 misdemeanor. A person is not subject to any liability under this section if the person establishes by written evidence that the person relied on evidence sufficient to convince a careful and prudent person that the representations of the pregnant minor regarding information necessary to comply with this section are true.

I. For purposes of this section:

1. "Abortion" means the use of an instrument, medicine or drug or other substance or device with the intent to terminate a pregnancy for reasons other than to increase the probability of a live birth, to preserve the life or health of the child after a live birth, to terminate an ectopic pregnancy or to remove a dead fetus. Abortion does not include birth control devices or oral contraceptives that inhibit or prevent ovulation, fertilization or the implantation of a fertilized ovum within the uterus.

2. "Fetus" means any individual human organism from fertilization until birth.

TITLE 36
PUBLIC HEALTH AND SAFETY

CHAPTER 22
PROTECTION OF MINORS

ARTICLE 2
PRESERVING THE LIVES OF NEWBORN AND OTHER CHILDREN

36-2281. Newborn infants; nutritional and medical denial or deprivation prohibited; definition

A. A person shall not deny or deprive a newborn infant of nourishment with the intent to cause or allow the death of the infant for any reason including:

1. The infant was born with a handicap.

2. The infant is not wanted by the parent, parents or guardian.

3. The child is born alive by natural or artificial means.

B. A person shall not deprive an infant of necessary lifesaving medical treatment or surgical care.

C. This section shall not be construed to prevent an infant's parent, parents or guardian from refusing to give consent to medical treatment or surgical care which is not medically necessary, including care or treatment which either:

1. Is not necessary to save the life of the infant.

2. Has a potential risk to the infant's life or health that outweighs the potential benefit to the infant of the treatment or care.

3. Is futile treatment or treatment that will do no more than temporarily prolong the act of dying when death is imminent.

D. In determining whether any of the possible medical treatments will be medically necessary for an infant, reasonable medical judgments in selecting among alternative courses of treatment shall be respected.

E. In this article and section 13-3620, "infant" means a newborn child less than one year of age.

36-2282. Duty to inform; reports of denial or deprivation; disciplinary action prohibited; report to department of economic security

A. Any health care institution with a perinatal, obstetrical or pediatric unit shall inform its administrators and other employees associated with the perinatal, obstetrical or pediatric unit of:

1. Their duty pursuant to section 13-3620 to report any denial or deprivation of necessary medical treatment or surgical care or nourishment with the intent to cause or allow the death of the infant.

2. Their right to make a report free from any disciplinary action by the health care institution.

3. A full description of the manner in which a report is to be made.

B. A health care institution shall not take or threaten to take any disciplinary action against any employee in retaliation for the employee making a report pursuant to section 13-3620.

C. A health care institution as specified in subsection A of this section shall report all suspected incidents of denial or deprivation of medically necessary treatment, surgical care or nourishment with the intent to cause or allow the death of the infant to the child protective services program of the department of economic security as each incident occurs.

36-2283. Certain information to parents required

Any health care institution with a perinatal, obstetrical or pediatric unit shall make available to each parent of any newborn child born with an identifiable handicap information it receives from public or private agencies regarding agencies which are available to provide the parent with assistance, information or support pertaining to the care of the child and the manner in which the agencies may be contacted.

TITLE 1
STATE AND LOCAL BOARDS AND DEPARTMENTS OF HEALTH

CHAPTER 23
PROTECTION OF FETUS OR EMBRYO

ARTICLE 1
GENERAL PROVISIONS

36-2302. Experimentation on human fetus or embryo prohibited; physician-patient privilege inapplicable

A. A person shall not knowingly use any human fetus or embryo, living or dead, or any parts, organs or fluids of any such fetus or embryo resulting from an induced abortion in any manner for any medical experimentation or scientific or medical investigation purposes except as is strictly necessary to diagnose a disease or condition in the mother of the fetus or embryo and only if the abortion was performed because of such disease or condition.

B. The physician-patient privilege as provided in section 13-4062, paragraph 4 shall not prevent the production of documents or records relevant to an investigation arising under this section. All documents or records produced in an action brought pursuant to this section shall be inspected by the court in camera, and before the documents or records are released to the requesting party, the court shall remove the names and other identifying information, if any, of the patients and substitute pseudonyms.

C. This section shall not prohibit routine pathological examinations conducted by a medical examiner or hospital laboratory provided such pathological examination is not a part of or in any way related to any medical or scientific experimentation.

TITLE 36
PUBLIC HEALTH AND SAFETY

CHAPTER 27
UNIFORM CONTROLLED SUBSTANCES ACT

ARTICLE 3
REGULATION OF MANUFACTURE, DISTRIBUTION AND DISPENSING OF CONTROLLED SUBSTANCES

36-2522. Registration requirements

A. Every person who manufactures, distributes, dispenses or uses for scientific purposes any controlled substance within this state or who proposes to engage in the manufacture, distribution, dispensing of or using for scientific purposes any controlled substance within this state must first:

1. Obtain and possess a current license or permit as a medical practitioner as defined in section 32-1901 or as a pharmacy, pharmacist, manufacturer or wholesaler pursuant to title 32, chapter 18.

2. Be a registrant under the federal controlled substances act (P.L. 91-513; 84 Stat. 1242; 21 U.S.C. sec. 801 et seq.).

B. A person who is registered under this chapter to manufacture, distribute, dispense or use for scientific purposes controlled substances may possess, manufacture, distribute, dispense or use for scientific purposes those substances to the extent authorized by that person's license or permit in conformity with this chapter and title 32, chapter 18.

36-2525. Prescription orders; labels

A. In addition to requirements in section 32-1968, pertaining to prescription orders for prescription-only drugs, the prescription order for a controlled substance shall bear the name, address and federal registration number of the prescriber. Prescription orders for controlled substances shall be filed and records kept in conformity with the requirements of section 36-2523. A prescription order for a controlled substance drug other than a hospital drug order for a hospital inpatient shall contain only one drug order per prescription blank.

B. Except in emergency situations in conformity with subsection C of this section or when dispensed directly by a medical practitioner to an ultimate user, a controlled substance in schedule II shall not be dispensed without the written prescription order in ink or indelible pencil or typewritten and manually signed by the medical practitioner. A prescription order for a schedule II substance shall not be dispensed more than sixty days after the date on which the prescription order was issued. A prescription order for a schedule II substance shall not be refilled.

C. In emergency situations, emergency quantities of schedule II substances may be dispensed on an oral prescription order of a medical practitioner. Such an emergency prescription order shall be immediately reduced to writing by the pharmacist and shall contain all the information required for schedule II drugs except for the manual signing of the order by the medical practitioner. Within seven days after authorizing an emergency oral prescription order, the prescribing medical practitioner shall cause a written prescription order manually signed for the emergency quantity prescribed to be delivered to the dispensing pharmacist. In addition to conforming to other requirements for prescription orders for schedule II substances, it shall have written on its face "authorization for emergency dispensing" and the date of the oral order. If the prescribing medical practitioner

fails to deliver such an emergency prescription order within seven days in conformance with board rules, the pharmacist shall notify the board. Failure of the pharmacist to notify the board shall void the authority conferred by this subsection to dispense without a written, manually-signed prescription order of a medical practitioner.

D. Except when dispensed directly by a medical practitioner to an ultimate user, a controlled substance included in schedule III or IV which requires a prescription order as determined under state or federal laws shall not be dispensed without a written or oral prescription order of a medical practitioner. The prescription order shall not be filled or refilled more than six months after the date on which the prescription order was issued. A prescription order authorized to be refilled shall not be refilled more than five times. Additional quantities may only be authorized by the prescribing medical practitioner through issuance of a new prescription order which shall be treated by the pharmacist as a new and separate prescription order.

E. Except when dispensed directly by a medical practitioner to an ultimate user, a controlled substance that is included in schedule V and that requires a prescription order as determined under state or federal laws shall not be dispensed without a written or oral prescription order of a medical practitioner. The prescription order may be refilled as authorized by the prescribing medical practitioner but shall not be filled or refilled more than one year after the date of issuance.

TITLE 36
PUBLIC HEALTH AND SAFETY

CHAPTER 36
TELEMEDICINE

ARTICLE 1
GENERAL PROVISIONS

36-3601. Definitions

For the purposes of this chapter:

1. "Health care provider" means a person licensed pursuant to title 32, chapter 7, 13, 15, 17, 18, 19.1, 25, 28 or 29.

2. "Telemedicine" means the practice of health care delivery, diagnosis, consultation, treatment and transfer of medical data through interactive audio, video or data communications that occurs in the physical presence of the patient. For the purposes of this article, audio or video communications sent to a health care provider for diagnostic or treatment consultation also constitute telemedicine.

36-3602. Delivery of health care through telemedicine; requirements

A. Before a health care provider delivers health care through telemedicine, the treating health care provider shall obtain verbal or written informed consent from the patient. If the informed consent is obtained verbally, the health care provider shall document the patient's consent on the patient's medical record.

B. The patient is entitled to all existing confidentiality protections pursuant to section 12-2292.

C. All medical reports resulting from a telemedicine consultation are part of a patient's medical record as defined in section 12-2291.

D. Dissemination of any images or information identifiable to a specific patient for research or educational purposes shall not occur without the patient's consent.

36-3603. State jurisdiction; scope

The provisions of this article apply to the practice of telemedicine within the state of Arizona. Nothing in this article shall be construed to expand, reduce or otherwise amend the health care provider licensing requirements of title 32.

TITLE 44
TRADE AND COMMERCE

CHAPTER 1
CONTRACTS

ARTICLE 3
CAPACITY TO CONTRACT

44-132. Capacity of minor to obtain hospital, medical and surgical care; definition

A. Notwithstanding any other provision of law except as provided in title 36, chapter 20, article 1, and without limiting cases in which consent may otherwise be obtained or is not required, any emancipated minor, any minor who has contracted a lawful marriage or any homeless minor may give consent to the furnishing of hospital, medical and surgical care to such minor, and such consent shall not be subject to disaffirmance because of minority. The consent of the parent, or parents, of such a person is not necessary in order to authorize hospital, medical and surgical care. For the purposes of this section only, subsequent judgment of annulment of such marriage or judgment of divorce shall not deprive such person of his adult status once attained.

B. A health care provider acting in reliance on the consent of a minor who has authority or apparent authority pursuant to this section to consent to health care is not subject to criminal and civil liability and professional disciplinary action on the ground that he or she failed to obtain consent of the minor's parent, parents or legal guardian. This subsection does not affect any other cause of action permitted under title 12, chapter 5.1.

C. For purposes of this section, a homeless minor is an individual under the age of eighteen years living apart from his parents and who lacks a fixed and regular nighttime residence or whose primary residence is either a supervised shelter designed to provide temporary accommodations, a halfway house or a place not designed for or ordinarily used for sleeping by humans.

44-132.01. Capacity of minor to obtain treatment for venereal disease without consent of parent

Notwithstanding any other provision of the law, a minor who may have contracted a venereal disease may give consent to the furnishing of hospital or medical care related to the diagnosis or treatment of such disease and such consent shall not be subject to disaffirmance because of minority. The consent of the parent, parents or legal guardian of such a person shall not be necessary in order to authorize hospital or medical care.

TITLE 46
WELFARE

CHAPTER 4
ADULT PROTECTIVE SERVICES

ARTICLE 1
DUTY TO REPORT ABUSE OF INCAPACITATED OR VULNERABLE ADULTS

46-454. Duty to report abuse, neglect and exploitation of incapacitated or vulnerable adults, duty to make medical records available; violation; classification

A. A physician, hospital intern or resident, surgeon, dentist, psychologist, social worker, peace officer or other person who has responsibility for the care of an incapacitated or vulnerable adult and who has a reasonable basis to believe that abuse or neglect of the adult has occurred or that exploitation of the adult's property has occurred shall immediately report or cause reports to be made of such reasonable basis to a peace officer or to a protective services worker. The guardian or conservator of an incapacitated or vulnerable adult shall immediately report or cause reports to be made of such reasonable basis to the superior court. All of the above reports shall be made immediately in person or by telephone and shall be followed by a written report mailed or delivered within forty-eight hours or on the next working day if the forty-eight hours expire on a weekend or holiday.

C. Reports pursuant to subsections A and B shall contain:

1. The names and addresses of the adult and any persons having control or custody of the adult, if known.

2. The adult's age and the nature and extent of his incapacity or vulnerability.

3. The nature and extent of the adult's injuries or physical neglect or of the exploitation of the adult's property.

4. Any other information that the person reporting believes might be helpful in establishing the cause of the adult's injuries or physical neglect or of the exploitation of the adult's property.

D. Any person other than one required to report or cause reports to be made in subsection A who has a reasonable basis to believe that abuse or neglect of an incapacitated or vulnerable adult has occurred may report the information to a peace officer or to a protective services worker.

E. A person having custody or control of medical or financial records of an incapacitated or vulnerable adult for whom a report is required or authorized under this section shall make such records, or a copy of such records, available to a peace officer or adult protective services worker investigating the incapacitated or vulnerable adult's neglect, exploitation or abuse on written request for the records signed by the peace officer or adult protective services worker. Records disclosed pursuant to this subsection are confidential and may be used only in a judicial or administrative proceeding or investigation resulting from a report required or authorized under this section.

G. A person required to receive reports pursuant to subsection A, B or D may take or cause to be taken photographs of the abused adult and the vicinity involved. Medical examinations including radiological examinations of the involved adult may be performed. Accounts, inventories or audits of the exploited adult's property may be performed. The person, department, agency, or court that initiates such photographs, examinations, accounts, inventories or audits shall pay the associated costs in accordance with existing statutes and rules. If any person is found to be responsible for the abuse, neglect or exploitation of an incapacitated or vulnerable adult in a criminal or civil action, the court may order the person to make restitution as the court deems appropriate.

H. If psychiatric records are requested pursuant to subsection E, the custodian of the records shall notify the attending psychiatrist, who may excise from the records, before they are made available:

1. Personal information about individuals other than the patient.

2. Information regarding specific diagnosis or treatment of a psychiatric condition, if the attending psychiatrist certifies in writing that release of the information would be detrimental to the patient's health or treatment.

I. If any portion of a psychiatric record is excised pursuant to subsection H, a court, upon application of a peace officer or adult protective services worker, may order that the entire record or any portion of such record containing information relevant to the reported abuse or neglect be made available to the peace officer or adult protective services worker investigating the abuse or neglect.

J. A person who violates any provision of this section is guilty of a class 1 misdemeanor.

CANCER REPORTING BY PHYSICIANS

Arizona physicians are required by law (A.A.C. Title 9, Chapter 4, Article 4) to submit to the Arizona Cancer Registry, Arizona Department of Health services, within 30 days of diagnosis, a report of cancer cases meeting all of the following criteria:

Not seen in an Arizona hospital; and
Not seen in a cancer clinic (one that sees >100 cases per year); and
Not confirmed by a pathology laboratory licensed in Arizona

Physicians will report on every malignant neoplasm (solid or hematopoietic); carcinoma in situ; or benign tumor of the central nervous system. Localized skin cancer of the following types are not reportable: basal cell, squamous cell, papillary, or skin carcinoma not otherwise specified.

The forms for reporting of cancer are available from the Arizona Cancer Registry, Arizona Department of Health Services (542-7320).

NONCOMMUNICABLE DISEASE REPORTING

Pesticide Illnesses and Elevated Blood Lead Levels are reportable by physicians to the Arizona Department of Health Services, Office of Environmental Health (OEH). Reports may be written on forms supplied by ADHS or by phone. To obtain report forms or to report a case, call the OEH at 230-5865 or 1-800-367-6412, 3815 N. Black Canyon Hwy., Phoenix, Arizona 85015.

In accordance with A.A.C. R9-4-201, any health care professional or poison control center who participates in the diagnosis of a case of pesticide illness, or determines that an illness may be related to documented exposure to a pesticide, shall file a report within five days of the date of determining that the illness is or may be the result of pesticide exposure with the Arizona Department of Health Services. Any case or suspect case resulting in hospitalization or death must be reported within 24 hours of the hospital admission or death. Cluster illness shall be reported within 24 hours of the identification of the second case or suspect case. Reports may be made by telephone, in person or in writing and shall contain: patient's name, address, and telephone number, date of birth, race or ethnicity, gender, occupation, dates of onset and diagnosis, name of the pesticide (if known), name, address and telephone number of the person making the report, the reason for believing the illness to be pesticide related, whether the illness is caused by or related to pesticide exposure.

In accordance with A.A.C. R9-4-301, any physician who finds evidence of lead in whole blood at or above 10 micrograms of lead per deciliter of whole blood shall file a report of an elevated blood level with the Department as follows:

1. Reports shall be made within five days of the date of finding the level to be elevated.

2. Reports shall be by telephone or submitted in writing on forms supplied by the Department.

3. All reports shall include the patient's name, address, telephone number, the date of birth, race or ethnicity, gender, occupation, the level of lead and the date the blood lead level was found to be elevated. The report shall also include the name and address of the laboratory making the determination and the name, address and telephone number of the person making the report.

ARTICLE 3
CONTROL MEASURES FOR COMMUNICABLE AND PREVENTABLE DISEASES

R9-6-331. Human Immunodeficiency Virus (HIV) Infection and Related Disease

A. Reports: As directed by Article 2, a person shall report a case, suspect case, or suspect carrier except for the suspect carrier requesting anonymity pursuant to paragraph (D)(4).

B. Case control measures: A health care provider or operator of a blood, plasma center, or milk bank shall not utilize donated blood, plasma, milk, body organs, sperm, or other tissue from a case, suspect case, or suspect carrier for transfusion, transplantation, or consumption.

C. Environmental control measures: The diagnosing health care provider or authorized representative shall ensure concurrent disinfection of equipment or other surfaces contaminated with blood, semen, vaginal fluids or other body fluids containing visible blood of cases, suspect cases or suspect carriers.

D. Special control measures:

1. Any physician, hospital administrator, or other person, including operators of blood or plasma centers, tissue or sperm banks, who orders, administers or interprets as positive a test for HIV or antibodies to the virus shall, in addition to meeting the reporting requirements specified, use all reasonable means to notify the person on whom the test was performed within 30 days of receiving the test result.

2. At the time of notification, the physician, hospital administrator or other person shall provide, or arrange for counseling which includes factual information regarding the virus, the syndrome and its symptoms, measures which are effective in reducing the likelihood of transmitting the virus to others, the need to notify sex and/or needle-sharing partners of their exposure to the virus and the availability of assistance from local health agencies in partner notification procedures.

3. The local health agency shall conduct or direct an epidemiologic investigation of each reported case, suspected case, or suspect carrier within 30 days of the initial report. Upon completion of the epidemiologic investigation, the local health department shall not retain any personal identifying information on the case, suspect case or suspect carrier.

4. Counseling and testing sites supervised by the Department or local health agencies shall offer an anonymous testing option. Epidemiologic information including age, race, sex, county of residence, and associated risk behaviors shall be collected on individuals opting for anonymous testing.

5. The Department shall confidentially notify an identifiable third party reported to be at risk of HIV infection pursuant to A.R.S. §36-664(K) if all of the following conditions are met:

a. The report of risk is made to the Department in writing and includes the names and address of the identifiable third party, the name and address of the person placing the identifiable third party at risk, the type of exposure placing the identifiable third party at risk, and the name and address of the person making the report;

b. The report is made by a person in possession of confidential HIV-related information;

c. The Department determines that the above information is both accurate and sufficient to warrant notification of the third party at risk.

6. The local health department shall notify the school district superintendent in writing which shall be kept confidential that a school district pupil is reported as a case, suspect case, or suspect carrier of HIV infection when all of the following criteria are met:

a. The infected pupil places others in the school setting at risk for HIV infection. The local health department shall make this determination in consultation with the Department.

b. The school district has established a communicable disease policy which consists of the following criteria:

i. A school shall not exclude an infected pupil from school or school functions solely due to HIV infection.

ii. The school district superintendent, the pupil, or parents or legal guardians of a minor pupil, the pupil's physician, and the local health officer shall make decisions regarding the educational setting for HIV-infected pupils on a case-by-case basis. In addition to the aforementioned individuals, the school district superintendent may also include the following individuals in this decision-making process: the school administrator, school nurse, and principal teacher or counselor. In making this decision, these individuals shall consider the risks and benefits to the pupil and others of maintaining the pupil in the school setting.

iii. School district personnel informed of the pupil's HIV infection shall maintain that information as confidential.

iv. School district personnel who handle blood or body fluids shall comply with the "Universal Precautions for Prevention of Transmission of Human Immunodeficiency Virus, Hepatitis B Virus, and other Bloodborne Pathogens in Health Care Settings", June 1988, Centers for Disease Control, 1600 Clifton Road, N.E., Atlanta, GA 30333, incorporated herein by reference and no other amendments and on file with the Office of the Secretary of State.

v. AIDS educational programs shall be made available to pupils, parents, and staff through age-appropriate curricula, workshops, or in-service training sessions.

HUMAN IMMUNODEFICIENCY VIRUS (HIV) / ACQUIRED IMMUNODEFICIENCY SYNDROME (AIDS)

R9-6-409. Consent for HIV-related testing

A. A person ordering an HIV-related test shall obtain consent for the test. If the test is ordered in a hospital, the consent shall be written. If the test is ordered outside a hospital by a physician licensed pursuant to ARS Title 32, Chapter 13, 17, or 29, a nurse practitioner certified pursuant to Title 32, Chapter 15 or a physician's assistant certified pursuant to Title 32, Chapter 25, the consent shall be either written or oral. If the test is performed on an anonymous basis, consent shall be oral.

B. Written consent shall be on a form as shown in Exhibit A (English) or Exhibit B (Spanish). Individuals and facilities using the consent form may add or affix the following additional information in the Identifying Information section of the form: patient/subject's name and identifying number, facility identifying information, facility processing codes, and patient/subject's date of birth and sex. This form may be reproduced to accommodate a multiple copy or carbonless form.

Exhibit A
Consent for HIV Testing

Information on HIV

The Human Immunodeficiency Virus (HIV) is the virus that causes Acquired Immune Deficiency Syndrome (AIDS). HIV is spread through the exchange of blood, (including transfusion), sexual fluids (semen and vaginal secretions) and sometimes through breast milk. HIV can be transmitted from mother to baby during pregnancy or childbirth.

HIV Testing

There are several laboratory tests for HIV. The most common is the antibody test, which is a blood test that detects antibodies produced by the body in response to infection with HIV.

A positive antibody test consists of a repeatedly reactive (the same specimen testing positive twice) enzyme immunoassay (EIA) and a reactive Western blot or other confirmatory test. A positive antibody test means that an individual is infected with HIV; however, this does not always mean that the individual has AIDS. Research indicates that early and regular medical care is important to the health of a person with HIV. Certain treatments are now available to delay HIV-associated illness.

A negative antibody test indicates that no detectable antibodies are present in the blood. An individual may not have antibodies because the individual is not infected with HIV or because detectable antibodies have not yet been made in response to infection. The production of these antibodies could take three months or longer. Therefore, in certain cases, an individual may be infected with HIV and yet test negative. Individuals with a history of HIV risk behaviors within the past three to six months should consider retesting.

Like any test, HIV testing is not 100% reliable and may occasionally produce both false positive and false negative results.

Means to Reduce Risk for Contracting or Spreading HIV

Risk of contracting or spreading HIV can be reduced by avoiding or decreasing contact with blood and sexual fluids (semen and vaginal secretions). Some methods of decreasing the risk of contracting or spreading HIV include abstaining from sexual intercourse, using methods that limit exposure to body fluids during intercourse (such as the proper use of condoms), not engaging in injecting drug use, not sharing needles, or using bleach and water to clean needles and syringes. The use of certain medications by an HIV-infected woman during pregnancy may reduce the chances of HIV transmission from mother to child.

Disclosure of Test Results

I understand that if the HIV test results are positive, the physician or facility representative conducting the test will make reasonable efforts to notify me of the results at the address or phone number I have provided, and will provide or arrange for counseling as required by Arizona state laws and regulations regarding (1) the HIV (2) AIDS and (3) appropriate precautions to reduce the likelihood of transmission of the virus to others. I agree to assume all risks that may result if I cannot be contacted.

I understand that Arizona law and regulations require that if my test results are positive, they will be submitted to local and state health departments. Information received by these health departments may only be released (1) if there is written authorization from the person being tested; (2) for statistical purposes without individual identifying information, or as otherwise required or allowed by law.

Identifying Information

I also understand that the physician or facility may report to the Arizona Department of Health Services identifiable third parties such as a spouse or sex partner who may be at risk of contracting the virus if I do not release this information. Finally, I understand that the test results may be placed in a medical record kept by the facility or person administering the test and that persons involved in providing or paying for my health care may have access to that information.

Additional Sources of Information on HIV

Additional information regarding testing for HIV is available through your county health department and, in the Phoenix metropolitan area, (602)234-2752, the Tucson metropolitan area, (520)326-2437, or outside the Phoenix area, 1-800-334-1540. National Hotline: English, 1-800-342-2437; Spanish, 1-800-344-7432; TTY/TDD, 1-800-243-7012.

Consent

I have been given the opportunity to ask questions regarding this information and have had my questions answered to my satisfaction. I understand that this test can be performed anonymously at a public health agency. I also understand that I may withdraw my consent at any time before a blood sample is taken in order to conduct a test, and that I may be asked to put my decision to withdraw my consent in writing if I have signed this consent. I also understand that this is a voluntary test and that I have a right to refuse to be tested.

My signature below indicates that I have received and understand the information I have been given and I voluntarily consent to and request HIV testing.

Exhibit B
Consentimiento Para la Prueba de VIH

Información sobre el VIH

El virus de Immunodeficiencia Humana (VIH) es el virus que causa el Sindrome de Immunodeficiencia Adquirida (SIDA). VIH se transmite a través del contacto con sangre (incluyendo la transfusión), fluídos sexuales (semen y secreciones vaginales) y en algunas ocaciones a través de la leche materna. VIH puede ser transmitido de la madre al bebé durante el embarazo o al momento del parto.

La prueba del VIH

Existen pruebas de laboratorio para saber si una persona está infectada con el VIH. La más común es la prueba de anticuerpos. Esta es un exámen de sangre que detecta los anticuerpos producidos por el cuerpo al reaccionar contra la infección por VIH.

Un examen de anticuerpos positivo consiste de una prueba por immunoanálisis enzimático (EIA) (realizada dos veces en cada espécimen) y una prueba reactiva por Western Blot u otras pruebas confirmatorías. El resultado positivo a la prueba de anticuerpos quiere decir que el individuo está infectado con el VIH; sin embargo, esto no siempre quiere decir que el individuo tenga el SIDA. Investigaciones médicas señalan que atención médica temprana y contínua es importante para la salud de una persona con el VIH. Hoy en día se dispone de tratamientos para retardar las enfermedades asociadas con el SIDA.

Un exámen de anticuerpos negativo indica que no se han detectado anticuerpos en la sangre. Un individuo puede no tener anticuerpos por que el individuo no está infectado(a) o porque aún no se han producido suficientes anticuerpos contra la infección. Estos anticuerpos pueden tardar tres meses o más para ser producidos. De tal manera, en ciertos casos, un individuo puede estar infectado con el VIH y su preuba resultar negativa. Los individuos que han tenido comportamiento de alto riesgo en los últimos tres a seis meses deberían pensar en repetir la prueba.

Como cualquier prueba, la prueba del VIH no es 100% segura y en alguna ocasión puede producir resultados falsos ya sea positivos o negativos.

Maneras de reducir el riesgo de infección o transmisión del VIH

El riesgo de contraer o transmitir el VIH se puede reducir al evitar contacto con la sangre y fluídos sexuales (semen y secreciones vaginales). Algunos métodos para disminuir el riesgo de infección o transmisión del VIH incluyen: abstinecia sexual, usar métodos que limitan el contacto de fluídos corporales durante la relaciones sexuales (como el uso correcto de condones), no usar drogas intravenosas, no compartir agujas, y usar "cloro" (blanqueador) y agua para limpiar las jeringas y las agujas. En mujeres infectadas con VIH, el uso de ciertos medicamentos durante el embarazo, puede reducir el riesgo del transmissión del VIH de madre a hijo.

El resultado de la prueba

Entiendo que si el resultado de la prueba del VIH es positivo, el doctor o el representante de la institución que hizo el exámen va a hacer esfuerzos suficientes para notificarme del resultado a la dirección (domicilio) o al teléfono que he proporcionado y que me dará información, cumpliendo con los requisitos de la ley estatal de Arizona, sobre (1) el VIH, (2) el SIDA, y (3) las precauciones necesarias para reducir la posibilidad de transmisión del virus a otras personas. Estoy de acuerdo en asumir todos los riesgos que resultarán de no poder contactarme.

Entiendo que la ley estatal de Arizona exige que si el resultado de mi prueba es positivo, éste se reportará a los departamentos de salud local y estatal. La información que estos departamentos

Identifying Information/Datos de Identidad

reciben solamente puede ser revelada a otras personas: (1) si hay una autorización por escrito de la persona que se ha hecho la prueba; (2) por razones de estudios estadisticos sin revelar la identidad del individuo, o por cualquier otra razón que la ley permita.

También entiendo que el doctor o la institución puede reportar al Departamento de Salud del Estado de Arizona, la identidad de terceras personas como: los esposos(as) o los compañeros(as) sexuales que pueden estar en riesgo de contraer con el virus si decido no darles esta información. Pro último, entiendo que el resultado de la prueba puede guardarse con el resto de mi información médica en la agencia o por la persona que hizo el examen; y que las personas encargadas de proveer o pagar por el cuidado de mi salud pueden tener acceso a esta información.

Otras fuentes de información sobre el VIH

Información adicional sobre el examen del VIH está disponible a través del departamento de salud de su condado. En el área metropolitana de Phoenix llame al (602)234-2752, en el área metropolitana de Tucson (520)326-2437, y en el resto de Arizona 1-800-334-1540. Consentimiento

Se me ha dado la oportunidad de hacer preguntas respecto a esta información y me han sido contestadas satisfactoriamente. Entiendo que este exámen se puede hacer de forma anónima en una agencia de salud pública. También entiendo que puedo retirar mi consentimiento en cualquier momento antes de que me saquen la sangre para hacer la prueba y que me pueden pedir que ponga por escrito mi decisión de retirar mi consentimiento si ya habiá firmado este permiso. Entiendo también que este exámen es voluntario y que tengo el derecho a negarme a que se me haga la prueba.

Mi firma indica que he recibido y he entendido la información que se me ha proporcionado y que voluntariamente autorizo y solicito la prueba del VIH.

ARTICLE 5
DRIVER LICENSES

R17-4-520. General Provisions

A. Definitions.

1. "Applicant" means any person who applies for a drivers license or drivers license renewal or is required to complete a re-examination.

2. "Application" means the forms provided by the Motor Vehicle Division prior to the issuance of renewal of a drivers license.

3. "Department" means the Motor Vehicle Division of the Arizona Department of Transportation.

4. "Director" means the Director of the Motor Vehicle Division, or his designee.

5. "License" means any drivers license or permit the Department is authorized to issue to operate a motor vehicle.

6. "Licensee" means a person who has a current license issued by the Department.

7. "Licensing Action" means any action by the Department involving the issuance, denial, suspension, revocation, cancellation, restriction or re-examination of a license under this Article.

8. "Medical Condition" means any condition in these Rules which could affect a person's functional ability to safely operate a motor vehicle.

9. "Medical Examination" means an evaluation of a person's physical or mental status performed by a physician in accordance with the rules under this Article, in order to determine a person's functional ability to operate a motor vehicle with the results reported on a form prescribed by the Department.

10. "Medical Questionnaire" means a series of questions designed to indicate the existence of a medical condition.

11. "Medical Screening Question" means a question designed to describe the medical condition(s) identified in the medical questionnaire.

12. "Medical Specialist" means a physician certified by a recognized medical specialty board and approved by the Department.

13. "Physician" means a medical doctor or doctor of osteopathy licensed to practice in Arizona, a contiguous U.S. State, or employed by the Federal government and practicing in Arizona.

B. Failure to Meet Licensing Standards.

No person shall be licensed or allowed to maintain a drivers license who fails to meet the Medical Licensing Standards.

C. Medical Screening Process.

1. The license application shall include a Medical Questionnaire. If the applicant indicates a Medical Condition or if the Department personnel observes an apparent Medical Condition, the applicant or licensee will be required to complete the Medical Screening Question.

2. If the person's response to the Medical Screening Question indicates the likelihood that a Medical Condition exists, the person must submit to a Medical Examination within 30 days from the Department mailing date.

3. The Department may require an additional Medical Examination performed by a Medical Specialist, if the initial Medical Examination reported to the Department is insufficient to establish that the applicant or licensee possesses the functional ability to safely operate a motor vehicle based on the Medical Licensing Standards in this Article.

4. The applicant or licensee may be required by the Department to appear for an interview to clarify information disclosed by the Medical Examination.

5. The Department shall not be held liable for any expenses incurred by an applicant or licensee in the process of meeting the Medical Licensing Standards.

D. Reporting Requirements.

1. Failure to complete the Medical Screening Question at the time of application will result in an order to submit to a Medical Examination within 30 days from the date of the order.

2. Failure to submit to the Medical Examination and submit the required report to the Department as required within the time frame shall result in a suspension of the drivers license or denial of issuance until compliance is met.

3. If a person experiences any Medical Condition after being licensed, he is required to report this condition to the Department within 5 days of occurrence, or as soon as the Medical Condition allows.

E. Hearings and Appeals.

1. All cases where licensing actions have been taken, the licensee or applicant may request a hearing with the Executive Hearing Section within 15 days from the date of the licensing action.

2. All hearing procedures are defined in Administrative Rule R17-4-59 and R17-4-60.

R17-4-521. Vision Standards.

A. Definitions.

1. "Binocular Vision" means vision in both eyes.

2. "Conventionally Corrected Visual Acuity" means distance vision corrected by glasses or contact lenses but not by telescopic lenses.

3. "Diplopia" means double vision.

4. "Field of Vision" means the area in which objects may be seen when the eye is fixed.

5. "Impaired Night Vision" means below normal ability to see in reduced light.

6. "Monocular Vision" means the ability to see in one eye only.

7. "Optometrist" means a doctor of optometry licensed to practice in Arizona, a contiguous U.S. State, or employed by the Federal government and practicing in Arizona.

8. "Retinitis Pigmentosa" means a chronic progressive inflammation of the retina with atrophy and pigmentary infiltration of the inner layers.

9. "Snellen Chart" means a chart imprinted with lines of black letters graduating in size for testing visual acuity.

10. "Telescopic Lens" means a corrective lens which uses magnification as the main method of obtaining minimal visual acuity.

11. "Visual Acuity" means ability to see clearly.

B. Standard.

1. Visual Acuity. Conventionally corrected visual acuity must be 20/40 in at least one eye.

2. Field of Vision. Field of vision must be 70 degrees, plus 35 degrees on the opposite side of the nose, in at least one eye.

C. Restrictions.

1. Persons with conventionally corrected vision must wear corrective lenses at all times when driving.

2. Persons with diagnosed impaired night vision shall be restricted to daytime driving only.

3. Persons with binocular vision and with visual acuity (including with conventional correction) of 20/50 or 20/60, in both eyes together, will be restricted to daytime driving only.

D. Screening Process.

1. Visual acuity and field of vision screening may be administered by the Department, a Physician, or an Optometrist.

2. Persons cannot wear telescopic lenses while having their vision screened.

3. Department screening for visual acuity will be conducted through the use of visual screening equipment or the Snellen Chart to determine if the person's corrected vision is 20/40 in at least one eye.

4. The Department screening for field of vision will be conducted through the use of visual screening equipment to determine if the person's field of vision meets minimum standards.

E. Reporting Requirements.

1. If the person wishes to have initial visual acuity and visual field screening done by a Physician or Optometrist, rather than by the Department, the Medical Examination must be submitted to the Department.

2. If a person does not meet the vision standards, the Department will require a Medical Examination from a Physician or Optometrist.

3. Persons having any of the following conditions will be required to file a Medical Examination completed by a Physician or Optometrist.

a. Diagnosed retinitis pigmentosa.

b. Diagnosed diplopia.

c. Diagnosed impaired night vision.

F. Content of Medical Examination.

1. Examination cannot be older than 3 months from date of submission to the Department.

2. Visual acuity and field of vision results.

3. Identification of the person who is monocular.

4. Identification of persons having the conditions referred to in R17-4-521.E.3.

5. Diagnosis of any progressively deteriorating eye disease.

6. Any recommendations on frequency of reporting requirements for this person, in addition to those required by the Department.

7. Suggested restrictions on driving, in addition to those required by the Department.

8. Any recommendations on the person's functional ability to safely operate a motor vehicle.

R17-4-522. Neurological Standards.

A. Definitions

1. "Altered Consciousness" means one or more of the following conditions:

a. The sudden and unanticipated partial or complete loss of awareness,
b. Partial or complete loss of mental contact with the environment,
c. Sudden confusion,

d. The sudden inability to recollect immediate events.

2. "Aura" means a sensation experienced before the onset of a neurological disorder.

3. "Isolated occurrence" means a single event which a physician concludes with reasonable medical certainty will not recur in the future.

4. "Neurological disorder" means a malfunction or disease of the nervous system.

5. "Seizure" means a neurological disorder characterized by a sudden alteration in consciousness, sensation, motor control, or behavior, due to an abnormal electrical discharge in the brain.

B. Standard.

1. A person shall not be issued or allowed to maintain a driver license, or maintain non-resident driving privileges, if not seizure-free for a 3-month period from the date of the most recent occurrence of a seizure.

2. Exceptions to the standard:

a. The seizure was due to a change in anticonvulsant medication ordered by the physician and the physician concludes that seizure control has been established with reasonable medical certainty.

b. The physician concludes that the seizure was an isolated occurrence and that another seizure is unlikely to occur with reasonable medical certainty.

c. The physician concludes that the seizures are likely to occur or have an established pattern of occurring only during sleep.

d. The physician concludes that seizures have an established pattern of an aura of sufficient duration to allow an individual to safely and immediately cease operating a motor vehicle upon the onset of the aura.

C. Reporting requirements.

1. An applicant who has experienced a seizure within the three months immediately prior to the date of application shall submit to a medical examination in accordance with the provisions of R17-4-520.

2. A licensee who experiences a seizure shall make a report to the Department pursuant to the provisions of R17-520(D)(3).

3. The medical examination shall set forth the following:

a. Age at onset of seizures, diagnosis, and history.

b. Aftereffects of seizures.

c. EEG findings, if any.

e. Description, cause, frequency, duration, and date of most recent seizure.

f. Whether the seizure meets any of the exceptions set forth in subparagraphs (B)(2)(a) through (B)(2)(d) herein.

4. Persons experiencing seizures shall be required to submit follow-up medical examination reports to the Department within one year of the seizure, or a shorter time if recommended by the physician.

A REFERERENCE TO THE FEDERAL CONTROLLED SUBSTANCES ACT OF 1970

21 U.S.C. 811
COMPREHENSIVE DRUG ABUSE PREVENTION AND CONTROL ACT (1970)

TITLE II
CONTROLLED SUBSTANCE ACT

This legislation became fully effective on May 1, 1971.

The drugs that come under jurisdiction of the Drug Enforcement Administration (DEA) formerly BNDD and the Controlled Substances Act are divided into five schedules. The schedules are as follows:

SCHEDULE I SUBSTANCES

The drugs in this schedule are those that have no accepted medical use in the United States and have a high abuse potential. Some examples are heroin, marijuana, LSD, peyote, mescaline, psilocybin, tetrahydrocannabinols, ketobemidone, levomoramide, racemoramide, benzylmorphine, dihydromorphine, nicocodeine, nicomorphine, methaqualone and others.

SCHEDULE II SUBSTANCES

The drugs in this schedule have a high abuse potential with severe psychic or physical dependence liability. Schedule II controlled substances consist of certain narcotic, stimulant, and depressant drugs. Some examples of Schedule II controlled narcotic substances are: opium, morphine, codeine, hydromorphone (Dilaudid), methadone (Dolophine), pantopon, meperidine (Demerol), cocaine, oxycodone (Percodan), anileridine (Leritine), fentanyl and oxymorphone (Numorphan). Also in Schedule II are amphetamine (Benzedrine, Dexedrine) and methamphetamine (Desoxyn), phenmetrazine (Preludin), methylphenidate (Ritalin), amobarbital, pentobarbital, secobarbital, etorphine hydrochloride, diphenoxylate, phencyclidine, dronabinol (Marinol), and glutethimide (Doriden).

SCHEDULE III SUBSTANCES

The drugs in this schedule have an abuse potential less than those in Schedule I and II, and include compounds containing limited quantities of certain narcotic drugs, and non-narcotic drugs such as: derivatives of barbituric acid except those that are listed in another schedule, methyprylon (Nodular), chlorhexadol, sulfondiethylmethane,

sulfonmethane, nalorphine, benzphetamine, chlorphentermine, clortermine, maxindol, phendimetrazine, paregoric, codeine in combination (Tylenol with codeine), and anabolic steroids.

SCHEDULE IV SUBSTANCES

PRESCRIPTIONS

21 C.F.R. §1306.07 Administering or dispensing of narcotic drugs.

(a) The administering or dispensing directly (but not prescribing) of narcotic drugs listed in any schedule to a narcotic drug dependent person for "detoxification treatment" or "maintenance treatment" as defined in section 102 of the Act (21 U.S.C. 802) shall be deemed to be within the meaning of the term "in the course of his professional practice or research" in section 308(e) and section 102(20) of the Act (21 U.S.C. 828(e)): Provided, That the practitioner is separately registered with the Attorney General as required by section 303(g) of the Act (21 U.S.C. 823(g)) and then thereafter complies with the regulatory standards imposed relative to treatment qualification, security, records and unsupervised use of drugs pursuant to such Act.

(b) Nothing in this section shall prohibit a physician who is not specifically registered to conduct a narcotic treatment program from administering (but not prescribing) narcotic drugs to a person for the purpose of relieving acute withdrawal symptoms when necessary while arrangements are being made for referral for treatment. Not more than one day's medication may be administered to the person or for the person's use at one time. Such emergency treatment may be carried out for not more than three days and may not be renewed or extended.

(c) This section is not intended to impose any limitations on a physician or authorized hospital staff to administer or dispense narcotic drugs in a hospital to maintain or detoxify a person as an incidental adjunct to medical or surgical treatment of conditions other than addiction, or to administer or dispense narcotic drugs to persons with intractable pain in which no relief or cure is possible or none has been found after reasonable efforts.

21 C.F.R. §1306.04 Purpose of issue of prescription.

(a) A prescription for a controlled substance to be effective must be issued for a legitimate medical purpose by an individual practitioner acting in the usual course of his professional practice. The responsibility for the proper prescribing and dispensing of controlled substances is upon the prescribing practitioner, but a corresponding responsibility rests with the pharmacist who fills the prescription. An order purporting to be a prescription issued not in the usual course of professional treatment or in legitimate and authorized research is not a prescription within the meaning and intent of section 309 of the Act (21 U.S.C. 829) and the person knowingly filling such a purported prescription, as well as the person issuing it, shall be subject to the penalties provided for violations of the provisions of law relating to controlled substances.

(b) A prescription may not be issued in order for an individual practitioner to obtain controlled substances for supplying the individual practitioner for the purpose of general dispensing to patients.

(c) A prescription may not be issued for the dispensing of narcotic drugs listed in any schedule for "detoxification treatment" or "maintenance treatment" as defined in Section 102 of the Act (21 U.S.C. 802).

21 C.F.R. §1306.05 Manner of issuance of prescriptions.

(a) All prescriptions for controlled substances shall be dated as of, an signed on, the day when issued and shall bear the full name and address of the patient, the drug name, strength, dosage form, quantity prescribed, directions for use and the name, address and registration number of the practitioner. A practitioner may sign a prescription in the same manner as he would sign a check or legal document (e.g. J.H. Smith or John H. Smith). Where an oral order is not permitted, prescriptions shall be written with ink or indelible pencil or typewriter and shall be manually signed by the practitioner. The prescriptions may be prepared by the secretary or agent for the signature of the practitioner, but the prescribing practitioner is responsible in case the prescription does not conform in all essential respects to the law and regulations. A corresponding liability rests upon the pharmacist who fills a prescription not prepared in the form prescribed by these regulations.

(b) An individual practitioner exempted from registration under § 1301.22(c) of this chapter shall include on all prescriptions issued by him or her the registration number of the hospital or other institution and the special internal code number assigned to him or her by the hospital or other institution as provided in § 1301.22(c) of this chapter, in lieu of the registration number of the practitioner required by this section. Each written prescription shall have the name of the physician stamped, typed, or handprinted on it, as well as the signature of the physician.

(c) An official exempted from registration under § 1301.22(c) shall include on all prescriptions issued by him his branch of service or agency (e.g., "U.S. Army" or "Public Health Service" and his service identification number in lieu of the registration number of the practitioner required by this section. The service identification number for a Public Health Service employee is his social security identification number. Each prescription shall have the name of the officer stamped, typed, or handprinted on it, as well as the signature of the officer.
